This Base Prospectus complies with the requirements in Part 2 of the Markets Law (DIFC Law No. 1 of 2012) and Chapter 2 of the Markets Rules and comprises a base prospectus for the purposes of the EU Prospectus Regulation and is for the purpose of giving information with regard to the Issuer, the Guarantors and the Notes which, according to the particular nature of the Issuer, the Guarantors and the Notes, is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position or financial performance, profit and losses and prospects of the Issuer and the Guarantors.

The Issuer and each of the Guarantors accepts responsibility for the information contained in this Base Prospectus. To the best of the knowledge of the Issuer and the Guarantors (each having taken all reasonable care to ensure that such is the case) the information contained in this Base Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

The DFSA does not accept any responsibility for the content of the information included in this Base Prospectus, including the accuracy or completeness of such information. The liability for the content of this Base Prospectus lies with the Issuer, each of the Guarantors and other persons, whose opinions are included in this Base Prospectus with their consent. The DFSA has also not assessed the suitability of any Notes issued under this Programme to any particular investor or type of investor. If you do not understand the contents of this Base Prospectus or are unsure whether any Notes issued under this Base Prospectus are suitable for your individual investment objectives and circumstances, you should consult an authorised financial adviser.

Each Tranche of Notes will be issued on the terms set out herein under "*Terms and Conditions of the Notes*" as completed by the applicable Final Terms. This Base Prospectus must be read and construed together with any supplements hereto, and, in relation to any Tranche of Notes, the applicable Final Terms.

The only persons authorised to use this Base Prospectus in connection with an offer of Notes are the persons named in the relevant subscription agreement as the relevant Dealer or the managers, as the case may be.

Copies of the applicable Final Terms will be available from the registered office of the Issuer and the specified office herein of each of the Paying Agents (as defined below).

Certain information under the headings "*Description of the Group*" and "*Book-Entry Clearance Systems*" has been extracted from information provided by the Dubai Statistics Centre, the Economist Intelligence Unit and the Dubai Department of Tourism and Commerce Marketing (in the case of "*Description of the Group*") and the clearing systems referred to therein (in the case of "*Book-Entry Clearance Systems*") and, in each case, the source of such information is specified where it appears under those headings. The Issuer and each of the Guarantors confirms that such information has been accurately reproduced and that, so far as it is aware, and is able to ascertain from information published by the relevant sources referred to, no facts have been omitted which would render the reproduced information inaccurate or misleading.

Neither the Dealers nor the Trustee, nor any director, affiliate, adviser or agent of the Dealers or the Trustee, have independently verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Dealers or the Trustee, nor any director, affiliate, adviser or agent of the Dealers, as to the accuracy or completeness of the information contained in this Base Prospectus or any other information provided by the Issuer or the Guarantors in connection with the Programme. None of the Dealers, and no director, affiliate, adviser or agent of the Dealers, accepts any responsibility for any acts or omissions of the Issuer, the Guarantors or any other person in connection with the Base Prospectus or the issue and offering of Notes. Neither the Dealers nor the Trustee, nor any director, affiliate, adviser or agent of the Dealers or the Trustee, accepts any liability in relation to the information contained in this Base Prospectus or any other information provided by the Issuer or the Guarantors in connection with the Programme.

No person is or has been authorised by the Issuer, the Guarantors, the Dealers or the Trustee to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, either of the Guarantors, any of the Dealers or the Trustee.

Neither this Base Prospectus nor any other information supplied in connection with the Programme or any Notes: (i) is intended to provide the basis of any credit or other evaluation save for making an investment decision on the Notes; or (ii) should be considered as a recommendation by the Issuer, either of the

Guarantors, any of the Dealers or the Trustee that any recipient of this Base Prospectus or any other information supplied in connection with the Programme or any Notes should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer and/or the Guarantors. Neither this Base Prospectus nor any other information supplied in connection with the Programme or the issue of any Notes constitutes an offer or invitation by or on behalf of the Issuer, either of the Guarantors, any of the Dealers or the Trustee to any person to subscribe for or to purchase any Notes.

Neither the delivery of this Base Prospectus nor the offering, sale or delivery of any Notes shall in any circumstances imply that the information contained herein concerning the Issuer and/or the Guarantors is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Dealers and the Trustee expressly do not undertake to review the financial condition or affairs of the Issuer or either of the Guarantors during the life of the Programme or to advise any investor in the Notes of any information coming to their attention.

This Base Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Base Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuer, the Guarantors, the Dealers and the Trustee do not represent that this Base Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer, the Guarantors, the Dealers or the Trustee which is intended to permit a public offering of any Notes or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Base Prospectus or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Base Prospectus and the offering and sale of Notes. In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of Notes in the United States, the EEA, the United Kingdom, the Cayman Islands, Japan, the United Arab Emirates (excluding the Dubai International Financial Centre), the Dubai International Financial Centre, the Kingdom of Saudi Arabia, the Kingdom of Bahrain, the State of Qatar, Singapore, Hong Kong, the People's Republic of China and Malaysia. See "*Subscription and Sale and Transfer and Selling Restrictions*".

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential Investor's Currency;
- (d) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

This Base Prospectus has been prepared on the basis that any offer of Notes in any member state of the EEA (each, a "**Member State**") will be made pursuant to an exemption under the EU Prospectus Regulation from the requirement to publish a prospectus for offers of Notes. Accordingly any person making or intending to make an offer in that Member State of Notes which are the subject of an offering contemplated in this Base Prospectus as completed by the applicable Final Terms in relation to the offer of those Notes may only do so in circumstances in which no obligation arises for the Issuer, the Guarantors or any Dealer to publish a prospectus pursuant to the EU Prospectus Regulation or supplement a prospectus pursuant to the EU Prospectus Regulation, in each case, in relation to such offer. Neither the Issuer nor any Dealer have authorised, nor do they authorise, the making of any offer of Notes in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

The language of this Base Prospectus is English. Certain legislative references and technical terms have been cited in their original language in order that the correct technical meaning may be ascribed to them under applicable law.

In making an investment decision, investors must rely on their own independent examination of the Issuer and each of the Guarantors and the terms of the Notes being offered, including the merits and risks involved. The Notes have not been approved or disapproved by the United States Securities and Exchange Commission or any other securities commission or other regulatory authority in the United States, nor have the foregoing authorities approved this Base Prospectus or confirmed the accuracy or determined the adequacy of the information contained in this Base Prospectus. Any representation to the contrary is a criminal offence in the United States.

None of the Dealers, the Issuer, the Guarantors or the Trustee makes any representation to any investor in the Notes regarding the legality of its investment under any applicable laws. Any investor in the Notes should be able to bear the economic risk of an investment in the Notes for an indefinite period of time.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) the Notes are legal investments for it; (2) the Notes can be used as collateral for various types of borrowing; and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of the Notes under any applicable risk-based capital or similar rules.

IMPORTANT – EEA RETAIL INVESTORS

If the relevant Final Terms in respect of any Tranche of Notes includes a legend entitled "Prohibition of Sales to EEA Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to, and should not be offered, sold or otherwise made available to, any retail investor in the EEA. For these purposes, a "retail investor" means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**EU MiFID II**"); (ii) a customer within the meaning of Directive (EU) 2016/97 (the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of EU MiFID II; or (iii) not a qualified investor as defined in the EU Prospectus Regulation. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**EU PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the EU PRIIPs Regulation.

IMPORTANT – UK RETAIL INVESTORS

If the relevant Final Terms in respect of any Tranche of Notes includes a legend entitled "Prohibition of Sales to UK Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the UK. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No. 2017/565 as it forms part of domestic law by virtue of the EUWA; or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended ("**FSMA**") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No. 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA. Consequently no key information document required by Regulation (EU) No. 1286/2014 as it forms part of domestic law by virtue of the EUWA (the "**UK PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

EU MIFID II PRODUCT GOVERNANCE / TARGET MARKET

The Final Terms in respect of any Tranche of Notes may include a legend entitled "EU MiFID II Product Governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to EU MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the Product Governance rules under EU Delegated Directive 2017/593 (the "**EU MiFID Product Governance Rules**"), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arrangers nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the EU MiFID Product Governance Rules.

UK MIFIR PRODUCT GOVERNANCE / TARGET MARKET

The Final Terms in respect of any Notes may include a legend entitled "UK MiFIR Product Governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any distributor should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arrangers nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

NOTIFICATION UNDER SECTION 309B(1)(C) OF THE SECURITIES AND FUTURES ACT (CHAPTER 289) OF SINGAPORE, AS MODIFIED OR AMENDED FROM TIME TO TIME (THE "SFA")

In addition, actions in respect of the Notes and the Guarantee may be brought in the English courts.

The Group Financial Statements have been audited in accordance with International Standards on Auditing by KPMG Lower Gulf Limited (**"KPMG"**) without qualification. Certain restatements and reclassifications

The IASB issued amendments to IFRS 16 in May 2020, providing relief for lessees in accounting for rent concessions granted as a direct consequence of COVID-19. This is applicable for periods beginning on or after 1 June 2020, with early application permitted. The Group has early adopted the amendment to the standard and has applied the relief to eligible rent concessions received during 2020. The amendments provide the Group, as a lessee, with an exemption from the requirements to determine whether a COVID-19 related rent concession is a lease modification, provided that certain conditions are satisfied. Accordingly, the Group recognised rent concessions amounting to AED 133 million within its operating expenses for the year ended 31 December 2020. See Note 6.1 to the 2020 Group Financial Statements for further details.

USE OF ALTERNATIVE PERFORMANCE MEASURES

This Base Prospectus includes certain financial information which has not been prepared in accordance with IFRS and which constitutes alternative performance measures ("APMs") for the purposes of the European Securities and Markets Association's Guidelines on Alternative Performance Measures (the "ESMA Guidelines"). The Group believes that the APMs presented in this Base Prospectus provide useful supplementary information to both investors and to the Group's management as they facilitate the evaluation of underlying business performance and enhance comparability between reporting periods. However, investors are cautioned not to place undue reliance on this information and should note that, since not all companies calculate financial measurements such as the APMs presented by the Group in this Base Prospectus in the same manner, these are not always directly comparable to performance metrics used by other companies (including similarly titled performance metrics used by other companies).

Additionally, the APMs presented by the Group in this Base Prospectus are unaudited and have not been prepared in accordance with IFRS or any other accounting standards. Accordingly, these financial measures should not be seen as a substitute for measures defined according to IFRS.

In particular, the Group's management has used, and expects to use, EBITDA-based measures to assess operating performance and to make decisions about allocating resources among the Group's various business lines. In assessing the Group's overall performance and the performance of each of the Group's business lines, management reviews EBITDA-based measures as a general indicator of performance compared to prior periods. EBITDA has important limitations as an analytical tool and should not be considered in isolation from, or as a substitute for an analysis of, the Group's or any other company's operating results as reported under IFRS. Some of the limitations are:

- EBITDA does not reflect all cash expenditures or future requirements for capital expenditures or contractual commitments;
- EBITDA does not reflect changes in, or cash requirements for, working capital needs;
- EBITDA does not reflect the interest expense or the cash requirements necessary to service interest or principal payments on debt;
- although depreciation and amortisation are non-cash charges, the assets being depreciated and amortised will often have to be replaced in the future and EBITDA does not reflect any cash requirements for such replacements; and
- other companies may calculate EBITDA differently, limiting its usefulness as a comparative measure.

The Group considers that the following metrics (which are set out below along with their reconciliation, to the extent that such information is not defined according to IFRS and not included in the Financial Statements incorporated by reference into this Base Prospectus) presented in this Base Prospectus constitute APMs for the purposes of the ESMA Guidelines:

APM	Definition/method of calculation	Reconciliation with Financial Statements
Debt/capital	This ratio is used to measure the Group's capital structure, financial solvency and degree of leverage.	<p>Calculated as debt divided by capital.</p> <p>Debt comprises bank overdraft, short-term loans, current maturity of long-term loans and long-term loans (each as set out in the consolidated statement of financial position in the 2020 Group Financial Statements).</p> <p>Capital comprises total equity (as set out in the consolidated statement of financial position in the 2020 Group Financial Statements).</p>

APM	Definition/method of calculation	Reconciliation with Financial Statements
EBITDA (and adjusted EBITDA)	The Group's or, as the case may be, Majid Al Futtaim Properties' earnings before interest, tax, non-controlling interests, depreciation, amortisation, impairment and other exceptional items of charges or credits that are one-off in nature and significance and used to measure the Group's or, as the case may be, Majid Al Futtaim Properties' operating profitability. To ensure consistency and relevance of EBITDA as a measure of operating performance, EBITDA has been adjusted with the impact of fixed rent expense, which has been derecognised on adoption of IFRS 16 in 2019.	See "Summary of Group Financial Information – EBITDA and Other Ratios" (for the Group) and "Summary of Majid Al Futtaim Properties Financial Information – EBITDA" (for Majid Al Futtaim Properties).
EBITDA/interest	Also known as the EBITDA interest coverage ratio, this ratio is used to assess the Group's ability to pay its interest expenses.	Calculated as EBITDA divided by net finance costs. For EBITDA, see above (EBITDA). Net finance costs are finance costs (excluding interest expense on lease liabilities and capitalised interest on development expenditure) less finance income (each as set out in Note 13.2 to the 2020 Group Financial Statements).
EBITDA margin	This ratio is used to measure the Group's operating profit as a percentage of its revenue in order to analyse the Group's operational efficiency.	Calculated as EBITDA divided by revenue. For EBITDA, see above (EBITDA). Revenue is as set out in the consolidated statement of profit or loss and other comprehensive income in the 2020 Group Financial Statements.
LTV	The loan to value (or LTV) ratio provides an assessment of lending risk. Generally, a high LTV indicates a high level of lending risk.	Calculated as net debt divided by tangible fixed assets. Net debt comprises bank overdraft, current maturity of long-term loans and long-term loans less cash in hand and at bank (each as set out in the consolidated statement of financial position in the 2020 Group Financial Statements). Tangible fixed assets comprise property, plant and equipment, investment properties and right-of-use assets (each as set out in the consolidated statement of financial position in the 2020 Group Financial Statements).
Net debt/EBITDA	This ratio is a measurement of the Group's leverage.	Calculated as net debt divided by EBITDA. For net debt, see above (LTV). For EBITDA, see above (EBITDA).
Net debt/equity (or total net debt to total equity)	Also known as the gearing ratio, this ratio indicates the proportion of shareholders' equity to net debt being used by the Group to finance its assets.	Calculated as net debt divided by total equity. For net debt, see above (LTV). Total equity is as set out in the consolidated statement of financial position in the 2020 Group Financial Statements.
Operating income	This is a measure of the Group's profitability.	Calculated as revenue less cost of sales. Revenue and cost of sales are as set out in the consolidated statement of profit or loss and other comprehensive income in the 2020 Group Financial Statements.
Operating margin	This is a measure of the Group's profitability.	Calculated as profit before tax divided by revenue. Profit before tax and revenue are as set out in the consolidated statement of profit or loss and other comprehensive income in the 2020 Group Financial Statements.
Sales margin	This indicates the amount of profit generated from the sale of a product or service.	Calculated as gross profit divided by revenue. Gross profit is calculated as revenue minus cost of sales.

APM	Definition/method of calculation	Reconciliation with Financial Statements
		Revenue and cost of sales are as set out in the consolidated statement of profit or loss and other comprehensive income in the 2020 Group Financial Statements.
Tangible net worth	This indicates the net worth of the Group (i.e., an approximation of the liquidation value of the Group).	Calculated as total assets less total liabilities. Total assets and total liabilities are as set out in the consolidated statement of financial position in the 2020 Group Financial Statements.

RISK FACTORS

Each of the Issuer, Majid Al Futtaim Properties and Majid Al Futtaim Holding believes that the factors described below represent the risks inherent in investing in the Notes, but the inability of the Issuer to pay any amounts on or in connection with any Note may occur for other reasons and none of the Issuer, Majid Al Futtaim Properties or Majid Al Futtaim Holding represents that the statements below regarding the risks of holding any Note are exhaustive. There may also be other considerations, including some which may not be presently known to the Issuer, Majid Al Futtaim Properties or Majid Al Futtaim Holding or which the Issuer, Majid Al Futtaim Properties or Majid Al Futtaim Holding currently deems immaterial, that may impact any investment in Notes.

Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision. Words and expressions defined in "Overview of the Programme", "Form of the Notes" and "Terms and Conditions of the Notes" shall have the same meanings in this section.

FACTORS THAT MAY AFFECT THE ISSUER'S ABILITY TO FULFIL ITS OBLIGATIONS UNDER NOTES ISSUED UNDER THE PROGRAMME

The Issuer has a limited operating history

The Issuer is a special purpose vehicle and, with the exception of issuances under the Programme, has no operating history. The Issuer will not engage in any business activity other than the issuance of Notes and the issuance of securities under other borrowing programmes established from time to time by Majid Al Futtaim Properties and Majid Al Futtaim Holding, the making of loans to Majid Al Futtaim Properties and Majid Al Futtaim Holding or other companies controlled by Majid Al Futtaim Properties and Majid Al Futtaim Holding and other activities incidental or related to the foregoing or as required under the Transaction Documents.

The Issuer is not expected to have any income but will receive payments from Majid Al Futtaim Properties and Majid Al Futtaim Holding and/or from other companies controlled by Majid Al Futtaim Properties and Majid Al Futtaim Holding in respect of loans made by the Issuer to those companies, which will be the only material sources of funds available to meet the claims of the Noteholders. Therefore the Issuer is subject to all the risks to which each of Majid Al Futtaim Properties and Majid Al Futtaim Holding is subject to the extent that such risks could limit Majid Al Futtaim Properties' or Majid Al Futtaim Holding's ability to satisfy in full and on a timely basis their respective obligations under the Transaction Documents to which they are a party. See "*Risks Factors – Risks Relating to the Group*", "*Risk Factors – Risks Relating to Majid Al Futtaim Properties*", "*Risk Factors – Risks Relating to Majid Al Futtaim Retail*" and "*Risk Factors – Risks Relating to Majid Al Futtaim Ventures*" for a further description of these risks.

RISKS RELATING TO THE GROUP

The risks set out below apply to all of the Group's businesses. In addition, certain specific risks apply to the particular businesses carried on by Majid Al Futtaim Properties, Majid Al Futtaim Retail and Majid Al Futtaim Ventures and these are discussed separately below.

All of the Group's businesses have been adversely affected in 2020 by the COVID-19 pandemic

The macroeconomic environment (both globally and within the MENA region) has been materially affected by the novel coronavirus disease, COVID-19, which was first identified in Wuhan, Hubei Province, China in late 2019. Since then, COVID-19 has spread rapidly, infecting people globally and causing a substantial number of deaths around the world, leading the World Health Organisation to declare the outbreak a global pandemic on 11 March 2020. Almost all countries that were significantly affected, including countries within the MENA region (and in which the Group has a presence), introduced measures to try to contain the spread of the virus, including border closures and restricting the movement of their citizens. These measures resulted in the temporary closure of numerous businesses in those countries and widespread job losses. To address these factors many governments introduced significant support programmes for qualifying citizens and businesses.

For instance, in the UAE, both the Federal government and the Abu Dhabi government announced a range of support measures, including a federal programme of reduced utility bills for entities in the tourism, hospitality and trade sectors as well as Abu Dhabi measures to: (a) subsidise water and electricity for

citizens and commercial and industrial activities; (b) provide up to 20 per cent. rental rebates for the restaurant, tourism and entertainment sectors; and (c) suspend tourism and municipality fees for 2020 in the tourism and entertainment sectors.

The Group operates principally in the mall operations, hospitality, retail and leisure and entertainment services sectors (see further "*Description of the Group – Overview*"). To-date, the impact of COVID-19 on the Group's operations has been as follows:

- **mall operations:** the Group's mall operations were significantly impacted as a result of: (a) border closures resulting in reduced visitors to the countries in which the Group operates (for instance, according to data made available by the Department of Tourism and Commerce, overnight visitors to Dubai decreased by 67.0 per cent. in 2020 compared to 2019¹); (b) temporary closures (for instance, the Group's shopping malls in the UAE were closed from 25 March 2020 to 24 April 2020); (c) restrictions on customer occupancy (for instance, although malls in the UAE were re-opened in April 2020, they were limited to 30 per cent. capacity); and (d) rent deferrals and rebates, in each case, as mandated by the relevant authorities and governments. As a result, footfall in the Group's shopping malls decreased by 29.6 per cent. in 2020 compared to 2019 although, due to proactive management by the Group (including through rent deferrals and rebates), tenant occupancy at the Group's malls remained fairly stable;
- **hospitality:** the Group's hotel operations were significantly impacted for similar reasons as its mall operations (in particular, border closures and restrictions on customer occupancy). For instance, average hotel occupancy in Dubai declined to 54 per cent. in 2020 compared to 75 per cent. in 2019². The occupancy rate of the Group's hotels decreased by 60 per cent. in 2020 compared to 2019 while the Group's average revenue per available room ("**RevPAR**", which is calculated by multiplying the average daily rate by the occupancy rate over a given period) decreased by 61 per cent. in 2020 compared to 2019 (see further "*Description of the Group – Majid Al Futtaim Properties – Hotels Business Unit – Operating hotels*");
- **leisure and entertainment services:** since the Group's leisure and entertainment services are predominantly provided in the Group's shopping malls, this segment was impacted for similar reasons as the mall operations segment. As a result of these factors, Majid Al Futtaim Ventures' revenue decreased by 48.9 per cent. in 2020 compared to 2019. In addition, since leisure and entertainment services are predominantly provided through in-person interactions between the Group's employees and customers, the Group also had to implement additional safeguards and protocols to ensure the safety of its employees and customers (see also "*Risk Factors – Risks Relating to the Group – The Group's businesses expose it to health and safety risks*"); and
- **retail:** although similar factors applied to this segment (in particular, restrictions on customer occupancy), the Group's retail operations were not as severely impacted as the other segments principally due to online ordering and home-delivery processes. As a result of these factors, Majid Al Futtaim Retail's revenue decreased slightly by 0.6 per cent. in 2020 compared to 2019 (with online sales increasing by 188 per cent. over the same period). Similar to the Group's leisure and entertainment services, the Group had to implement additional safeguards and protocols to ensure the safety of its employees and customers.

In addition, the fair values of the Group's investment properties (including properties under construction) and its property, plant and equipment (including shopping malls and hotels) were re-assessed to account for the potential impact of COVID-19. Such re-assessment included: (a) new assumptions (for instance, in respect of timing and strength of the recovery from the COVID-19 pandemic, creditworthiness of tenants and the associated impact of changes in consumer behaviour (such as an increase in online sales)); and (b) an off-trend decrease in key parameters for management judgment (such as a significant decrease in the Group's hotel occupancy rate which impacted the fair value of the hotel portfolio). Accordingly, the Group recognised a net valuation loss of AED 3,454 million for 2020 (2019: AED 3,028 million), comprising a net valuation loss of AED 500 million (2019: AED 241 million) recognised in other comprehensive income

and a net valuation loss of AED 2,954 million (2019: AED 2,787 million) recognised in profit or loss. For further information, see Note 17 to the 2020 Group Financial Statements.

As at the date of this Base Prospectus, although vaccination drives have commenced globally, the duration and severity of the restrictions implemented by various countries remains unclear and the ultimate impact of the pandemic on global and local economies is uncertain. Accordingly, the Group may be materially adversely affected by COVID-19 and/or the measures enacted in various jurisdictions to contain its spread, including:

- continued restrictions on tourists and customer capacity and the other factors set out above;
- overall macroeconomic impact on the jurisdictions in which the Group has operations (see further *"Risk Factors – Risks Relating to the Group – All of the Group's businesses are affected by the economic and political conditions in the markets in which they operate"*); and
- impact on the Group's counterparties (such as ability of the tenants in the Group's malls to pay rental on time or at all) or any lasting impact on consumer behaviour (for instance, a sustained shift away from in-person retail to online retail),

each of which may further exacerbate the impact on the Group and could have a material adverse effect on the Group's business, financial condition, results of operations and prospects.

It should also be noted that the impact of COVID-19, including actions taken to contain it, might heighten many of the other risks set out in *"Risk Factors"*, including through increasing both the probability of negative impact as well as the severity of such impact.

All of the Group's businesses are affected by the economic and political conditions in the markets in which they operate

All of the Group's businesses are, and will continue to be, affected by economic and political developments in or affecting the UAE and the MENA region. The Group currently has a significant proportion of its operations and interests in the UAE, with a particular focus on Dubai (see further *"Risk Factors – Risks Relating to the Group – As the Group derives the majority of its revenue and EBITDA from its activities in the UAE, it is particularly exposed to any adverse developments affecting the UAE and Dubai in particular"*). Investors should also note that the Group's business and financial performance could be materially adversely affected by political, economic or related developments outside the MENA region because of inter-relationships within the global financial markets.

For instance, while the UAE is currently seen as a relatively stable political environment, certain other jurisdictions in the Middle East are not and there is a risk that regional geopolitical instability could impact the UAE. Further, there is no guarantee that the UAE will continue to have a stable political environment in the future.

Instability in the Middle East may result from a number of factors, including government or military regime change, civil unrest or terrorism. For instance, there has been political unrest in a range of countries in the MENA region over the last decade, including Libya, Syria, Egypt, Lebanon and the Republic of Yemen. This unrest has ranged from public demonstrations to, in extreme cases, armed conflict (including the multinational conflict with Islamic State (also known as Daesh, ISIS or ISIL)) and has given rise to increased political uncertainty across the region. In addition, in June 2017, Saudi Arabia, the UAE, Bahrain and Egypt officially cut diplomatic ties with Qatar, cut trade and transport links and imposed sanctions, attributing the move to Qatar's relations with various terrorist and sectarian groups aimed at destabilising the GCC region. Measures taken by the boycotting countries included the closure of land, sea and air links to Qatar, and requesting certain Qatari officials, residents and visitors to leave the territories of the boycotting countries. In January 2021, Qatar and the boycotting GCC countries agreed to a resolution including the re-opening of borders and commencing the reconciliation process.

Moreover, from 2019, tensions in the Gulf region have increased following the seizure by Iran of a British tanker in July 2019 and, more broadly, due to several incidents with oil tankers in the Strait of Hormuz. On 14 September 2019, the Abqaiq processing facility and the Kurais oil field in Saudi Arabia were damaged to a significant extent in apparent drone attacks, which caused an immediate significant reduction in the output of Saudi Aramco, Saudi Arabia's national oil company. There can be no assurance that a similar

incident could not occur elsewhere in the Gulf region. Furthermore, the 2 January 2020 killing of the prominent Iranian military commander, General Qasem Soleimani, and subsequent political developments in Iraq have resulted in military action being taken by Iran against the United States and its interests in the region. Any continuation of, or increase in, international or regional tensions with Iran, including further attacks on or seizures of oil tankers that disrupt international trade and impair trade flows through the Strait of Hormuz, or any military action, may have a destabilising impact on the Gulf region.

It is not possible to predict the occurrence of events or circumstances, such as war or hostilities, or the impact of such occurrences, and no assurance can be given that the Group would be able to sustain the operation of its business or its current profit levels if adverse political events or circumstances were to occur (particularly in countries where the Group has operations). Accordingly, any such occurrence could have a material adverse effect on the Group's business, financial condition, results of operations and prospects.

Similarly, the macroeconomic situation in the region could adversely affect the Group's business, financial condition, results of operations and prospects. For instance, the MENA region (and, in the particular, the GCC) is highly dependent on hydrocarbon revenues. Therefore, any fluctuation or decline in international prices for crude oil could lead to a slowing of growth in the gross domestic product in the affected economies, decrease in national budgets resulting in a material curtailment of the industrial and economic infrastructure development that is currently underway across the MENA region, an increase in inflation and cost of living and/or a devaluation in the relevant currency. Further, mitigating action by regional governments may include expropriation or nationalisation of assets, increased levels of protectionism (via controls on import and export, customs and immigration, capital transfers, foreign exchange and currency), restrictions on contractual rights or repatriation of profits and/or imposition of taxes. Any of the foregoing would not only impact the Group's own business but also the businesses of its customers. Rising regional inflation may, for instance, result in a decline in the expatriate labour force which, in turn, would impact the size of the Group's customer base as well as their purchasing power (see further "*Risk Factors – Risks Relating to the Group – All of the Group's businesses are affected by consumer behaviour*").

There can be no assurance that either the economic performance of the countries in which the Group currently operates or may in the future operate can or will be sustained. If the economic growth or performance in these countries or the MENA region as a whole or globally slows or begins to decline, this could have a material adverse effect on the Group's business, financial condition, results of operations and prospects.

Natural disasters such as floods, fires and disease outbreaks may have a similar effect on the Group's operations (for instance, see "*Risk Factors – Risks Relating to the Group – All of the Group's businesses have been adversely affected in 2020 by the COVID-19 pandemic*").

As the Group derives the majority of its revenue and EBITDA from its activities in the UAE, it is particularly exposed to any adverse developments affecting the UAE and Dubai in particular

For the financial year ended 31 December 2020, 47.6 per cent. of the Group's revenue and 60.2 per cent. of the Group's EBITDA (compared to 48.4 per cent. of the Group's revenue and 62.8 per cent. of the Group's EBITDA for the financial year ended 31 December 2019) were attributable to its operations in the UAE, principally Dubai. This reflects the fact that a significant proportion of the Group's malls and Carrefour stores and 11 of its 13 hotels which are currently operating are located in the UAE. In part, this is due to the fact that Dubai is a significant tourist destination. As a result, the Group is particularly exposed to adverse events affecting the UAE and Dubai in particular, including events which impact Dubai's attractiveness as a tourist destination and to the occurrence of factors that result in a decline in consumer spending in the UAE, such as a downturn in general economic conditions, an increase in the cost of living, an increase in unemployment or a decline in tourism or business travel to Dubai. The occurrence of any or all of these factors could have a material adverse effect on the Group's business, financial condition, results of operations and prospects.

All of the Group's businesses are affected by consumer behaviour

All of the Group's businesses are, and will continue to be, affected by changes in consumer demands and behaviours. For instance, the Group's businesses may be impacted by lower consumer spending which may, in turn, be attributable to extraneous factors such as the general politico-economic conditions that affect purchasing power and disposable income (see further "*Risk Factors – Risks Relating to the Group – All of the Group's businesses have been adversely affected in 2020 by the COVID-19 pandemic*" and "*Risk*

Factors – Risks Relating to the Group – All of the Group's businesses are affected by the economic and political conditions in the markets in which they operate"). Alternatively, lower consumer spending may be attributable to consumer preference changes, any major change in demographics and/or any failure to anticipate, identify or react to these changes or offer high-quality appealing products could result in reduced demand. For instance, "digital disruptions" or innovations in platforms may cause changes in consumer demands and behaviours by offering real-time, personalised online engagement tools. According to data made available by Statista, the UAE's e-commerce market volume is projected to reach U.S.\$11,034 million with a user penetration of 66.1 per cent. by 2025 (compared to market volume of U.S.\$2,788 million and U.S.\$5,754 million in 2017 and 2020, respectively, and a user penetration of 54.0 per cent. and 67.8 per cent. in 2017 and 2020, respectively)³. Whilst an increase in e-commerce may not negatively impact the Group's revenues from its retail operations, it may affect the tenants in the Group's malls, particularly if the Group is unable to continue to successfully adjust its tenant mix to offer an attractive retail experience (including, for instance, destination attractions, food courts, cinemas and parking facilities with ease of access) (see also "Risk Factors – Risks Relating to Majid Al Futtaim Properties – Majid Al Futtaim Properties' rental revenues depend upon its ability to find tenants for its shopping malls and offices and the ability of such tenants to fulfil their lease obligations as well as on Majid Al Futtaim Properties achieving an optimal tenant mix for its shopping malls. In addition, Majid Al Futtaim Properties is exposed to tenant concentration").

In order to compete in such circumstances, the Group may be required to make further expenditure or investments (such as marketing, customer incentives or pricing changes) (see further "Risk Factors – Risks Relating to the Group – The Group's businesses face significant competition in the markets in which they operate").

Any such change in consumer spending patterns and/or preferences could have a material adverse effect on the Group's business, financial condition, results of operations and prospects.

The Group's businesses are inter-dependent to a significant extent and this could increase its exposure to adverse events affecting any part of its business

The Group's businesses are inter-dependent to a significant extent and will be affected by factors that impact the retail industry as a whole (see "Risk Factors – Risks Relating to Majid Al Futtaim Retail"). For example, the financial performance of the Group's hypermarkets, other retail businesses, leisure and entertainment businesses and hotels are, in large part, dependent on the ability of the shopping malls in or close to which they are located to attract footfall. Conversely, the success of the Group's shopping malls is, to an extent, dependent on the extent to which its other businesses located in or close to the shopping malls act as an incentive to potential customers to visit the malls. As a result of this inter-dependence, adverse events affecting one part of the Group's business could also impact other parts of the business and therefore could have a material adverse effect on the Group's business, financial condition, results of operations and prospects.

The Group's growth strategy depends on its ability to successfully manage its growth

The Group's strategy of continuing to expand its existing operations in its target markets is dependent on a number of factors. These include its ability to:

- identify suitable investments and/or development opportunities;
- reach agreements with joint venture and strategic partners on terms satisfactory to it;
- maintain, expand or develop relationships with customers, suppliers, contractors, lenders and other third parties;
- increase the scope of its operational and financial systems to handle the increased complexity and expanded geographic area of operations;
- secure adequate financing on commercially reasonable terms;

³ Source: Statista, "eCommerce – United Arab Emirates", <https://www.statista.com/outlook/243/332/ecommerce/> (accessed 16 February 2021).

- recruit, train and retain qualified staff to manage its growing business efficiently and without losing operational focus; and
- obtain necessary permits or approvals from governmental authorities and agencies.

These efforts will require significant capital and management resources, further development of the Group's financial and internal controls and information technology ("IT") systems, and additional training and recruitment of management and other key personnel. At the same time, the Group must maintain a consistent level of customer service across its operations to avoid loss of business or damage to its reputation. Any failure by the Group to manage its growth effectively could have a material adverse effect on its business, financial condition, results of operations and prospects.

The Group's businesses face significant competition in the markets in which they operate

Several of the markets in which the Group operates are highly competitive. In particular, the Group faces increased shopping mall and hotel competition in Dubai, where the majority of its business is concentrated. The population growth of Dubai from 1.3 million in 2005 (census figure) to an estimated 3.4 million in 2019⁴, along with the growth in business and leisure travel to Dubai, contributed to the opening and announced development of a number of new shopping malls and hotels over this period. The COVID-19 pandemic has placed additional competitive pressure on these businesses (see further "*Risk Factors – Risks Relating to the Group – All of the Group's businesses have been adversely affected in 2020 by the COVID-19 pandemic*"). The Group's Carrefour stores also face significant competition in many of the markets in which the Group operates, including the UAE and Saudi Arabia in particular.

Certain of the Group's competitors may have greater financial, technical, marketing or other resources, either attributable to the scale of their operations or to their ownership. For instance, competitors that are controlled by regional governments may have easier access to prime land and infrastructure, government permits and licences and/or lower costs of capital. Such competitors may therefore be able to withstand price competition and volatility more successfully than the Group. Similarly, some of the Group's competitors in markets outside the UAE may have a deeper cultural understanding or longer or broader operational experience in such markets, which may reduce the time and therefore the costs necessary for them to execute competing projects. Moreover, due to their deeper understanding of consumer behaviour in the region, such competitors may be able to attract and retain customers more effectively than the Group.

In light of recent technological advancements, certain of the Group's competitors may adopt alternative channels of distribution (such as multichannel e-commerce) which may impact consumer behaviour and/or pricing paradigms in the industry. For instance, an increase in online shopping may impact the revenues of the Group's physical stores while a shift towards hotel aggregator sites may exert downward pressure on the Group's hotels business.

As a result of the foregoing, the Group may not be able to achieve a market share that allows it to remain profitable or increase its market share in the markets in which it operates. Moreover, as a result of the foregoing, the Group's operating expenses may be higher than that of its competitors and, therefore, the Group may have less flexibility or resilience vis-à-vis its competitors in terms of responding to market pressures (including any market movements resulting from macroeconomic factors; see further "*Risk Factors – Risks Relating to the Group – All of the Group's businesses are affected by the economic and political conditions in the markets in which they operate*"). Accordingly, if the Group is unable to compete effectively, this could have a material adverse effect on its business, financial condition, results of operations and prospects.

The countries in which the Group operates may introduce new laws and regulations that adversely affect the way in which the Group is able to conduct its businesses

The countries in which the Group operates are emerging market economies which are characterised by less comprehensive legal and regulatory environments. However, as these economies mature, the governments of these countries have begun, and the Group expects they will continue, to implement new laws and regulations which could impact the way the Group conducts many of its businesses. For instance, the laws of Dubai restrict the annual amount by which a landlord is legally able to increase rental charges on

commercial premises. As at the date of this Base Prospectus, the permitted rent increase is zero per cent., 5 per cent., 10 per cent., 15 per cent. or 20 per cent. The actual percentage of the permitted rent increase (between this range of zero per cent. and 20 per cent.) is dependent on how low the existing rent of the unit is compared to the average market rent applicable to the unit as determined by the Dubai Real Estate Regulatory Agency. In the case of Majid Al Futtaim Properties, lease terms for anchor tenants typically do not exceed 10 years (except MAF Group companies, which typically have lease terms of between 10 and 20 years), for major tenants from between five to 10 years and for line stores from between one to five years (see further "*Description of the Group – Majid Al Futtaim Properties – Shopping Malls Business Units (SMBU and SMDBU) – Lease arrangements*"). Therefore, although the market rents chargeable for its retail space may increase, Majid Al Futtaim Properties may be unable to fully realise any such increases from its existing tenants, which could adversely affect its profit margins, particularly if associated costs are rising at a faster rate than permissible and/or achievable rental rates. Similarly, the countries in which the Group operates may introduce more stringent environment regulations or labour policies, compliance with which may adversely impact the Group's operating costs.

There can be no assurance that if new tax or other laws or regulations were imposed in respect of the products and services offered by the Group it would not adversely affect the way in which the Group conducts its business. In addition, given the relatively illiquid nature of the Group's property assets, a change in law or regulation that results in the Group ceasing to conduct business in a particular country could result in a significant loss to the Group on the sale of its material properties in that country.

Any of the foregoing could have a material adverse effect on the Group's business, financial condition, results of operations and prospects.

The Group may operate in countries which are subject to international sanctions and operates in countries which are affected by terrorist activities and any failure to comply with these sanctions or the occurrence of any such terrorist activities could adversely affect the Group

European, U.S. and other international sanctions have in the past been imposed on companies engaging in certain types of transactions with specified countries or companies or individuals in those countries. Companies operating in certain countries in the Middle East and Africa have been the subject of such sanctions in the past. The terms of legislation and other rules and regulations which establish sanctions regimes are often broad in scope and difficult to interpret.

Although the Group has in the past conducted business activities in countries which have been subject to sanctions, as at the date of this Base Prospectus, no Group company is in violation of any existing European, U.S. or other international sanctions. Should any Group company in the future violate any existing or further European, U.S. or international sanctions, penalties could include a prohibition or limitation on such company's ability to conduct business in certain jurisdictions or on the Group's ability to access the U.S. or international capital markets. Any such sanction could have a material adverse effect on the Group's business, financial condition, results of operations and prospects.

The Group has operations in Pakistan, which has, in recent times, been affected by terrorist activities. To the extent further terrorist acts are carried out, in particular in the cities where the Group has stores, this may adversely affect demand for its services or products in those areas, which may in turn have a material adverse effect on its business, financial condition, results of operations and prospects.

Many of the Group's businesses are subject to licensing requirements and any failure to obtain such licences or to comply with their terms could adversely affect the Group's businesses

Many of the Group's businesses are subject to licensing requirements, both at the local and national level. Because of the complexities involved in procuring licences and permits, as well as in ensuring continued compliance with different and sometimes inconsistent local and national licensing regimes, the Group cannot give any assurance that it will at all times be in compliance with all of the licensing requirements to which it is subject although it is not aware of any material breaches that currently exist. Any failure by the Group to comply with applicable laws and regulations and to obtain and maintain requisite approvals, certifications, permits and licences, whether intentional or unintentional, could lead to substantial sanctions, including criminal, civil or administrative penalties, revocation of its licences and/or increased regulatory scrutiny, and liability for damages. It could also trigger a default under one or more of its financing agreements or invalidate or increase the cost of the insurance that the Group maintains for its businesses (insofar as it is covered for any consequential losses). For the most serious violations, it could also be forced

to suspend operations until it obtains required approvals, certifications, permits or licences or otherwise brings its operations into compliance. In addition, any adverse publicity resulting from any compliance failure, particularly as regards the safety of its leisure and entertainment venues and the food sold in its Carrefour stores, could have a material adverse effect on the Group's business, financial condition, results of operations and prospects.

Furthermore, changes to existing, or the introduction of new, laws or regulations or licensing requirements in the jurisdictions in which it operates are beyond the Group's control and may be influenced by political or commercial considerations not aligned with the Group's interests. Any such laws, regulations or licensing requirements could adversely affect its business by reducing its revenue and/or increasing its operating costs, and the Group may be unable to mitigate the impact of such changes. Any of these occurrences could have a material adverse effect on the Group's business, financial condition, results of operations and prospects.

Group companies are party to a number of joint ventures and franchise arrangements which give rise to specific operational risks

Group companies may enter into joint venture agreements for a number of reasons, including to gain access to land or where it is required to operate with a local partner in a particular jurisdiction. Joint venture transactions present certain operational risks, including the possibility that the joint venture partners may have economic, business or legal interests or goals that are inconsistent with those of the Group, may become bankrupt, may refuse to make additional investments that the Group deems necessary or desirable or may prove otherwise unwilling or unable to fulfil their obligations under the relevant joint venture agreements. In addition, there is a risk that such joint venture partners may ultimately become competitors of the Group. Many of the Group's joint venture partners are governmental agencies which exposes the Group to additional risks, including the need to satisfy both political and regulatory demands and the need to react to differences in focus or priorities between successive governments, both of which can lead to delays in decision making, increased costs and greater exposure to competition.

To the extent that the Group does not control a joint venture, the joint venture partners may take action that is not in accordance with Group policies or objectives. Should a joint venture partner act contrary to the Group's interests, this could have a material adverse effect on the Group's business, financial condition, results of operations and prospects.

The Group's ability to expand successfully through joint ventures will depend upon the availability of suitable and willing joint venture partners, the Group's ability to consummate such transactions and the availability of financing on commercially acceptable terms. The Group cannot give any assurance that it will be successful in establishing any future joint ventures or that, once established, a joint venture will be profitable for the Group. If a joint venture is unsuccessful, the Group may be unable to recoup its initial investment and its financial condition and results of operations may be materially adversely affected.

The Group's most significant joint venture is currently with Carrefour (see "*Risk Factors – Risks Relating to Majid Al Futtaim Retail – Majid Al Futtaim Retail is dependent on its relationship with Carrefour and the market perception of Carrefour*"). Certain matters identified in this joint venture agreement require the approval of Carrefour (see "*Description of the Group – Majid Al Futtaim Retail – Agreements with Carrefour*").

The Group is party to a number of franchise agreements, of which the most important is the franchise agreement with Carrefour. As such, the Group is exposed to the risk of such agreements not being renewed when they expire and to the risk of non-performance by the relevant franchisor, which could have a material adverse effect on the Group's business, financial condition, results of operations and prospects.

Certain of the Group's debt agreements contain restrictions that may limit the flexibility of the Group in operating its businesses

Certain of the Group's debt agreements contain covenants that limit its ability to engage in specified types of transactions. These include covenants requiring the Group's operating subsidiaries to maintain certain net worth, interest coverage and debt to equity ratios. Certain of the Group's debt agreements also contain covenants limiting the Group's and its operating subsidiaries' ability to, among other things:

- incur or guarantee additional financial indebtedness;

- grant security or create any security interests; and
- sell, lease, transfer or otherwise dispose of any of its assets without the consent of the relevant lender, unless the disposal is made in the ordinary course of business or to another Group company.

The Trust Deed will contain covenants from each of Majid Al Futtaim Holding and Majid Al Futtaim Properties similar to certain of those described above (see Condition 4). The terms and conditions of any notes issued under the U.S.\$1.5 trust certificate issuance programme (the "**Sukuk Programme**") established by Majid Al Futtaim Holding and Majid Al Futtaim Properties and most recently updated on 8 April 2019 also contains similar covenants.

In addition, certain of the Group's outstanding debt contains, and its future debt may contain, cross-default clauses whereby a default under one debt obligation may constitute an event of default under other debt obligations. Any of these covenants could prevent the Group from engaging in certain transactions that it may view as desirable.

Although the Group believes that it is currently in compliance with its covenants and is not currently aware of any circumstances which indicate that the Group may in the future be in breach of any such covenants, there can be no assurance that the Group will continue to comply with all such covenants in the future. The Group's continued compliance with these covenants depends on a number of factors, some of which are outside of the Group's control. For instance, the Group's activities in all of its operating segments are affected by the global economic environment and the economic environment in the jurisdictions in which it operates (see further "*Risk Factors – Risks Relating to the Group – All of the Group's businesses are affected by the economic and political conditions in the markets in which they operate*"). Further, in the event that the financial results of the Group deteriorate, the Group may no longer be able to comply with financial covenants (such as those mentioned above) under certain of its debt agreements. In these circumstances, the Group may be required to either obtain a waiver from its creditors, renegotiate its credit facilities, raise additional financing from its shareholders or repay or refinance borrowings in order to avoid the consequences of a default. If the Group were unable to obtain such a waiver, to renegotiate its credit facilities, to raise additional financing from its shareholders or to repay or refinance its borrowings on terms that are acceptable to it, or at all, the Group's creditors would be entitled to declare an event of default and, as a result of cross-default provisions, there would be a strong possibility that default would also arise in respect of a substantial portion of the Group's other financial indebtedness. Such an event would permit the Group's creditors to demand immediate payment of the outstanding borrowings under the relevant debt agreements and instruments and to terminate all commitments to extend further credit to the Group. Such an event would also affect the Group's ability to raise additional capital at an acceptable cost in order to fund its operations. Any of these occurrences could have a material adverse effect on the Group's business, financial condition, results of operations and prospects.

As at 31 December 2020, the Group's short-term borrowings comprised its short-term borrowings from related parties of AED 44 million. As at 31 December 2020, the Group also had bank overdraft facilities amounting to AED 1,514 million and a short-term revolving facility of U.S.\$100 million). None of the Group's existing long-term borrowings as at 31 December 2020 fell due to be repaid within one year. To the extent that it needs to, there is no assurance that the Group will be able to refinance maturing borrowings as they fall due on terms acceptable to it or at all.

As at 31 December 2020, the Group had AED 15,496 million in outstanding borrowings (excluding bank overdrafts and short-term borrowings from related parties), none of which had the benefit of security (see "*Group Financial Review – Liquidity and Borrowings*"). However, subject to Condition 4 and the covenants referred to above, the Group can obtain secured indebtedness. As unsecured creditors, the claims of Noteholders will rank behind the claims of the Group's secured creditors to the extent of the security granted.

The Group's business may be materially adversely affected by changes in interest rates

Interest rates are highly sensitive to many factors beyond the Group's control, including the interest rate and other monetary policies of governments and central banks in the jurisdictions in which it operates. As at 31 December 2020, a portion of the Group's interest bearing loans and borrowings carried interest at floating rates. A hypothetical 100 basis point increase in interest rates (assuming all other relevant factors remained constant) would have resulted in the Group's other comprehensive income decreasing by AED 58 million in 2020. The Group's interest-bearing loans and borrowings are subject to interest rate risk resulting

from fluctuations in the relevant reference rates underlying such instruments. Consequently, any increase in such reference rates would result in an increase in the Group's interest rate expense and could have a material adverse effect on the Group's business, financial condition, results of operations and prospects. Although the Group seeks to hedge part of its interest rate risk, there can be no assurance that this hedging will be successful or will protect the Group fully against its interest rate risk. Such failure to successfully hedge against changes in interest rates could have a material adverse effect on the Group's business, financial condition, results of operations and prospects.

Foreign exchange movements may adversely affect the Group's profitability

The Group maintains its accounts and reports its results in dirham, the currency in which the majority of its revenue is earned. A portion of the Group's income and expenses are incurred in the currencies of other countries in the MENA region. As a result, the Group is exposed to movements in foreign exchange rates. Although there can be no assurance that foreign currency fluctuations will not adversely affect the Group's results of operations in the future, the Group's management believes that the Group is not currently subject to significant foreign exchange risk given the fact that the majority of its revenue and expenses is incurred in dirham or in currencies which, like the dirham, are pegged to the U.S. dollar at a fixed exchange rate. In relation to its other currency earnings and expenses, the Group's management believes that its foreign exchange rate risk is reduced by the fact that to a large extent its revenue in a local currency is matched by its expenses being incurred in the same currency.

As at the date of this Base Prospectus, the dirham remains pegged to the U.S. dollar. However, there can be no assurance that the UAE government will not de-peg the dirham from the U.S. dollar, or alter the fixed exchange rate between the two currencies, in the future, which may have a material adverse effect on the Group's business, financial condition, results of operations and prospects.

If the Group fails to attract and retain qualified and experienced employees, its businesses may be harmed

The Group's ability to carry on and grow its businesses will depend, in part, on its ability to continue to attract, retain and motivate qualified and skilled personnel to manage its day-to-day operations. In particular, the Group depends on finance, technical and engineering staff at both middle management and senior management level. Experienced and capable personnel with these skill sets generally and in the industries in which the Group operates in particular remain in high demand, and there is significant competition in the MENA region for their talents. Consequently, when any such employees leave, the Group may have difficulty replacing them. In addition, the loss of key members of the Group's senior management team or staff with institutional knowledge may result in (amongst other things): (a) a loss of organisational focus; (b) poor execution of operations and the Group's corporate strategy; and (c) an inability to identify and execute potential strategic initiatives such as future investments and acquisitions. These adverse results could, among other things, reduce potential revenue, expose the Group to downturns in the markets in which it operates and/or otherwise have a material adverse effect on its business, financial condition, results of operations and prospects.

The Group's businesses expose it to health and safety risks

Due to the people-based nature of its business, the Group's operations are subject to health and safety risks, particularly in relation to its shopping malls and leisure and entertainment businesses. Although all of the shopping malls currently comply with applicable health and safety standards, there can be no assurance that a major health and safety hazard, such as a fire, will not occur. Given the high number of shoppers that visit the Group's shopping malls on a daily basis, such an event could have serious consequences, particularly in the event of fatalities. Similarly, although the Group's leisure and entertainment facilities and hotels also comply with currently applicable health and safety standards, there can be no assurance that the customers of these facilities will not engage in inappropriate behaviour, endangering their safety and the safety of others (see also "*Risk Factors – Risks Relating to the Group – All of the Group's businesses have been adversely affected in 2020 by the COVID-19 pandemic*"). Any of the foregoing incidents could expose the Group to material liability and adversely affect its reputation and could have a material adverse effect on its business, financial condition, results of operations and prospects.

The Group may not be able to secure full insurance coverage for the risks associated with the operation of its businesses

Management believes that the Group's insurance coverage for all material aspects of its operations is comparable to that of other companies operating in the sectors and markets in which the Group operates. The Group's operations may, however, be affected by a number of risks for which full insurance cover is either not available or not available on commercially reasonable terms. In addition, the severity and frequency of various other events, such as accidents and other mishaps, business interruptions or potential damage to its facilities, property and equipment caused by inclement weather, human error, pollution, labour disputes, natural catastrophes and other eventualities, may result in losses or expose the Group to liabilities in excess of its insurance coverage or significantly impair its reputation. There is no assurance that the Group's insurance coverage will be sufficient to cover the loss arising from any or all such events or that it will be able to renew existing insurance cover on commercially reasonable terms, if at all.

Should an incident occur for which the Group has no, or insufficient, insurance cover, the Group could lose all or part of the capital invested in, and anticipated future revenues relating to, any property that is damaged or destroyed. Any of these occurrences could have a material adverse effect on the Group's business, financial condition, results of operations and prospects.

The interests of the Group's controlling shareholder may, in certain circumstances, be different from the interests of the Noteholders

The Group's controlling shareholder is Mr. Majid Al Futtaim who beneficially owns almost all of the shares in Majid Al Futtaim Holding. As a result, Mr. Majid Al Futtaim is in a position to control the outcome of actions requiring shareholders' approval and also has the ability to approve the election of all the members of the board of directors (the "**Board**") of Majid Al Futtaim Holding and thus influence Board decisions. The interests of Mr. Al Futtaim may be different from those of the Group's creditors (including the Noteholders).

The Group's operations are in emerging markets which are subject to greater risks than more developed markets, including significant political, social and economic risks

All of the Group's operations are conducted, and its assets are located in emerging markets. Investors should also be aware that emerging markets are subject to greater risks than more developed markets, including in some cases significant legal, economic and political risks. Accordingly, investors should exercise particular care in evaluating the risks involved and must decide for themselves whether, in light of those risks, their investment is appropriate. Generally, investment in developing markets is only suitable for sophisticated investors who fully appreciate the significance of the risks involved. Any unexpected changes in the political, social, economic or other conditions in the countries in which the Group operates or neighbouring countries could have a material adverse effect on the Group's business, financial condition, results of operations and prospects (see also "*Risk Factors – Risks Relating to the Group – All of the Group's businesses are affected by the economic and political conditions in the markets in which they operate*").

The Group is dependent on its information and technology systems which are subject to potential cyberattack

The Group is dependent on information technology networks and systems to securely process, transmit and store electronic information and to communicate internally and with its customers, tenants, partners and vendors. As the breadth and complexity of this infrastructure continues to grow, including as a result of the use of mobile technologies, social media and cloud-based services, the potential risk of security breaches and cyberattacks increases. Such breaches could lead to shutdowns or disruptions of the Group's systems and potential unauthorised disclosure of sensitive or confidential information, including personal data. Cybersecurity threats are constantly evolving, thereby increasing the difficulty of detecting and defending against them.

The Group often manages, utilises and stores sensitive or confidential customer, tenant or company data, including personal data, and the Group expects these activities to increase. Unauthorised disclosure of sensitive or confidential customer, tenant or company data, whether through systems failure, employee negligence, fraud or misappropriation, could damage the Group's reputation, cause the Group to lose customers and tenants and could result in significant financial exposure. Similarly, unauthorised access to or through the Group's information systems or those it develops for, or supplies to, its customers and tenants,

whether by employees or third parties, including a cyberattack by computer programmers, hackers, members of organised crime and/or state-sponsored organisations, who may develop and deploy viruses or other malicious software programs or social engineering attacks, could result in contractual and other legal liability, a loss of business or customers or tenants, damage to the Group's reputation and government sanctions, and could have a material adverse effect on the Group's business, financial condition, results of operations and prospects.

RISKS RELATING TO MAJID AL FUTTAIM PROPERTIES

Majid Al Futtaim Properties' business is capital intensive and it may not be able to raise sufficient capital to make all future investments and capital expenditures that it deems necessary or desirable

Majid Al Futtaim Properties engages in projects which require a substantial amount of capital and other long-term expenditures, including the development of new shopping malls, hotels and mixed-use developments. The capital commitments associated with these projects generally exceed Majid Al Futtaim Properties' cash inflows over the period of the project. In the past, these expenditures and investments have been financed through a variety of means, including internally-generated cash and external borrowings.

Majid Al Futtaim Properties' and the Group's ability to arrange external financing and the cost of such financing are dependent on numerous factors, including its future financial condition, general economic and capital market conditions, interest rates, credit availability from banks or other lenders or investors, lender and investor confidence in Majid Al Futtaim Properties' and the Group's businesses and the markets in which they operate, the credit rating assigned to Majid Al Futtaim Properties and the Group by credit rating agencies, applicable provisions of tax and securities laws, and political and economic conditions in any relevant jurisdiction. Neither Majid Al Futtaim Properties nor the Group can provide any assurance that it will be able to arrange any such external financing on commercially reasonable terms, if at all, and it may be required to secure financing with a lien over its assets and those of its subsidiaries and/or agree to contractual limitations on the operation of its businesses. Majid Al Futtaim Properties or the Group's failure to obtain adequate funding as required to satisfy its contractual commitments could result in defaults on existing contracts, completion delays and damage to Majid Al Futtaim Properties' and the Group's reputation as a reliable contractual counterparty, and could have a material adverse effect on the business, financial condition, results of operations and prospects of Majid Al Futtaim Properties and the Group as a whole.

A significant proportion of Majid Al Futtaim Properties' and the Group's assets as at 31 December 2020 comprised real estate held either as property, plant and equipment or investment property. The valuation of these assets is inherently subjective, the values attributed to these assets may not accurately reflect their market value at any future date and they may be difficult to sell

The Group appoints an independent external Royal Institute of Chartered Surveyors ("RICS") valuer to determine the fair value of its real estate assets bi-annually as at 30 June and 31 December in each year. However, real estate valuations are inherently subjective because they are made on the basis of assumptions that may prove to be incorrect. No assurance can be made that the valuations of the Group's real estate assets will reflect actual sale prices, even where any such sale occurs shortly after the relevant valuation date. Significant differences between valuations and actual sales prices could have a material adverse effect on the financial condition and results of operations of Majid Al Futtaim Properties (which is the owner of the majority of the assets) and the Group as a whole (see also "*Risk Factors – Risks Relating to the Group – All of the Group's businesses have been adversely affected in 2020 by the COVID-19 pandemic*").

Given that real estate assets in general are relatively illiquid, the ability of Majid Al Futtaim Properties to sell promptly one or more of its properties in response to changing political, economic, financial and investment conditions is limited. Majid Al Futtaim Properties is susceptible to decreases in demand for commercial property in the MENA region, and in particular Dubai, given its exposure to the real estate market there. Majid Al Futtaim Properties cannot predict the length of time needed to find a willing purchaser and to close the sale of a property or whether it would be able to sell a property on commercially reasonable terms, if at all. Majid Al Futtaim Properties' inability to promptly sell its properties or on commercial terms could have a material adverse effect on the business, financial condition, results of operations and prospects of Majid Al Futtaim Properties and the Group as a whole.

The success of Majid Al Futtaim Properties' business strategy and profitability depends upon its ability to locate and acquire or lease land suitable for development at attractive prices

Majid Al Futtaim Properties' growth and profitability to-date have been attributable, in part, to its ability to locate and acquire or lease land at attractive prices, and the success of Majid Al Futtaim Properties' business strategy and future profitability depends upon its continued ability to do so. Many of Majid Al Futtaim Properties' most significant competitors are owned by the government of the countries in which they operate and, therefore, they may be accorded preferential treatment when acquiring land. In the past, Majid Al Futtaim Properties has been able to acquire land suitable for its planned shopping malls, hotels and other developments, but there can be no assurance that it will continue to be able to acquire land suitable for development in the future at attractive prices. In addition, Majid Al Futtaim Properties faces the risk that competitors may anticipate and capitalise on certain potential investment opportunities in advance of Majid Al Futtaim Properties doing so, which could have a material adverse effect on the business, financial condition, results of operations and prospects of Majid Al Futtaim Properties and the Group as a whole.

The MENA region in which Majid Al Futtaim Properties operates is characterised by a lack of real estate transparency

According to a real estate transparency survey conducted by Jones Lang LaSalle in 2020, the real estate markets in which Majid al Futtaim Properties and the Group operate are categorised as semi-transparent (the UAE, Kenya and Saudi Arabia), low-transparent (Bahrain, Egypt, Kuwait, Qatar, Jordan, Kazakhstan and Pakistan) and opaque (Oman, Lebanon and Iraq). The degree of transparency of a real estate market is determined by reference to a number of factors, including comparable transactions, accessibility of information relating to counterparties and land title, reliability of market data, clarity of regulations relating to all matters of real estate conveyance and access to government agencies to verify information provided by counterparties in connection with real estate transactions. Although Majid Al Futtaim Properties endeavours to undertake comprehensive due diligence with respect to its real estate investments in order to mitigate any risks in connection with the markets in which it operates, there can be no assurance that the factors described above will not result in its discovery at a later date of information or liabilities in association with its investments that could affect their value, expected purpose or returns on investment, which could, in turn, have a material adverse effect on the business, financial condition, results of operations and prospects of Majid Al Futtaim Properties and the Group as a whole.

Majid Al Futtaim Properties does not have unrestricted title to all of its land parcels

In a limited number of cases, Majid Al Futtaim Properties acquires title to land parcels which are subject to certain conditions as to the timeframe within which the land should be developed. If Majid Al Futtaim Properties fails to comply with any such conditions, it may lose title to the land parcel concerned. Registration of title to Majid Al Futtaim Properties' land parcels may also be subject to conditions in relation to the completion of construction thereon.

If Majid Al Futtaim Properties loses title or is unable to acquire title to its properties, this could have a material adverse effect on the business, financial condition, results of operations and prospects of Majid Al Futtaim Properties and the Group as a whole.

Majid Al Futtaim Properties has not to-date experienced a situation where its title or interest in its properties or land parcels has been lost, has been the subject of legal proceedings leading to the loss of title or interest in its properties or land parcels. However, Majid Al Futtaim Properties is subject to the risk that it may not in the future be able to acquire or be granted unrestricted title or interest to any land and/or that it could be determined to be in violation of applicable law should it violate any restrictions applicable to any such title or interest. Any such outcome could have a material adverse effect on the business, financial condition, results of operations and prospects business, financial condition, results of operations and prospects of Majid Al Futtaim Properties and the Group as a whole.

Majid Al Futtaim Properties is exposed to a range of development and construction risks

Majid Al Futtaim Properties is subject to a number of construction, financing, operating and other risks associated with project development which have resulted, and may in the future result, in significant cost overruns and delays in the delivery of its projects. For instance, shortages in raw materials (such as steel and other commodities common in the construction industry), energy, building equipment (including, in particular, cranes), labour (including project managers, contractors and construction specialists) or other

necessary supplies may result in delays to a project. Such shortages may also result in an increase of the cost of the relevant resource and may therefore result in a cost overrun vis-à-vis the original budget.

Majid Al Futtaim Properties is also exposed to significant counterparty risk associated with project development. These risks include default or delays by contractors and other counterparties, design or construction defects and inadequate infrastructure as a result of failure by third parties to provide utilities and transportation and other links that are necessary or desirable for the successful operation of a project. The foregoing could not only adversely impact the project costs but may also result in an adverse impact on the overall marketability of that project (including consumer demand) and may have an adverse impact on the Group's reputation

The occurrence of one or more of these events may prevent Majid Al Futtaim Properties from achieving projected internal rates of return for its projects, which could in turn have a material adverse effect on the business, financial condition, results of operations and prospects business, financial condition, results of operations and prospects of Majid Al Futtaim Properties and the Group as a whole. In addition, there can be no assurance that the revenues that Majid Al Futtaim Properties is able to generate from its development and construction projects will be sufficient to cover the associated construction costs.

Majid Al Futtaim Properties' rental revenues depend upon its ability to find tenants for its shopping malls and offices and the ability of such tenants to fulfil their lease obligations as well as on Majid Al Futtaim Properties achieving an optimal tenant mix for its shopping malls. In addition, Majid Al Futtaim Properties is exposed to tenant concentration

There can be no guarantee that Majid Al Futtaim Properties will find or be able to retain tenants for its shopping malls and other properties on terms and conditions that are satisfactory to it. In addition, Majid Al Futtaim Properties' tenants may be materially adversely affected by a range of factors which may affect their ability to perform their obligations under the relevant lease agreements and may therefore adversely affect the financial performance of the properties leased by Majid Al Futtaim Properties and the cash flows generated by them. For instance, rental deferrals and rebates provided by Majid Al Futtaim Properties due to COVID-19 (see further "*Risk Factors – Risks Relating to the Group – All of the Group's businesses have been adversely affected in 2020 by the COVID-19 pandemic*") resulted in direct reductions to Majid Al Futtaim Properties' revenue in 2020.

Further, certain jurisdictions in which Majid Al Futtaim Properties operates as a landlord, including the UAE, have imposed restrictions on rental increases and these restrictions may also adversely impact Majid Al Futtaim Properties' business.

Majid Al Futtaim Properties seeks to ensure that it has the right mix of retail outlets in its shopping malls to cater to the consumer preferences of its local customers. In pursuit of this strategy, Majid Al Futtaim Properties has sought in the past, and may seek in the future, to terminate lease agreements of existing tenants in order to replace them with new tenants to its shopping malls. In addition, Majid Al Futtaim Properties may seek to terminate the lease agreements of tenants who default under their leases. It is relatively difficult to evict tenants under the laws of the jurisdictions in which Majid Al Futtaim Properties operates. Therefore, Majid Al Futtaim Properties may experience delays in evicting tenants for cause or changing its tenant mix to meet strategic directives prior to the expiry of relevant lease terms, and efforts to do so could require considerable expense. Although Majid Al Futtaim Properties' tenants have rarely defaulted in performing their obligations under the lease agreements they have entered into with Majid Al Futtaim Properties, should one or more tenants stop paying rent for a period of time, whether with or without cause, this could reduce Majid Al Futtaim Properties' cash flows and could have a material adverse effect on the business, financial condition, results of operations and prospects of Majid Al Futtaim Properties and the Group as a whole.

A significant proportion of the tenants in Majid Al Futtaim Properties' shopping malls are members of a limited number of large retail groups. As a result, Majid Al Futtaim Properties could be materially adversely affected should any of these retail groups cease to carry on business with Majid Al Futtaim Properties.

Majid Al Futtaim Properties' shopping malls depend on anchor stores or major tenants to attract shoppers and could be materially adversely affected by the loss of, or a store closure by, one or more of these tenants

Shopping malls are typically anchored by hypermarkets, department stores and other large nationally recognised tenants. Many of Majid Al Futtaim Properties' major tenants are owned by a limited number of large retail groups. The performance of some of Majid Al Futtaim Properties' shopping malls could be materially adversely affected if these tenants fail to comply with their contractual obligations, seek concessions in order to continue operations, or cease their operations. Concessions made to existing tenants may also be made to potential new tenants with a view to attracting such potential new tenants. There is no assurance that any such concessions made will achieve their purpose or will not materially adversely affect Majid Al Futtaim Properties' and the Group's revenue or profitability. In addition, the closure of tenants' operations may enable other tenants to negotiate a modification to the terms of their existing leases, and such closures could result in decreased customer traffic which could adversely affect the performance of the shopping mall concerned and, as a result, could have a material adverse effect on the business, financial condition, results of operations and prospects of Majid Al Futtaim Properties and the Group as a whole.

Majid Al Futtaim Properties' hotels are all managed by independent third-party operators and Majid Al Futtaim Properties is, therefore, exposed to the performance of these operators

Majid Al Futtaim Properties has entered into hotel management agreements with Accor S.A. ("**Accor**"), Kempinski Hotels S.A. ("**Kempinski**"), Hilton International Manage LLC ("**Hilton**") and Marriott International ("**Marriott**"). While Majid Al Futtaim Properties has close relationships with the operators of its hotels and a successful track record of working with them to make property and operational improvements, Majid Al Futtaim Properties does not have the means to compel any hotel to be operated in a particular manner or to govern any particular aspect of its operations. Therefore, even if Majid Al Futtaim Properties believes its properties are being operated inefficiently or in a manner that does not result in satisfactory revenues or operating profits, it will generally not have rights under the management agreements to change who operates the properties or how they are operated until the expiry of the term of the agreements unless there is a breach of specific contractual provisions permitting such termination. Majid Al Futtaim Properties can only seek redress if an operator breaches the terms of the management agreements or, in the case of the agreements with Kempinski, if the hotel does not reach certain prescribed levels of profitability for three consecutive years, and then only to the extent of the remedies provided for under the terms of that agreement. In the event that Majid Al Futtaim Properties were to seek to replace any of its current hotel operators, it would likely experience significant disruptions at the affected properties, which could have a material adverse effect on the business, results of operations, financial condition and prospects of Majid Al Futtaim Properties and the Group as a whole.

The hotel industry is subject to certain general risks

In addition to the general political and economic factors which affect all of the Group's businesses (see further "*Risk Factors – Risks Relating to the Group – All of the Group's businesses are affected by the economic and political conditions in the markets in which they operate*"), the hotel industry depends on a number of factors, many of which are outside the control of Majid Al Futtaim Properties and the Group, which could negatively affect the number of visitors to the regions in which the Group operates hotels and therefore impact the number of guests staying at the Group's hotel properties. For instance, visitor volumes are impacted by major travel impediments (such as airline strikes, border closures, extreme weather conditions, natural disasters, outbreaks of diseases (including COVID-19), deterioration in the political or economic conditions in the destination market or onerous changes in visa requirements or other similar regulations). The hotel industry in the MENA region is also impacted by seasonality, particularly in the very hot summer months when the number of visitors to the region is usually significantly reduced when compared to the winter months.

In addition, the hotel industry is susceptible to an increase in operating costs due to reasons outside the operators' control (for instance, due to an increase in utility costs, taxes or insurance costs).

Any negative changes in such factors could result in increased competition and periods of oversupply of hotel and guest accommodation which may affect occupancy and room rates, which could have a material adverse effect on the business, results of operations, financial condition and prospects of Majid Al Futtaim Properties and the Group as a whole.

RISKS RELATING TO MAJID AL FUTTAIM RETAIL

Majid Al Futtaim Retail's results of operations and financial performance could be materially adversely affected by a change in consumer preferences, perception and/or spending

Majid Al Futtaim Retail accounted for 85.9 per cent. of the Group's revenue and 43.4 per cent. of the Group's EBITDA for the financial year ended 31 December 2020. Majid Al Futtaim Retail's performance depends on factors which may affect the level and patterns of consumer spending in the UAE and the MENA region. Such factors include consumer preferences, confidence, incomes and perceptions of the quality of certain products. A general decline in purchases at Majid Al Futtaim Retail's Carrefour stores could occur as a result of a change in consumer preferences, perceptions and spending habits at any time and Majid Al Futtaim Retail's future success will depend partly on its ability to anticipate or adapt to such changes and to offer, on a timely basis, new products that match consumer demand. Such changes, and a failure to adapt its offering to respond to them, may result in reduced demand for the products sold at Majid Al Futtaim Retail's Carrefour stores, a decline in the market share of its products and increased levels of selling and promotional expenses. Any changes in consumer preferences could result in lower sales of the products sold at Majid Al Futtaim Retail's Carrefour stores or put pressure on pricing, and could materially adversely affect the business, financial condition, results of operations and prospects of Majid Al Futtaim Retail and the Group as a whole.

Majid Al Futtaim Retail is dependent on its relationship with Carrefour and the market perception of Carrefour

All of Majid Al Futtaim Retail's revenue and EBITDA for the financial year ended 31 December 2020 was derived from the operations of its Carrefour stores. The business, financial condition, results of operations and prospects of Majid Al Futtaim Retail and the Group as a whole could be materially and adversely affected to the extent that Majid Al Futtaim Retail's franchise rights with Carrefour become compromised in any material respect.

In addition, the willingness of the public to shop at Carrefour, which is considered by many to be associated with France, is also subject to various factors outside Majid Al Futtaim Retail's control, including the public's perception of Carrefour and, more generally, of France. Should any of these factors be perceived in a negative manner, this would have a material adverse effect on the financial condition and results of operations of Majid Al Futtaim Retail and the Group as a whole. For instance, political tensions between France and the Middle East resulted in a boycott of French products in the MENA region in the second half of 2020 which resulted in a decrease in Carrefour's sales (see further "*Group Financial Review – Results of Operations for the Financial Year Ended 31 December 2020 and the Financial Year Ended 31 December 2019 – Revenue – Sale of goods*").

The planned increase in the number of Carrefour stores may not be achieved

Majid Al Futtaim Retail plans to open 14 Carrefour hypermarkets (one store each in Georgia and Iraq and two each in Egypt, Oman, Pakistan, Saudi Arabia, the UAE and Uzbekistan) and 86 Carrefour supermarkets in 2021. However, there can be no assurance that it will be able to expand its store network as planned or that all of such new stores will be profitable. While the Group's management believes that Majid Al Futtaim Retail has identified areas in the MENA region where Majid Al Futtaim Retail could increase the number of its stores, unforeseen factors could result in potential sites not becoming available on acceptable terms. Furthermore, if competitors are able to secure high-quality sites, they may be able to gain market share and may effectively restrict Majid Al Futtaim Retail's ability to grow. This could adversely affect the business, reputation, financial condition, results of operations and prospects of Majid Al Futtaim Retail and the Group as a whole.

In addition, Majid Al Futtaim Retail's ability to open new stores, convert or refurbish existing stores, change the use of part of an existing store or implement any of these activities without delay may be significantly restricted by regulatory obstacles associated with obtaining the approvals, permits, consents and/or registrations necessary to construct and/or operate its stores, which could have a material adverse effect on the business, financial condition, results of operations and prospects of Majid Al Futtaim Retail and the Group as a whole.

Interruptions in the availability of products from suppliers or any changes in the costs to Majid Al Futtaim Retail of obtaining such products could adversely affect its business

Majid Al Futtaim Retail's operations may be interrupted or otherwise materially adversely affected by delays or interruptions in the supply of its products or the termination of any product supplier arrangement where an alternative source of product supply is not readily available on substantially similar terms. Any breakdown or change in Majid Al Futtaim Retail's relationships with product suppliers could materially adversely affect the business, financial condition, results of operations and prospects of Majid Al Futtaim Retail and the Group as a whole. If Majid Al Futtaim Retail is forced to change a supplier of products, there is no guarantee that this would not interrupt supply continuity or result in additional cost. Further, Majid Al Futtaim Retail is currently able to secure significant rebates and other supplier benefits from its product suppliers. Should these benefits decline or become unavailable, this could have a material adverse effect on the business, financial condition, results of operations and prospects of Majid Al Futtaim Retail and the Group as a whole.

In addition, the price of the products which Majid Al Futtaim Retail sells at its Carrefour stores may be significantly affected by the cost of the raw materials used to produce those products in the source markets of Majid Al Futtaim Retail's suppliers. Wherever practicable, Majid Al Futtaim Retail seeks to put in place supply contracts which ensure the supply of products for the period that they are anticipated to be offered by the Carrefour stores and in such quantities as its forecasts require. Failure to continue to source products at competitive cost from international markets or to forecast accurately the required quantities could result in Majid Al Futtaim Retail having to buy products from other suppliers on short-term contracts which could result in additional cost. Any increases in the prices of products where prices have not been fixed under contractual supply agreements could materially adversely affect the business, financial condition, results of operations and prospects of Majid Al Futtaim Retail and the Group as a whole.

Interruptions in or changes to the terms of Majid Al Futtaim Retail's shipping or distribution arrangements could adversely affect its business

Majid Al Futtaim Retail is reliant on the services of third-party distribution, shipping and haulage companies for the movement and storage of its private label goods and the entire range of products for its Carrefour supermarkets within the regions in which it operates and the jurisdictions from which it sources its products. Although it has entered into management contracts with three third-party distribution, shipping and haulage companies, any change in the terms of, or interruption or failure in, the services of one or more of these service providers could affect Majid Al Futtaim Retail's ability to supply and distribute its products and consequently could materially adversely affect the business, financial condition, results of operations and prospects of Majid Al Futtaim Retail and the Group as a whole. Such interruption or failure could potentially involve significant additional costs to Majid Al Futtaim Retail in obtaining an alternative source of supply or distribution.

Majid Al Futtaim Retail faces the risk of product liability claims and associated adverse publicity

The packaging, marketing, distribution and sale of food products purchased from others, as well as production of foods under Carrefour's private labels, entail an inherent risk of contamination or deterioration, which could potentially lead to product liability claims, product recalls and associated adverse publicity. Any contaminated products inadvertently distributed by Majid Al Futtaim Retail may, in certain cases, result in illness, injury or death, or lead to product liability claims asserted against Majid Al Futtaim Retail and/or require product recalls. There can be no assurance that such claims will not be asserted against it in the future, or that such recalls will not be necessary. While the Group has product liability insurance, such policy does not include insurance cover against product recall specifically and there is no certainty that any product liability insurance available to the Group will be sufficient to cover all claims, or any product recall claims, that may be asserted against it (see further "*Risk Factors – Risks Relating to the Group – The Group may not be able to secure full insurance coverage for the risks associated with the operation of its businesses*").

In addition, because Majid Al Futtaim Retail's success is linked to the reputation of Carrefour, any product liability claims or product recalls that cause adverse publicity involving Carrefour stores not owned by Majid Al Futtaim Retail may have an adverse effect on Majid Al Futtaim Retail, regardless of whether such claim or recall involves any products sold by Majid Al Futtaim Retail's Carrefour franchises. Further, even if a product liability claim is not successful or is not fully pursued, the negative publicity surrounding any assertion that the products it sells caused illness or injury could have a material adverse effect on Carrefour's

reputation with existing and potential customers, as well as the business, financial condition, results of operations and prospects of Majid Al Futtaim Retail and the Group as a whole.

RISKS RELATING TO MAJID AL FUTTAIM VENTURES

Majid Al Futtaim LEC may not be able to manage its growth successfully

Majid Al Futtaim Ventures has experienced a period of significant growth over the last few years and, once it is established as a separate legal entity, Majid Al Futtaim LEC is expected to continue such growth in future years (see further "*Description of the Group – Majid Al Futtaim Ventures – Overview*"). Such expansion may expose Majid Al Futtaim LEC to numerous risks, including challenges in managing the increased scope and geographic diversity of the operations of the Group's companies.

Future growth may place a strain on the Group's managerial, operational, financial and other resources. The need to manage such expansion may require continued development of procedures and management controls, hiring additional personnel, as well as training and retaining its employee base. Such growth may also increase costs, including the cost of compliance arising from exposure to additional activities and jurisdictions. If the Group is not successful in meeting the challenges associated with such expansion, this could have a material adverse effect on the Group's business, financial condition, results of operations and prospects.

Majid Al Futtaim Ventures' wholesale finance and credit card businesses may require higher costs of funding and expose it to credit risk

Majid Al Futtaim Ventures, through Majid Al Futtaim Finance, issues credit cards by way of a third party credit card provider. As the Group does not have a consumer banking operation, which is considered to be one of the principal means of achieving inexpensive funding to support such business, such operations are funded through intra-Group and third party loans, which may be more costly than the funding to which certain of its competitors, particularly local and regional banking groups, have access to. A decrease in Majid Al Futtaim Finance's access to external funding in particular, or a rise in the cost of intra-Group funding, could have an adverse effect on the results of operations and prospects of Majid Al Futtaim Venture's credit card business.

In addition, the target customers of its credit card business are principally UAE residents. Although Al Etihad Credit Bureau is a federal government company specialised in providing UAE based credit reports and other financial information, there can be no assurance that such information is accurate. Majid Al Futtaim Finance and its competitors do not share customer information. Therefore, this business is unable to confirm with complete certainty information provided by credit applicants regarding the extent of their credit exposure. As a result, customers may be over-extended by virtue of other credit obligations about which Majid Al Futtaim Finance is unaware. To some extent, Majid Al Futtaim Finance is therefore exposed to credit risks which it may not be able to accurately assess or provide for and, in the case of expatriates, may be unable to enforce a judgment obtained against defaulting creditors who no longer live in the UAE. If such credit risks were to materialise, this could have a material adverse effect on the business, financial condition, results of operations and prospects of Majid Al Futtaim Ventures and the Group as a whole.

As at the date of this Base Prospectus, Majid Al Futtaim Finance is held for sale since the Group intends to transfer the credit card portfolio to a third party, wind-down and exit the Majid Al Futtaim Finance business (see further Note 24 to the 2020 Group Financial Statements).

FACTORS WHICH ARE MATERIAL FOR THE PURPOSE OF ASSESSING THE MARKET RISKS ASSOCIATED WITH NOTES ISSUED UNDER THE PROGRAMME

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

The Notes may be subject to optional redemption by the Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

The Notes may be redeemed prior to their final maturity date for tax reasons

If the Issuer becomes obliged to pay any additional amounts in respect of the Notes as provided or referred to in Condition 9 of the Notes or if either Guarantor is unable for reasons outside its control to procure payment by the Issuer and in making payment itself would be required to pay such additional amounts, in each case as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 9) or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Notes, the Issuer may redeem all but not some only of the outstanding Notes of such Tranche in accordance with Condition 8.2 of the Notes.

Partly-paid Notes

The Issuer may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of his investment.

Variable rate Notes with a multiplier or other leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features.

Inverse Floating Rate Notes

Inverse floating rate notes have an interest rate equal to a fixed rate minus a rate based upon a Reference Rate such as the London interbank offered rate ("LIBOR") ("**Inverse Floating Rate Notes**"). The market values of those Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same Reference Rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the Reference Rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes (as defined below) may bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Where the Issuer has the right to effect such a conversion, this will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same Reference Rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than then prevailing rates on its Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest

bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Notes denominated in RMB are subject to additional risks

Notes denominated in Renminbi ("**RMB Notes**") may be issued under the Programme. RMB Notes contain particular risks for potential investors, including:

Renminbi is not freely convertible; there are significant restrictions on remittance of Renminbi into and out of the PRC, which may adversely affect the liquidity of RMB Notes

Renminbi is not freely convertible at present. The government of the PRC (the "**PRC Government**") continues to regulate conversion between Renminbi and foreign currencies, including the Hong Kong dollar.

However, there has been significant reduction in control by the PRC Government in recent years, particularly over trade transactions involving import and export of goods and services as well as other frequent routine foreign exchange transactions. These transactions are known as current account items. On the other hand, remittance of Renminbi into and out of the PRC for the settlement of capital account items, such as capital contributions, debt financing and securities investment, is generally only permitted upon obtaining specific approvals from, or completing specific registrations or filings with, the relevant authorities on a case-by-case basis and is subject to a strict monitoring system. Regulations in the PRC on the remittance of Renminbi into and out of the PRC for settlement of capital account items are being adjusted from time to time to match the policies of the PRC Government.

Although, the People's Bank of China (the "**PBoC**") has implemented policies improving accessibility to Renminbi to settle cross-border transactions in the past, there is no assurance that the PRC Government will liberalise control over cross border remittance of Renminbi in the future, that the schemes for Renminbi cross-border utilisation will not be discontinued or that new regulations in the PRC will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or out of the PRC. Despite a Renminbi internationalisation pilot programme and efforts in recent years to internationalise the currency, there can be no assurance that the PRC Government will not impose interim or long-term restrictions on the cross-border remittance of Renminbi. In the event that funds cannot be repatriated out of the PRC in Renminbi, this may affect the overall availability of Renminbi outside the PRC and the ability of the Issuer or, as the case may be, the Guarantors to source Renminbi to finance its obligations under RMB Notes.

There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of RMB Notes and the Issuer's or, as the case may be, the Guarantors' ability to source Renminbi outside the PRC to service such RMB Notes

As a result of the restrictions by the PRC Government on cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited. While PBoC has entered into agreements (the "**Settlement Arrangements**") on the clearing of Renminbi business with financial institutions (the "**RMB Clearing Banks**") in a number of financial centres and cities, including but not limited to Hong Kong, has established the Cross-Border Inter-Bank Payments System (CIPS) to facilitate cross-border Renminbi settlement and is further in the process of establishing Renminbi clearing and settlement mechanisms in several other jurisdictions, the current size of Renminbi denominated financial assets outside the PRC is limited.

There are restrictions imposed by PBoC on Renminbi business participating banks in respect of cross-border Renminbi settlement, such as those relating to direct transactions with PRC enterprises. Furthermore, Renminbi business participating banks do not have direct Renminbi liquidity support from PBoC, although PBoC has gradually allowed participating banks to access the PRC's onshore inter-bank market for the purchase and sale of Renminbi. The RMB Clearing Banks only have limited access to onshore liquidity support from PBoC for the purpose of squaring open positions of participating banks for limited types of transactions and are not obliged to square for participating banks any open positions resulting from other foreign exchange transactions or conversion services. In cases where the participating banks cannot source sufficient Renminbi through the above channels, they will need to source Renminbi from outside the PRC to square such open positions.

Although it is expected that the offshore Renminbi market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that new PRC regulations will not be promulgated or the Settlement Arrangements will not be terminated or amended in the future, which will have the effect of restricting the availability of Renminbi outside the PRC. The limited availability of Renminbi outside the PRC may affect the liquidity of the RMB Notes. To the extent the Issuer or, as the case may be, a Guarantor is required to source Renminbi in the offshore market to service the RMB Notes, there is no assurance that the Issuer or, as the case may be, Guarantors will be able to source such Renminbi on satisfactory terms, if at all.

Investment in RMB Notes is subject to exchange rate risks

The value of Renminbi against other foreign currencies fluctuates from time to time and is affected by changes in the PRC and international political and economic conditions as well as many other factors. The PBoC has in recent years implemented changes to the way it calculates the Renminbi's daily midpoint against the U.S. dollar to take into account market-maker quotes before announcing such daily midpoint. This change, and others that may be implemented, may increase the volatility in the value of the Renminbi against foreign currencies. All payments of interest and principal will be made in Renminbi with respect to RMB Notes unless otherwise specified. As a result, the value of these Renminbi payments may vary with the changes in the prevailing exchange rates in the marketplace. If the value of Renminbi depreciates against another foreign currency, the value of the investment made by a holder of the RMB Notes in that foreign currency will decline.

Investment in the RMB Notes is subject to currency risk

If the Issuer is not able, or it is impracticable for it, to satisfy its obligation to pay interest and principal on the RMB Notes as a result of RMB Inconvertibility, RMB Non-Transferability or RMB Illiquidity (each, as defined in the Conditions), the Issuer shall be entitled, on giving not less than five or more than 30 calendar days' irrevocable notice to the investors prior to the due date for payment, to settle any such payment in U.S. dollars on the due date at the U.S. Dollar equivalent of any such interest or principal, as the case may be.

An investment in RMB Notes is subject to interest rate risk

The PRC Government has gradually liberalised its regulation of interest rates in recent years. Further liberalisation may increase interest rate volatility. In addition, the interest rate for Renminbi in markets outside the PRC may significantly deviate from the interest rate for Renminbi in the PRC as a result of foreign exchange controls imposed by PRC laws and regulations and prevailing market conditions.

As RMB Notes may carry a fixed interest rate, the trading price of the RMB Notes will consequently vary with the fluctuations in the RMB interest rates. If holders of the RMB Notes propose to sell their RMB Notes before their maturity, they may receive an offer lower than the amount they have invested.

Payments in respect of RMB Notes will only be made to investors in the manner specified in the terms and conditions of the relevant Notes

All Renminbi payments to investors in respect of the RMB Notes will be made solely: (i) for so long as the RMB Notes are represented by a common depository for Euroclear and Clearstream, Luxembourg, or with such other clearing system (or a depository, custodian or nominee thereof) specified in the applicable Final Terms, by transfer to a Renminbi bank account maintained in the Renminbi Settlement Centre(s) specified in the applicable Final Terms in accordance with prevailing rules and procedures of the relevant clearing system; or (ii) when the RMB Notes are in definitive form, by transfer to a Renminbi bank account maintained in the Renminbi Settlement Centre(s) specified in the applicable Final Terms in accordance with prevailing rules and regulations. The Issuer or, as the case may be, Guarantors cannot be required to make payment by any other means (including in any other currency or by transfer to a bank account in the PRC).

Gains on the transfer of the RMB Notes may become subject to income taxes under PRC tax laws

Under the PRC Enterprise Income Tax Law, the PRC Individual Income Tax Law and the relevant implementing rules, as amended from time to time, any gain realised on the transfer of RMB Notes by non-PRC resident enterprise or individual holders may be subject to PRC enterprise income tax ("EIT") or PRC individual income tax ("IIT") if such gain is regarded as income derived from sources within the PRC. The

PRC Enterprise Income Tax Law levies EIT at the rate of 20 per cent. of the PRC-sourced gains derived by such non-PRC resident enterprise from the transfer of Renminbi Notes but its implementation rules have reduced the EIT rate to 10 per cent. The PRC Individual Income Tax Law levies IIT at a rate of 20 per cent. of the PRC-sourced gains derived by such non-PRC resident individual holder from the transfer of Renminbi Notes.

However, uncertainty remains as to whether the gain realised from the transfer of Renminbi Notes by non-PRC resident enterprise or individual holders would be treated as income derived from sources within the PRC and thus become subject to EIT or IIT. This will depend on how the PRC tax authorities interpret, apply or enforce the PRC Enterprise Income Tax Law, the PRC Individual Income Tax Law and the relevant implementing rules. According to the arrangement between the PRC and Hong Kong, for avoidance of double taxation, holders who are residents of Hong Kong, including enterprise holders and individual holders, will not be subject to EIT or IIT on capital gains derived from a sale or exchange of the Notes.

Therefore, if enterprise or individual resident holders which are non-PRC residents are required to pay PRC income tax on gains derived from the transfer of Renminbi Notes, unless there is an applicable tax treaty between PRC and the jurisdiction in which such non-PRC enterprise or individual holders of Renminbi Notes reside that reduces or exempts the relevant EIT or IIT, the value of their investment in Renminbi Notes may be materially and adversely affected.

Conflicts of interest – Calculation Agent

Potential conflicts of interest may exist between the Calculation Agent (if any) and Noteholders (including where a Dealer acts as a calculation agent), including with respect to certain determinations and judgements that such Calculation Agent may make pursuant to the Conditions that may influence amounts receivable by the Noteholders during the term of the Notes and upon their redemption.

Risks related to the Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

Modification, waivers and substitution

The terms and conditions of the Notes contain provisions for calling meetings of Noteholders to consider and vote upon matters affecting their interests generally, or to pass resolutions in writing or by way of electronic consents. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting or, as the case may be, did not sign the written resolution or give their consent electronically, and including those Noteholders who voted in a manner contrary to the majority.

The terms and conditions of the Notes also provide that the Issuer may, without the consent of Noteholders, in the circumstances described in Condition 16 agree to: (i) any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of Notes; or (ii) determine without the consent of the Noteholders that any Event of Default (as defined in Condition 11) or potential Event of Default shall not be treated as such; or (iii) the substitution of another company as principal debtor under any Notes in place of the Issuer.

European Monetary Union may cause Notes denominated in certain currencies to be redenominated in euro

If Notes are issued under the Programme which are denominated in the currency of a country which, at the time of issue, has not adopted the euro as its sole currency and, before the relevant Notes are redeemed, the euro becomes the sole currency of that country, a number of consequences may follow including, but not limited to: (i) all amounts payable in respect of the relevant Notes may become payable in euro; (ii) applicable law may allow or require such Notes to be redenominated into euro and additional measures to be taken in respect of such Notes; and (iii) there may no longer be available published or displayed rates for deposits in such currency used to determine the rates of interest on such Notes. Any of these or any other consequences could adversely affect the holders of the relevant Notes.

Bearer Notes where denominations involve integral multiples: definitive Bearer Notes

In relation to any issue of Bearer Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Bearer Note in respect of such holding (should such Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

If Bearer Notes are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Investors in the Notes must rely on DTC, Euroclear and Clearstream, Luxembourg procedures

Notes issued under the Programme will be represented on issue by one or more Global Notes that may be deposited with a common depositary for Euroclear and Clearstream, Luxembourg or may be deposited with a nominee for DTC (each as defined under "*Form of the Notes*"). Except in the circumstances described in each Global Note, investors will not be entitled to receive Notes in definitive form. Each of DTC, Euroclear and Clearstream, Luxembourg and their respective direct and indirect participants will maintain records of the beneficial interests in each Global Note held through it. While the Notes are represented by a Global Note, investors will be able to trade their beneficial interests only through the relevant clearing systems and their respective participants.

While the Notes are represented by Global Notes, the Issuer will discharge its payment obligations under the Notes by making payments through the relevant clearing systems. A holder of a beneficial interest in a Global Note must rely on the procedures of the relevant clearing system and its participants to receive payments under the Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in any Global Note.

Holders of beneficial interests in a Global Note will not have a direct right to vote in respect of the Notes so represented. Instead, such holders will be permitted to act only to the extent that they are enabled by the relevant clearing system and its participants to appoint appropriate proxies.

Certain benchmark rates, including LIBOR and EURIBOR, may be discontinued or reformed in the future - including the potential phasing-out of LIBOR after 2021

LIBOR, EURIBOR and other rates and indices which are deemed to be "benchmarks" are the subject of recent national, international and other regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to such a "benchmark".

The EU Benchmarks Regulation applies, subject to certain transitional provisions, to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU. Similarly, it prohibits the use in the EEA by EEA supervised entities of benchmarks of administrators that are not authorised by ESMA or registered in the ESMA register (or, if non-EEA based, not deemed to be equivalent or recognized or endorsed). Regulation (EU) 2016/1011 as it forms part of domestic law by virtue of EUWA (the "**UK Benchmarks Regulation**") among other things, applies to the provision of benchmarks and the use of a benchmark in the UK. Similarly, it prohibits the use in the UK by UK supervised entities of benchmarks of administrators that are not authorised by the FCA or registered on the FCA register (or, if non-UK based, not deemed to be equivalent or recognized or endorsed).

The EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable, could have a material impact on any Notes linked to LIBOR, EURIBOR or another "benchmark" rate or index, in particular, if the methodology or other terms of the "benchmark" are changed in order to comply with the terms of the EU Benchmarks Regulation, and/or the UK Benchmarks Regulation, as applicable. Such changes could, (amongst other things) have the effect of reducing or increasing the rate or level, or affecting the volatility of the published rate or level, of the benchmark. In addition, the EU Benchmarks Regulation, and/or the UK Benchmarks Regulation stipulates that each administrator of a "benchmark" regulated

thereunder must be licensed by the competent authority of the Member State where such administrator is located. There is a risk that administrators of certain "benchmarks" will fail to obtain a necessary licence, preventing them from continuing to provide such "benchmarks". Other administrators may cease to administer certain "benchmarks" because of the additional costs of compliance with the EU Benchmarks Regulation, and/or the UK Benchmarks Regulation and other applicable regulations, and the risks associated therewith.

As an example of such benchmark reforms, on 27 July 2017, the FCA announced that it will no longer persuade or compel banks to submit rates for the calculation of the LIBOR benchmark after 2021 (the "**FCA Announcement**"). The FCA Announcement indicates that the continuation of LIBOR on the current basis cannot and will not be guaranteed after 2021. In a further speech on 12 July 2018, the FCA announced that the LIBOR benchmark may cease to be a regulated benchmark under the EU Benchmarks Regulation and that market participants should not rely on the continued publication of LIBOR after the end of 2021. On 5 March 2021, the head of the UK Financial Conduct Authority (the "**FCA**"), which regulates the LIBOR administrator, announced that 35 LIBOR-setting will either cease to be provided by such administrator or will no longer be representative as of the end of 2021, for some USD LIBOR settings as of 30 June 2023. It is not possible to predict whether, and to what extent, panel banks will continue to provide LIBOR submissions to the administrator of LIBOR going forward. The potential elimination of the LIBOR benchmark or any other benchmark, or changes in the manner of administration of any benchmark could require or result in an adjustment to the interest provisions of the terms and conditions, or result in other consequences, in respect of any Notes linked to such benchmark. In certain circumstances the ultimate fallback of interest for a particular Interest Period may result in the Rate of Interest for the last preceding Interest Period being used. This may result in the effective application of a fixed rate for floating rate Notes based on the rate which was last observed on the Relevant Screen Page or determined in accordance with the benchmark replacement provisions in the Conditions. Further, in certain circumstances, the Trustee may, in its discretion, determine the applicable Rate of Interest for a given period. Any such consequences could have a material adverse effect on the value and return on any such Notes.

More broadly, any of the international, national or other proposals for reform, or the general increased regulatory scrutiny of "benchmarks", could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements. Such factors may have the following effects on certain "benchmarks" (including LIBOR or EURIBOR): (i) discourage market participants from continuing to administer or contribute to the "benchmark"; (ii) trigger changes in the rules or methodologies used in the "benchmark"; or (iii) lead to the disappearance of the "benchmark". Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to or referencing the relevant benchmark.

The elimination of LIBOR or any other benchmark, or changes in the manner of administration of any benchmark, could require or result in an adjustment to the Rate of Interest provisions of the Conditions (as further described in Condition 6.2(i) (*Benchmark Replacement*)).

The Conditions provide for certain fallback arrangements if a Benchmark Event occurs, including the possibility that the interest rate could be set by reference to a successor rate or an alternative Reference Rate and that such successor rate or alternative Reference Rate may be adjusted (if required) by an Adjustment Spread (in each case, without a requirement for the consent or approval of Noteholders). Any such changes may result in the Notes performing differently (which may include payment of a lower interest rate) than if the original benchmark continued to apply. In certain circumstances the ultimate fallback for a particular Interest Period may result in the interest rate for the last preceding Interest Period being used. The consent or approval of the Noteholders shall not be required in connection with effecting a successor rate or an alternative Reference Rate (as applicable) and/or (in either case) an Adjustment Spread or any of the other changes set out in Condition 6.2(i) (*Benchmark Replacement*).

This may result in the effective application of a fixed rate for floating rate Notes based on the rate which was last observed on the Relevant Screen Page. In addition, due to the uncertainty concerning the availability of successor rates and alternative Reference Rates and the involvement of an Independent Adviser (as defined in the Conditions), the relevant fallback provisions may not operate as intended at the relevant time.

Any such consequences could have a material adverse effect on the value of and return on any such Notes.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable, reforms or possible cessation or reform of certain Reference Rates in making any investment decision with respect to any Notes linked to or referencing a benchmark.

The use of proceeds of the Notes may not meet investor expectations or requirements, including the expectations and requirements of environmentally focused investors

The use of proceeds of the Notes subsequently received by Majid Al Futtaim Properties may not meet investor expectations or requirements. Majid Al Futtaim Properties will exercise its judgement and sole discretion in determining the businesses and projects that will be financed by the proceeds of the Notes. If the use of the proceeds of the Notes is a factor in an investor's decision to invest in the Notes, they should consider the disclosure in "Use of Proceeds" in the applicable Final Terms prepared for each relevant Series of Notes, including any green Notes, and consult with their legal or other advisers before making an investment in the Notes. There can be no assurance that any of the businesses and projects funded with the proceeds from the Notes will meet the Majid Al Futtaim Green Finance Framework or an investor's expectations or requirements. Furthermore, there is no contractual obligation to investors to allocate the proceeds of the Notes to finance eligible businesses and projects or to provide annual progress reports as described in "Use of Proceeds" in the applicable Final Terms. Majid Al Futtaim Properties' failure to so allocate or report the failure of any of the businesses and projects funded with the proceeds from the Notes to meet the Green Finance Framework will not constitute an Event of Default (as defined in the Terms and Conditions) with respect to the Notes and may affect the value and/or the trading price of the Notes and/or have adverse consequences for certain investors with portfolio mandates to invest in green assets.

Furthermore, it should be noted that there is currently no clearly-defined definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, a "green" or "sustainable" or an equivalently-labelled project or as to what precise attributes are required for a particular project to be defined as "green" or "sustainable" or such other equivalent label nor can any assurance be given that such a clear definition or consensus will develop over time. Accordingly, no assurance is or can be given to investors (whether by Majid Al Futtaim Holding, Majid Al Futtaim Properties, the Arrangers, the Dealers, the Agents or any other person) that any projects or uses the subject of, or related to, any of the businesses and projects funded with the proceeds from the Notes will meet any or all investor expectations regarding such "green", "sustainable" or other equivalently-labelled performance objectives or that any adverse environmental, social and/or other impacts will not occur during the implementation of any projects or uses the subject of, or related to, any of the businesses and projects funded with the proceeds from the Notes.

No assurance or representation is given as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any third party (whether or not solicited by Majid Al Futtaim Properties) which may be made available in connection with the issue of the Notes and in particular with any of the businesses and projects funded with the proceeds from the Notes to fulfil any environmental, sustainability, social and/or other criteria. For the avoidance of doubt, any such opinion or certification is not, nor shall be deemed to be, incorporated in and/or form part of this Base Prospectus. Any such opinion or certification is not, nor should be deemed to be, a recommendation by Majid Al Futtaim Holding, Majid Al Futtaim Properties, the Arrangers, the Dealers, the Agents or any other person to buy, sell or hold the Notes. Any such opinion or certification is only current as at the date that opinion was initially issued. Prospective investors must determine for themselves the relevance of any such opinion or certification and/or the information contained therein and/or the provider of such opinion or certification for the purpose of any investment in the Notes. The providers of such opinions and certifications are not currently subject to any specific regulatory or other regime or oversight.

If the Notes are at any time listed or admitted to trading on any dedicated "green", "environmental", "sustainable" or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), no representation or assurance is given by Majid Al Futtaim Holding, Majid Al Futtaim Properties, the Arrangers, the Dealers, the Agents or any other person that such listing or admission satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own bylaws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, any of the businesses and projects funded with the proceeds from the Notes. Furthermore, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another.

Nor is any representation or assurance given or made by Majid Al Futtaim Holding, Majid Al Futtaim Properties, the Arrangers, the Dealers, the Agents or any other person that any such listing or admission to trading will be obtained in respect of the Notes or, if obtained, that any such listing or admission to trading will be maintained during the life of the Notes.

Risks relating to enforcement

Investors may experience difficulties in enforcing arbitration awards and foreign judgments in Dubai

The payments under the Notes are dependent upon the Issuer (failing which, the Guarantors) making payments to investors in the manner contemplated under the Notes or the Guarantee, as the case may be. If the Issuer and subsequently both of the Guarantors fail to do so, it may be necessary to bring an action against the Guarantors (or either of them) to enforce their (or its) obligations and/or to claim damages, as appropriate, which may be costly and time-consuming.

Furthermore, to the extent that enforcement of remedies must be pursued in the UAE, it should be borne in mind that there is limited scope for self-help remedies under UAE law and that generally enforcement of remedies in the UAE must be pursued through the courts.

Under current Dubai law, the Dubai courts are unlikely to enforce an English or United States court judgment without re-examining the merits of the claim and may not observe the choice by the parties of English law as the governing law of the transaction. In the UAE, foreign law is required to be established as a question of fact and the interpretation of English law, by a court in the UAE, may not accord with the interpretation of an English court. In principle, courts in the UAE recognise the choice of foreign law if they are satisfied that an appropriate connection exists between the relevant transaction agreement and the foreign law which has been chosen. They will not, however, honour any provision of foreign law which is contrary to public policy, order or morals in the UAE, or to any mandatory law of, or applicable in, the UAE.

The UAE is a civil law jurisdiction and judicial precedents in Dubai have no binding effect on subsequent decisions. In addition, there is no formal system of reporting court decisions in Dubai. These factors create greater judicial uncertainty than would be expected in other jurisdictions.

The Notes, the Trust Deed, the Agency Agreement (as defined in "*Terms and Conditions of the Notes*"), and the Programme Agreement (as defined in "*Subscription and Sale and Transfer and Selling Restrictions*") are governed by English law and the parties to such documents have agreed to refer any unresolved dispute in relation to such documents to arbitration under LCIA Rules.

The New York Convention on the Recognition and Enforcement of Foreign Arbitral Awards 1958 (the "**New York Convention**") entered into force in the UAE on 19 November 2006. In the absence of any other multilateral or bilateral enforcement convention, an arbitration award rendered in London should be enforceable in the UAE in accordance with the terms of the New York Convention. Under the New York Convention, the UAE has an obligation to recognise and enforce foreign arbitration awards, unless the party opposing enforcement can prove one of the grounds under Article V of the New York Convention to refuse enforcement, or the UAE courts find that the subject matter of the dispute is not capable of settlement by arbitration or enforcement would be contrary to the public policy of the UAE.

There is no established track record as to how the New York Convention provisions would be interpreted and applied by the UAE courts in practice and whether the UAE courts will enforce a foreign arbitration award in accordance with the New York Convention (or any other multilateral or bilateral enforcement convention). This is reinforced by the lack of a system of binding judicial precedent in the UAE and the independent existence of different Emirates within the UAE, some with their own court systems, and whose rulings may have no more than persuasive force cross border. Although there are examples of foreign arbitral awards being enforced in the UAE under the New York Convention, there are other cases where the enforcement of foreign arbitral awards have been refused. Federal Cabinet Resolution No. 57 of 2018 (the "**Resolution**") also governs the enforcement of foreign arbitral awards in the UAE. The Resolution confirms that arbitral awards issued in a foreign state may be enforced in the UAE and that the conditions for enforcement of foreign arbitral awards set out in the New York Convention shall not be prejudiced by the Resolution. However, there is not established track record as to how the overlapping provisions of the New York Convention and the Resolution will be interpreted and applied by the UAE courts in practice. There is also a risk that, notwithstanding the New York Convention, the Resolution or the terms of any

other applicable multilateral or bilateral enforcement convention, the UAE courts may in practice consider and apply the grounds for enforcement of domestic UAE arbitral awards set out in Federal Law No. 6 of 2018 (the "**UAE Arbitration Law**") to the enforcement of any non-UAE arbitral award. The UAE Arbitration Law and the Resolution are both new and it is unclear how they will be applied by the UAE courts in practice. Accordingly, there is a risk that a non-UAE arbitral award will be refused enforcement by the UAE courts.

There are limitations on the effectiveness of guarantees in the UAE

Under the laws of the UAE the obligation of a guarantor is incidental to the obligations of the principal debtor, and the obligations of a guarantor will only be valid to the extent of the continuing obligations of the principal debtor. The laws of the UAE do not contemplate a guarantee by way of indemnity of the obligations of the debtor by the guarantor and instead contemplate a guarantee by way of suretyship. Accordingly, it is not possible to state with any certainty whether a guarantor could be obliged by the Dubai courts to pay a greater sum than the debtor is obliged to pay or to perform an obligation that the debtor is not obligated to perform.

In order to enforce a guarantee under the laws of the UAE, the underlying debt obligation for which such guarantee has been granted may need to be proved before the Dubai courts.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. The liquidity of any market for the Notes that may develop depends on a number of factors, including:

- the method of calculating the principal and interest in respect of the Notes;
- the time remaining to the maturity of the Notes;
- the outstanding amount of the Notes;
- the redemption features of the Notes; and
- the level, direction and volatility of market interest rates generally.

Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes and the Guarantors will make any payments under the Guarantee in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls which could adversely affect an applicable exchange rate. The Issuer does not have any control over the factors that generally affect these risks, such as economic, financial and political events and the supply and demand for applicable currencies. In recent years, exchange rates between certain currencies have been volatile and volatility between such currencies or with other currencies may be expected in the future. An appreciation in the value of the Investor's Currency relative to the Specified

Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency equivalent value of the principal payable on the Notes and (3) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal. Even if there are no actual exchange controls, it is possible that the Specified Currency for any particular Note may not be available at such Note's maturity.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Issuer and to Notes issued under the Programme. The ratings may not reflect the potential impact of all risks related to the transaction structure, the market, the additional factors discussed above or any other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the relevant rating agency at any time. There is no assurance that the rating will remain in effect for any given period of time or that the rating will not be lowered or withdrawn entirely if circumstances in the future so warrant.

In general, European regulated investors are restricted under the EU CRA Regulation from using credit ratings for regulatory purposes in the EEA, unless such ratings are issued by a credit rating agency established in the EEA and registered under the EU CRA Regulation (and such registration has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). Such general restriction will also apply in the case of credit ratings issued by third country non-EEA credit rating agencies, unless the relevant credit ratings are endorsed by an EEA-registered credit rating agency or the relevant third country rating agency is certified in accordance with the EU CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). The list of registered and certified rating agencies published by ESMA on its website in accordance with the EU CRA Regulation is not conclusive evidence of the status of the relevant rating agency being included in such list as there may be delays between certain supervisory measures being taken against a relevant rating agency and publication of an updated ESMA list. Limited information with respect to the credit rating agencies and ratings will be disclosed in the applicable Final Terms. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by its assigning rating agency at any time.

Investors regulated in the UK are subject to similar restrictions under the UK CRA Regulation. As such, UK regulated investors are required to use for UK regulatory purposes ratings issued by a credit rating agency established in the UK and registered under the UK CRA Regulation. In the case of ratings issued by third country non-UK credit rating agencies, third country credit ratings can either be: (a) endorsed by a UK registered credit rating agency; or (b) issued by a third country credit rating agency that is certified in accordance with the UK CRA Regulation. Note this is subject, in each case, to (a) the relevant UK registration, certification or endorsement, as the case may be, not having been withdrawn or suspended, and (b) transitional provisions that apply in certain circumstances. In the case of third country ratings, for a certain limited period of time, transitional relief accommodates continued use for regulatory purposes in the UK, of existing pre-2021 ratings, provided the relevant conditions are satisfied.

If the status of the rating agency rating the Notes changes for the purposes of the EU CRA Regulation or the UK CRA Regulation, relevant regulated investors may no longer be able to use the rating for regulatory purposes in the EEA or the UK, as applicable, and the Notes may have a different regulatory treatment, which may impact the value of the Notes and their liquidity in the secondary market. Certain information with respect to the credit rating agencies and ratings is set out on the cover of this Base Prospectus.

FORM OF THE NOTES

The Notes of each Series will be in either bearer form, with or without interest coupons attached, or registered form, without interest coupons attached. Bearer Notes will be issued outside the United States in reliance on Regulation S under the Securities Act and Registered Notes will be issued both outside the United States in reliance on the exemption from registration provided by Regulation S and within the United States to QIBs, in reliance on Rule 144A or otherwise in private transactions that are exempt from the registration requirements of the Securities Act.

BEARER NOTES

Each Tranche of Bearer Notes will be initially issued in the form of a temporary global note (a "**Temporary Bearer Global Note**") or, if so specified in the applicable Final Terms, a permanent global note (a "**Permanent Bearer Global Note**") and, together with a Temporary Bearer Global Note, each a "**Bearer Global Note**") which, in either case, will be delivered on or prior to the original issue date of the Tranche to a common depository (the "**Common Depository**") for, Euroclear Bank SA/NV ("**Euroclear**") and Clearstream Banking, S.A. ("**Clearstream**", "**Luxembourg**").

Whilst any Bearer Note is represented by a Temporary Bearer Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made against presentation of the Temporary Bearer Global Note only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in the Temporary Bearer Global Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Principal Paying Agent.

On and after the date (the "**Exchange Date**") which is 40 days after a Temporary Bearer Global Note is issued, interests in such Temporary Bearer Global Note will be exchangeable (free of charge) upon a request as described therein either for (i) interests in a Permanent Bearer Global Note of the same Series or (ii) for definitive Bearer Notes of the same Series with, where applicable, receipts, interest coupons and talons attached (as indicated in the applicable Final Terms and subject, in the case of definitive Bearer Notes, to such notice period as is specified in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given, **provided that** purchasers in the United States and certain U.S. persons (as defined in Regulation S) will not be able to receive definitive Bearer Notes. The holder of a Temporary Bearer Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Bearer Global Note for an interest in a Permanent Bearer Global Note or for definitive Bearer Notes is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Bearer Global Note will be made through Euroclear and/or Clearstream, Luxembourg against presentation or surrender (as the case may be) of the Permanent Bearer Global Note without any requirement for certification.

The applicable Final Terms will specify that a Permanent Bearer Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Bearer Notes with, where applicable, receipts, interest coupons and talons attached upon either (a) not less than 60 days' written notice from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Bearer Global Note) to the Principal Paying Agent as described therein or (b) only upon the occurrence of an Exchange Event. For these purposes, "**Exchange Event**" means that (i) an Event of Default (as defined in Condition 11) has occurred and is continuing, (ii) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available or (iii) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Permanent Bearer Global Note in definitive form and a certificate to such effect signed by two Directors of the Issuer is given to the Issuer. The Issuer will promptly give notice to Noteholders in accordance with Condition 15 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg or the Common Depository on their behalf (acting on the instructions of any holder of an interest in such Permanent Bearer Global Note) or the Issuer may give notice to the Principal Paying Agent requesting exchange and, in the event of the occurrence of an Exchange Event as

described in (iii) above, the Issuer may also give notice to the Principal Paying Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Principal Paying Agent. Where interests in a Bearer Global Note are exchanged to definitive Bearer Notes in circumstances other than in the limited circumstances specified in the relevant Bearer Global Note, such definitive Bearer Notes will be issued in and only be allowed to trade in the Specified Denomination.

For the avoidance of doubt, if Notes are to be issued with a minimum Specified Denomination and in integral multiples of another smaller amount in excess thereof as specified in the applicable Final Terms, the Notes cannot be represented on issue by a Temporary Bearer Global Note exchangeable for definitive Notes. Similarly, the exchange of a Permanent Bearer Global Note for definitive Bearer Notes should not be expressed to be applicable in the applicable Final Terms if the Bearer Notes are issued with a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount.

The following legend will appear on all Bearer Notes (other than Temporary Bearer Global Notes) and on all interest coupons relating to such Notes where TEFRA D is specified in the applicable Final Terms:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(J) AND 1287(A) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Bearer Notes, receipts or interest coupons and will not be entitled to capital gains treatment in respect of any gain on any sale, disposition, redemption or payment of principal in respect of such Notes, receipts or interest coupons.

Notes which are represented by a Bearer Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

REGISTERED NOTES

The Registered Notes of each Tranche offered and sold in reliance on Regulation S under the Securities Act, which will be sold to non-U.S. persons outside the United States, will initially be represented by a global note in registered form (a "**Regulation S Global Note**"). Prior to expiry of the distribution compliance period (as defined in Regulation S) applicable to each Tranche of Notes, beneficial interests in a Regulation S Global Note may not be offered or sold to, or for the account or benefit of, a U.S. person save as otherwise provided in Condition 2 and may not be held otherwise than through Euroclear or Clearstream, Luxembourg and such Regulation S Global Note will bear a legend regarding such restrictions on transfer.

The Registered Notes of each Tranche offered and sold in the United States or to U.S. persons may only be offered and sold in private transactions (i) to QIBs or (ii) Institutional Accredited Investors who execute and deliver an IAI Investment Letter, among other things, (as defined in the "*Terms and Conditions of the Notes*") in which they agree to purchase the Notes for their own account and not with a view to the distribution thereof. The Registered Notes of each Tranche sold to QIBs will be represented by a global note in registered form (a "**Rule 144A Global Note**" and, together with a Regulation S Global Note, each a "**Registered Global Note**"). No sale of Legended Notes in the United States to any one purchaser will be for less than U.S.\$200,000 (or its foreign currency equivalent) principal amount.

Registered Global Notes will either (i) be deposited with a custodian for, and registered in the name of a nominee of, the Depository Trust Company ("**DTC**") or (ii) be deposited with a common depository for Euroclear and Clearstream, Luxembourg, and registered in the name of the nominee for the Common Depository of, Euroclear and Clearstream, Luxembourg, as specified in the applicable Final Terms. Persons holding beneficial interests in Registered Global Notes will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of definitive Notes in fully registered form.

The Registered Notes of each Tranche sold to Institutional Accredited Investors will be in definitive form, registered in the name of the holder thereof ("**Definitive IAI Registered Notes**"). Unless otherwise set forth in the applicable Final Terms, Definitive IAI Registered Notes will be issued only in minimum denominations of U.S.\$500,000 and integral multiples of U.S.\$1,000 in excess thereof (or the approximate

equivalents in the applicable Specified Currency). Definitive IAI Registered Notes will be subject to the restrictions on transfer set forth therein and will bear the restrictive legend described under "*Subscription and Sale and Transfer and Selling Restrictions*". Institutional Accredited Investors that hold Definitive IAI Registered Notes may not elect to hold such Notes through DTC, Euroclear or Clearstream, Luxembourg, but transferees acquiring such Notes in transactions exempt from Securities Act registration pursuant to Regulation S or Rule 144A under the Securities Act (if available) may do so upon satisfaction of the requirements applicable to such transfer as described under "*Subscription and Sale and Transfer and Selling Restrictions*". The Registered Global Notes and the Definitive IAI Registered Notes will be subject to certain restrictions on transfer set forth therein and will bear a legend regarding such restrictions.

Payments of principal, interest and any other amount in respect of the Registered Global Notes will, in the absence of provision to the contrary, be made to the person shown on the Register (as defined in Condition 7.4) as the registered holder of the Registered Global Notes. None of the Issuer, the Guarantors, any Paying Agent, the Trustee or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of the Registered Notes in definitive form will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date (as defined in Condition 7.4) immediately preceding the due date for payment in the manner provided in that Condition.

Interests in a Registered Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Registered Notes without receipts, interest coupons or talons attached only upon the occurrence of an Exchange Event. For these purposes, "**Exchange Event**" means that (i) an Event of Default has occurred and is continuing, (ii) in the case of Notes registered in the name of a nominee for DTC, either DTC has notified the Issuer that it is unwilling or unable to continue to act as depository for the Notes and no alternative clearing system is available or DTC has ceased to constitute a clearing agency registered under the Exchange Act and, in any such case, no alternative clearing system is available, (iii) in the case of Notes registered in the name of a nominee for a common depository for Euroclear and Clearstream, Luxembourg, the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and, in any such case, no successor clearing system is available or (iv) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Registered Global Note in definitive form and a certificate to that effect signed by two Directors of the Issuer is given to the Trustee. The Issuer will promptly give notice to Noteholders in accordance with Condition 15 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, DTC, Euroclear and/or Clearstream, Luxembourg or any person acting on their behalf (acting on the instructions of any holder of an interest in such Registered Global Note) or the Trustee may give notice to the Registrar requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iv) above, the Issuer may also give notice to the Registrar requesting exchange. Any such exchange shall occur not later than 10 days after the date of receipt of the first relevant notice by the Registrar.

TRANSFER OF INTERESTS

Interests in a Registered Global Note may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such interest in another Registered Global Note or in the form of a Definitive IAI Registered Note and Definitive IAI Registered Notes may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such Notes in the form of an interest in a Registered Global Note. No beneficial owner of an interest in a Registered Global Note will be able to transfer such interest, except in accordance with the applicable procedures of DTC, Euroclear and Clearstream, Luxembourg, in each case to the extent applicable. **Registered Notes are also subject to the restrictions on transfer set forth therein and will bear a legend regarding such restrictions, see "*Subscription and Sale and Transfer and Selling Restrictions*".**

GENERAL

Pursuant to the Agency Agreement, the Principal Paying Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes, the Notes of

such further Tranche shall be assigned a common code and ISIN and, where applicable, a CUSIP and CINS number which are different from the common code, ISIN, CUSIP and CINS assigned to Notes of any other Tranche of the same Series until such time as the Tranches are consolidated and form a single series, which shall not be prior to the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Notes of such Tranche.

Any reference herein to Euroclear and/or Clearstream, Luxembourg and/or DTC shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or as may otherwise be approved by the Issuer, the Guarantors, the Principal Paying Agent and the Trustee.

No Noteholder, Receiptholder or Couponholder (each as defined under "*Terms and Conditions of the Notes*") shall be entitled to proceed directly against the Issuer or either Guarantor unless the Trustee, having become bound so to proceed, fails so to do within a reasonable period, or is unable for any reason so to do, and the failure or inability shall be continuing. In addition, holders of interests in such Global Note credited to their accounts with DTC may require DTC to deliver definitive Notes in registered form in exchange for their interest in such Global Note in accordance with DTC's standard operating procedures.

The Issuer and the Guarantors may agree with any Dealer that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes herein, in which event a new Base Prospectus or a supplement to the Base Prospectus, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Notes.

TERMS AND CONDITIONS OF THE NOTES

The following are the Terms and Conditions of the Notes which will be incorporated by reference into each Global Note (as defined below) and each definitive Note, in the latter case only if permitted by the relevant stock exchange or other relevant authority (if any) and agreed by the Issuer and the relevant Dealer at the time of issue but, if not so permitted and agreed, such definitive Note will have endorsed thereon or attached thereto such Terms and Conditions. The applicable Final Terms in relation to any Tranche of Notes may specify terms and conditions which complete the following Terms and Conditions for the purpose of such Notes. The applicable Final Terms (or the relevant provisions thereof) will be endorsed upon, or attached to, each Global Note and definitive Note. Reference should be made to "Form of the Notes" for a description of the content of the Final Terms which will specify which of such terms are to apply in relation to the relevant Notes.

This Note is one of a Series (as defined below) of Notes issued by MAF Global Securities Limited (the "**Issuer**") constituted by an amended and restated trust deed dated 31 March 2021 (such trust deed as modified and/or supplemented and/or restated from time to time, the "**Trust Deed**") made between the Issuer, Majid Al Futtaim Holding LLC ("**Majid Al Futtaim Holding**"), Majid Al Futtaim Properties LLC (together with Majid Al Futtaim Holding, the **Guarantors** and each a "**Guarantor**") and Citibank, N.A., London Branch (the "**Trustee**", which expression shall include all persons for the time being trustee or trustees appointed under the Trust Deed).

References herein to the "**Notes**" shall be references to the Notes of this Series and shall mean:

- (a) in relation to any Notes represented by a global Note (a "**Global Note**"), units of each Specified Denomination in the Specified Currency;
- (b) any Global Note;
- (c) any definitive Notes in bearer form ("**Bearer Notes**") issued in exchange for a Global Note in bearer form; and
- (d) any definitive Notes in registered form ("**Registered Notes**") (whether or not issued in exchange for a Global Note in registered form).

The Notes, the Receipts (as defined below) and the Coupons (as defined below) have the benefit of an amended and restated agency agreement dated 31 March 2021 (such agency agreement as amended and/or supplemented and/or restated from time to time, the "**Agency Agreement**") and made between the Issuer, the Guarantors, the Trustee, Citibank, N.A. as issuing and principal paying agent and agent bank (the "**Principal Paying Agent**", which expression shall include any successor principal paying agent appointed from time to time in connection with the Notes) and the other paying agents named therein (together with the Principal Paying Agent, the "**Paying Agents**", which expression shall include any additional or successor paying agents appointed from time to time in connection with the Notes) and as exchange agent (the "**Exchange Agent**", which expression shall include any successor exchange agent appointed from time to time in connection with the Notes) and Citigroup Global Markets Europe AG as registrar (the "**Registrar**", which expression shall include any successor registrar appointed from time to time in connection with the Notes) and Citibank, N.A., London Branch as transfer agent and the other transfer agents named therein (the "**Transfer Agents**", which expression shall include any additional or successor transfer agents appointed from time to time in connection with the Notes).

Interest bearing definitive Bearer Notes have interest coupons ("**Coupons**") and, if indicated in the applicable Final Terms, talons for further Coupons ("**Talons**") attached on issue. Any reference herein to Coupons or coupons shall, unless the context otherwise requires, be deemed to include a reference to Talons or talons. Definitive Bearer Notes repayable in instalments have receipts ("**Receipts**") for the payment of the instalments of principal (other than the final instalment) attached on issue. Registered Notes and Global Notes do not have Receipts, Coupons or Talons attached on issue.

The final terms for this Note (or the relevant provisions thereof) are set out in Part A of the Final Terms attached to or endorsed on this Note and complete these Terms and Conditions (the "**Conditions**") for the purposes of this Note. References to the "**applicable Final Terms**" are to Part A of the Final Terms (or the relevant provisions thereof) attached to or endorsed on this Note.

The Trustee acts for the benefit of the Noteholders (which expression shall mean (in the case of Bearer Notes) the bearer of the Notes and (in the case of Registered Notes) the persons in whose name the Notes are registered and shall, in relation to any Notes represented by a Global Note, be construed as provided below), the holders of the Receipts (the "**Receiptholders**") and the holders of the Coupons (the "**Couponholders**", which expression shall, unless the context otherwise requires, include the holders of the Talons), in accordance with the provisions of the Trust Deed.

As used herein, "**Tranche**" means Notes which are identical in all respects (including as to listing and admission to trading) and "**Series**" means a Tranche of Notes together with any further Tranche or Tranches of Notes which are (a) expressed to be consolidated and form a single series and (b) identical in all respects (including as to listing and admission to trading) except for their respective Issue Dates, (unless this is a Zero Coupon Note) Interest Commencement Dates and/or Issue Prices.

Copies of the Trust Deed and the Agency Agreement are available for inspection during normal business hours at the registered office for the time being of the Principal Paying Agent being at Citigroup Centre, Canada Square, Canary Wharf, London E14 5LB, United Kingdom and at the specified office of each of the Registrar and the other Paying Agents, the Exchange Agent and the other Transfer Agents (such Agents and the Registrar being together referred to as the "**Agents**"). Copies of the applicable Final Terms are available for viewing at the registered office of the Issuer and of the Principal Paying Agent and copies may be obtained from those offices save that, if this Note is neither admitted to trading on a regulated market in the EEA nor offered in the EEA in circumstances where a prospectus is required to be published under the EU Prospectus Regulation, the applicable Final Terms will only be obtainable by a Noteholder holding one or more Notes and such Noteholder must produce evidence satisfactory to the Issuer, the Trustee and the relevant Agent as to its holding of such Notes and identity. The Noteholders, the Receiptholders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Trust Deed, the Agency Agreement and the applicable Final Terms which are applicable to them. The statements in the Conditions include summaries of, and are subject to, the detailed provisions of the Trust Deed and the Agency Agreement.

Words and expressions defined in the Trust Deed, the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in the Conditions unless the context otherwise requires or unless otherwise stated and **provided that**, in the event of inconsistency between the Trust Deed and the Agency Agreement, the Trust Deed will prevail and, in the event of inconsistency between the Trust Deed or the Agency Agreement and the applicable Final Terms, the applicable Final Terms will prevail.

1. **FORM, DENOMINATION AND TITLE**

The Notes are in bearer form or in registered form as specified in the applicable Final Terms and, in the case of definitive Notes, serially numbered, in the Specified Currency and the Specified Denomination(s). Notes of one Specified Denomination may not be exchanged for Notes of another Specified Denomination and Bearer Notes may not be exchanged for Registered Notes and *vice versa*.

This Note may be a Fixed Rate Note, a Floating Rate Note or a Zero Coupon Note depending upon the Interest Basis shown in the applicable Final Terms.

This Note may be an Instalment Note, a Partly Paid Note or a combination of any of the foregoing, depending upon the Redemption/Payment Basis shown in the applicable Final Terms.

Definitive Bearer Notes are issued with Coupons attached, unless they are Zero Coupon Notes in which case references to Coupons and Couponholders in the Conditions are not applicable.

Subject as set out below, title to the Bearer Notes, Receipts and Coupons will pass by delivery and title to the Registered Notes will pass upon registration of transfers in accordance with the provisions of the Agency Agreement. The Issuer, each Guarantor, the Trustee and any Agent will (except as otherwise required by law) deem and treat the bearer of any Bearer Note, Receipt or Coupon and the registered holder of any Registered Note as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any Global Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Notes is represented by a Global Note held on behalf of Euroclear Bank SA/NV ("**Euroclear**") and/or Clearstream Banking, S.A. ("**Clearstream**", "**Luxembourg**"), each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Guarantors, the Trustee and the Agents as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes, for which purpose the bearer of the relevant Bearer Global Note or the registered holder of the relevant Registered Global Note shall be treated by the Issuer, each Guarantor, the Trustee and any Agent as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant Global Note and the expressions "**Noteholder**" and "**holder of Notes**" and related expressions shall be construed accordingly.

For so long as the Depository Trust Company ("**DTC**") or its nominee is the registered owner or holder of a Registered Global Note, DTC or such nominee, as the case may be, will be considered the sole owner or holder of the Notes represented by such Registered Global Note for all purposes under the Trust Deed and the Agency Agreement and the Notes except to the extent that in accordance with DTC's published rules and procedures any ownership rights may be exercised by its participants or beneficial owners through participants.

In determining whether a particular person is entitled to a particular nominal amount of Notes as aforesaid, the Trustee may rely on such evidence and/or information and/or certification as it shall, in its absolute discretion, think fit and, if it does so rely, such evidence and/or information and/or certification shall, in the absence of manifest error, be conclusive and binding on all concerned.

Notes which are represented by a Global Note will be transferable only in accordance with the rules and procedures for the time being of DTC, Euroclear and Clearstream, Luxembourg, as the case may be. References to DTC, Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or as may otherwise be approved by the Issuer, the Guarantors, the Principal Paying Agent and the Trustee.

2. TRANSFERS OF REGISTERED NOTES

2.1 Transfers of interests in Registered Global Notes

Transfers of beneficial interests in Registered Global Notes will be effected by DTC, Euroclear or Clearstream, Luxembourg, as the case may be, and, in turn, by other participants and, if appropriate, indirect participants in such clearing systems acting on behalf of transferors and transferees of such interests. A beneficial interest in a Registered Global Note will, subject to compliance with all applicable legal and regulatory restrictions, be transferable for Notes in definitive form or for a beneficial interest in another Registered Global Note only in the Specified Denominations set out in the applicable Final Terms and only in accordance with the rules and operating procedures for the time being of DTC, Euroclear or Clearstream, Luxembourg, as the case may be, and in accordance with the terms and conditions specified in the Trust Deed and the Agency Agreement. Transfers of a Registered Global Note registered in the name of a nominee for DTC shall be limited to transfers of such Registered Global Note, in whole but not in part, to another nominee of DTC or to a successor of DTC or such successor's nominee.

2.2 Transfers of Registered Notes in definitive form

Subject as provided in Conditions 2.5, 2.6 and 2.7 below, upon the terms and subject to the conditions set forth in the Trust Deed and the Agency Agreement, a Registered Note in definitive form may be transferred in whole or in part (in the Specified Denominations set out in the applicable Final Terms). In order to effect any such transfer (a) the holder or holders must (i) surrender the Registered Note for registration of the transfer of the Registered Note (or the relevant part of the Registered Note) at the specified office of any Transfer Agent, with the form of transfer thereon duly executed by the holder or holders thereof or his or their attorney or attorneys duly authorised in writing and (ii) complete and deposit such other certifications as may be required by

the relevant Transfer Agent and (b) the relevant Transfer Agent must, after due and careful enquiry, be satisfied with the documents of title and the identity of the person making the request. Any such transfer will be subject to such reasonable regulations as the Issuer and the Registrar may from time to time prescribe (the initial such regulations being set out in Schedule 5 to the Agency Agreement). Subject as provided above, the relevant Transfer Agent will, within three business days (being for this purpose a day on which banks are open for business in the city where the specified office of the relevant Transfer Agent is located) of the request (or such longer period as may be required to comply with any applicable fiscal or other laws or regulations), authenticate and deliver, or procure the delivery of, at its specified office to the transferee or (at the risk of the transferee) send by uninsured mail, to such address as the transferee may request, a new Registered Note in definitive form of a like aggregate nominal amount to the Registered Note (or the relevant part of the Registered Note) transferred. In the case of the transfer of part only of a Registered Note in definitive form, a new Registered Note in definitive form in respect of the balance of the Registered Note not transferred will be so delivered or (at the risk of the transferor) sent to the transferor.

2.3 **Registration of transfer upon partial redemption**

In the event of a partial redemption of Notes under Condition 8, the Issuer shall not be required to register the transfer of any Registered Note, or part of a Registered Note, called for partial redemption.

2.4 **Costs of registration**

Noteholders will not be required to bear the costs and expenses of effecting any registration of transfer as provided above, except for any costs or expenses of delivery other than by regular uninsured mail and except that the Issuer may require the payment of a sum sufficient to cover any stamp duty, tax or other governmental charge that may be imposed in relation to the registration.

2.5 **Transfers of interests in Regulation S Global Notes**

Prior to expiry of the applicable Distribution Compliance Period, transfers by the holder of, or of a beneficial interest in, a Regulation S Global Note to a transferee in the United States or who is a U.S. person will only be made:

- (a) upon receipt by the Registrar of a written certification substantially in the form set out in the Agency Agreement, amended as appropriate (a "**Transfer Certificate**"), copies of which are available from the specified office of any Transfer Agent, from the transferor of the Note or beneficial interest therein to the effect that such transfer is being made:
 - (i) to a person whom the transferor reasonably believes is a QIB in a transaction meeting the requirements of Rule 144A; or
 - (ii) to a person who is an Institutional Accredited Investor,
 - (iii) together with, in the case of (ii), a duly executed investment letter from the relevant transferee substantially in the form set out in the Agency Agreement (an "**IAI Investment Letter**"); or
- (b) otherwise pursuant to the Securities Act or an exemption therefrom, subject to receipt by the Issuer of such satisfactory evidence as the Issuer may reasonably require, which may include an opinion of U.S. counsel, that such transfer is in compliance with any applicable securities laws of any state of the United States, and, in each case, in accordance with any applicable securities laws of any State of the United States or any other jurisdiction.

In the case of (a)(i) above, such transferee may take delivery through a Legended Note in global or definitive form and, in the case of (a)(ii) above, such transferee may take delivery only through a Legended Note in definitive form. After expiry of the applicable Distribution Compliance Period (A) beneficial interests in Regulation S Global Notes registered in the name of a nominee for DTC may be held through DTC directly, by a participant in DTC, or indirectly through a participant in DTC and (B) such certification requirements will no longer apply to such transfers.

2.6 Transfers of interests in Legended Notes

Transfers of Legended Notes or beneficial interests therein may be made:

- (a) to a transferee who takes delivery of such interest through a Regulation S Global Note, upon receipt by the Registrar of a duly completed Transfer Certificate from the transferor to the effect that such transfer is being made in accordance with Regulation S and that in the case of a Regulation S Global Note registered in the name of a nominee for DTC, if such transfer is being made prior to expiry of the applicable Distribution Compliance Period, the interests in the Notes being transferred will be held immediately thereafter through Euroclear and/or Clearstream, Luxembourg; or
- (b) to a transferee who takes delivery of such interest through a Legended Note:
 - (i) where the transferee is a person whom the transferor reasonably believes is a QIB in a transaction meeting the requirements of Rule 144A, without certification; or
 - (ii) where the transferee is an Institutional Accredited Investor, subject to delivery to the Registrar of a Transfer Certificate from the transferor to the effect that such transfer is being made to an Institutional Accredited Investor, together with a duly executed IAI Investment Letter from the relevant transferee; or
- (c) otherwise pursuant to the Securities Act or an exemption therefrom, subject to receipt by the Issuer of such satisfactory evidence as the Issuer may reasonably require, which may include an opinion of U.S. counsel, that such transfer is in compliance with any applicable securities laws of any State of the United States, and, in each case, in accordance with any applicable securities laws of any State of the United States or any other jurisdiction.

Notes transferred by Institutional Accredited Investors to QIBs pursuant to Rule 144A or outside the United States pursuant to Regulation S will be eligible to be held by such QIBs or non-U.S. investors through DTC, Euroclear or Clearstream, Luxembourg, as appropriate, and the Registrar will arrange for any Notes which are the subject of such a transfer to be represented by the appropriate Registered Global Note, where applicable.

Upon the transfer, exchange or replacement of Legended Notes, or upon specific request for removal of the Legend, the Registrar shall deliver only Legended Notes or refuse to remove the Legend, as the case may be, unless there is delivered to the Issuer such satisfactory evidence as may reasonably be required by the Issuer, which may include an opinion of U.S. counsel, that neither the Legend nor the restrictions on transfer set forth therein are required to ensure compliance with the provisions of the Securities Act.

2.7 Exchanges and transfers of Registered Notes generally

The election will have effect as follows:

- (a) the Notes and the Receipts shall be deemed to be redenominated in euro in the denomination of euro 0.01 with a nominal amount for each Note and Receipt equal to the nominal amount of that Note or Receipt in the Specified Currency, converted into euro at the Established Rate, **provided that**, if the Issuer determines, with the agreement of the Principal Paying Agent and the Trustee, that the then market practice in respect of the redenomination in euro of internationally offered securities is different from the provisions specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Noteholders, each listing authority (if any), the stock exchange (if any) on which the Notes may be listed and the Agents of such deemed amendments;
- (b) save to the extent that an Exchange Notice has been given in accordance with paragraph (d) below, the amount of interest due in respect of the Notes will be calculated by reference to the aggregate nominal amount of Notes held (or, as the case may be, in respect of which Coupons are presented for payment) by the relevant holder and the amount of such payment shall be rounded down to the nearest euro 0.01;
- (c) if definitive Notes are required to be issued after the Redenomination Date, they shall be issued at the expense of the Issuer (i) in the case of Relevant Notes in the denomination of euro 100,000 and/or such higher amounts as the Principal Paying Agent may determine and notify to the Noteholders and any remaining amounts less than euro 100,000 shall be

redeemed by the Issuer and paid to the Noteholders in euro in accordance with Condition 7; and (ii) in the case of Notes which are not Relevant Notes, in the denominations of euro 1,000, euro 10,000, euro 100,000 and (but only to the extent of any remaining amounts less than euro 1,000 or such smaller denominations as the Principal Paying Agent and the Trustee may approve) euro 0.01 and such other denominations as the Principal Paying Agent shall determine and notify to the Noteholders;

- (d) if issued prior to the Redenomination Date, all unmatured Coupons denominated in the Specified Currency (whether or not attached to the Notes) will become void with effect from the date on which the Issuer gives notice (the "**Exchange Notice**") that replacement euro-denominated Notes, Receipts and Coupons are available for exchange (**provided that** such securities are so available) and no payments will be made in respect of them. The payment obligations contained in any Notes and Receipts so issued will also become void on that date although those Notes and Receipts will continue to constitute valid exchange obligations of the Issuer. New euro-denominated Notes, Receipts and Coupons will be issued in exchange for Notes, Receipts and Coupons denominated in the Specified Currency in such manner as the Principal Paying Agent may specify and as shall be notified to the Noteholders in the Exchange Notice. No Exchange Notice may be given less than 15 days prior to any date for payment of principal or interest on the Notes;
- (e) after the Redenomination Date, all payments in respect of the Notes, the Receipts and the Coupons, other than payments of interest in respect of periods commencing before the Redenomination Date, will be made solely in euro as though references in the Notes to the Specified Currency were to euro. Payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque;
- (f) if the Notes are Fixed Rate Notes and interest for any period ending on or after the Redenomination Date is required to be calculated for a period ending other than on an Interest Payment Date, it will be calculated:
 - (i) in the case of the Notes represented by a Global Note, by applying the Rate of Interest to the aggregate outstanding nominal amount of the Notes represented by such Global Note; and
 - (ii) in the case of definitive Notes, by applying the Rate of Interest to the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding; and

- (g) if the Notes are Floating Rate Notes, the applicable Final Terms will specify any relevant changes to the provisions relating to interest.

6. INTEREST

6.1 Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

If the Notes are in definitive form, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in the Conditions, **"Fixed Interest Period"** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except in the case of Notes in definitive form where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (a) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (b) in the case of Fixed Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

"Day Count Fraction" means, in respect of the calculation of an amount of interest, in accordance with this Condition 6.1:

- (i) if "Actual/Actual (ICMA)" is specified in the applicable Final Terms:
 - (A) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the **"Accrual Period"**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or

- (B) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
 - (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
- (ii) if "30/360" is specified in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360.

In these Conditions:

"Determination Period" means each period from (and including) a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

"sub-unit" means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, one cent.

6.2 Interest on Floating Rate Notes

(a) *Interest Payment Dates*

Each Floating Rate Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (i) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (ii) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an **"Interest Payment Date"**) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression shall, in these Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day on the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (A) in any case where Specified Periods are specified in accordance with Condition 6.2(a)(ii) above, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (b) below shall

apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (1) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (2) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or

- (B) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (C) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (D) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In these Conditions, "**Business Day**" means a day which is both:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and any Additional Business Centre specified in the applicable Final Terms; and
- (ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland, respectively), (2) in relation to any sum payable in euro, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET 2) System (the TARGET 2 System) is open or (3) in relation to any sum payable in Renminbi, a day (other than a Saturday, Sunday or public holiday) on which commercial banks in Hong Kong are generally open for business and settlement of Renminbi payments in Hong Kong.

(b) ***Rate of Interest***

The Rate of Interest payable from time to time in respect of Floating Rate Notes will be specified in the applicable Final Terms.

(i) ***ISDA Determination for Floating Rate Notes***

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (i), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Principal Paying Agent under an interest rate swap transaction if the Principal Paying Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the "**ISDA Definitions**") and under which:

- (A) the Floating Rate Option is as specified in the applicable Final Terms;

- (B) the Designated Maturity is a period specified in the applicable Final Terms; and
- (C) the relevant Reset Date is either (1) if the applicable Floating Rate Option is based on the London interbank offered rate ("**LIBOR**") or on the Euro-zone interbank offered rate ("**EURIBOR**"), the first day of that Interest Period or (2) in any other case, as specified in the applicable Final Terms.

For the purposes of this subparagraph (i), "**Floating Rate, Calculation Agent**", "**Floating Rate Option, Designated Maturity**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions.

Unless otherwise stated in the applicable Final Terms the Minimum Rate of Interest shall be deemed to be zero.

(ii) *Screen Rate Determination for Floating Rate Notes*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation; or
- (B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) (the "**Specified Time**") on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Principal Paying Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Principal Paying Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if, in the case of (A) above, no offered quotation appears or if, in the case of (B), fewer than three offered quotations appear, in each case as at the Specified Time, the Principal Paying Agent shall request each of the Reference Banks to provide the Principal Paying Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Principal Paying Agent with offered quotations, the Rate of Interest for the Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Principal Paying Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Principal Paying Agent with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Principal Paying Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Principal Paying Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by

leading banks in the London inter-bank market (if the Reference Rate is LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Principal Paying Agent with offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for the purpose) informs the Principal Paying Agent it is quoting to leading banks in the London inter-bank market (if the Reference Rate is LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) plus or minus (as appropriate) the Margin (if any), **provided that**, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Final Terms as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided in the applicable Final Terms.

(c) ***Minimum Rate of Interest and/or Maximum Rate of Interest***

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(d) ***Determination of Rate of Interest and calculation of Interest Amounts***

The Principal Paying Agent will at or as soon as practicable after each time at which the Rate of Interest is to be determined in relation to each Interest Period, determine the Rate of Interest for such Interest Period.

The Principal Paying Agent will calculate the amount of interest (the "**Interest Amount**") payable on the Floating Rate Notes for the relevant Interest Period by applying the Rate of Interest to:

- (i) in the case of Floating Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (ii) in the case of Floating Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable

in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

"Day Count Fraction" means, in respect of the calculation of an amount of interest in accordance with this Condition 6.2:

- (i) if "Actual/Actual (ISDA)" or "Actual/Actual" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (I) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (II) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (ii) if "Actual/365 (Fixed)" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (iii) if "Actual/365 (Sterling)" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (iv) if "Actual/360" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (v) if "30/360", "360/360" or "Bond Basis" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\frac{[360 \times (Y2 - Y1)] + [30 \times (M2 - M1)] + (D2 - D1)}{360}$$

where:

"Y1" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D1" is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D1 will be 30; and

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30;

- (vi) if "30E/360" or "Eurobond Basis" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\frac{360 \times (Y2 - Y1) + [30 \times (M2 - M1)] + (D2 - D1)}{360}$$

where:

"Y1" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D1" is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D1 will be 30; and

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D2 will be 30;

- (vii) if "30E/360 (ISDA)" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\frac{360 \times (Y2 - Y1) + [30 \times (M2 - M1)] + (D2 - D1)}{360}$$

where:

"Y1" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D1" is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D1 will be 30; and

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D2 will be 30.

- (e) ***Linear Interpolation***

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

"Designated Maturity" means: (a) in relation to Screen Rate Determination, the period of time designated in the Reference Rate; and (b) in relation to ISDA Determination, the Designated Maturity.

(f) ***Notification of Rate of Interest and Interest Amounts***

The Principal Paying Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Trustee, the other Paying Agents and any stock exchange on which the relevant Floating Rate Notes are for the time being listed and notice thereof to be published in accordance with Condition 15 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Floating Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 15. If the Calculation Amount is less than the minimum Specified Denomination, the Principal Paying Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination. For the purposes of this paragraph, the expression "**London Business Day**" means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

(g) ***Determination or Calculation by Trustee***

If for any reason at any relevant time the Principal Paying Agent or, as the case may be, the Calculation Agent defaults in its obligation to determine the Rate of Interest or the Principal Paying Agent defaults in its obligation to calculate any Interest Amount in accordance with subparagraph (b)(i) or subparagraph (b)(ii) above or as otherwise specified in the applicable Final Terms, as the case may be, and in each case in accordance with paragraph (d) above, the Trustee shall determine the Rate of Interest at such rate as, in its discretion (having such regard as it shall think fit to the foregoing provisions of this Condition, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Final Terms), it shall deem fair and reasonable in all the circumstances (having such regard as it thinks fit to paragraph (b) above) or, as the case may be, the Trustee shall calculate the Interest Amount(s) in accordance with paragraph (d) above and each such determination or calculation shall be deemed to have been made by the Principal Paying Agent or the Calculation Agent, as applicable.

(h) ***Certificates to be final***

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 6.2, whether by the Principal Paying Agent or, if applicable, the Calculation Agent, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Guarantors, the Principal Paying Agent, the Calculation Agent (if applicable), the other Agents and all Noteholders, Receiptholders and Couponholders and (in the absence of wilful default or bad faith) no liability to the Issuer, the Guarantors, the Noteholders, the Receiptholders or the Couponholders shall attach to the Principal Paying Agent, if applicable, the Calculation Agent or the Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(i) ***Benchmark Replacement***

Notwithstanding any other provisions of Condition 6.2 (*Interest on Floating Rate Notes*), if the Issuer and the Guarantors determine that a Benchmark Event has occurred in relation to the relevant Reference Rate specified in the applicable Final Terms when any Rate applicable to the Notes for any Rate of Interest remains to be determined by such Reference Rate, then the following provisions shall apply:

- (i) the Issuer and the Guarantors shall use their reasonable endeavours to appoint, as soon as reasonably practicable, an Independent Adviser to determine no later than five Business Days prior to the relevant Interest Determination Date relating to the next succeeding Interest Period (the "**IA Determination Cut-Off Date**"), a

Successor Rate or, alternatively, if there is no Successor Rate, an Alternative Reference Rate and, in either case, if applicable, an Adjustment Spread for the purposes of determining the Rate of Interest applicable to the Notes;

- (ii) if a Successor Rate or, failing which, an Alternative Reference Rate (as applicable) is determined in accordance with the preceding provisions, such Successor Rate or, failing which, Alternative Reference Rate (as applicable) shall be the Reference Rate for each future Interest Period in respect of such Notes (subject to the subsequent operation of, and to adjustment as provided in, this Condition 6.2(i) (*Benchmark Replacement*));
- (iii) the Adjustment Spread (or the formula or methodology for determining the Adjustment Spread) shall be applied to the Successor Rate or the Alternative Reference Rate (as the case may be);
- (iv) if any Successor Rate, Alternative Reference Rate and/or Adjustment Spread is determined in accordance with this Condition 6.2(i) (*Benchmark Replacement*) and the Independent Adviser (following consultation with the Issuer and the Guarantors) determines: (1) that amendments to these Conditions (including, without limitation, amendments to the definitions of Day Count Fraction, Business Day, Business Day Convention, Interest Determination Date or Relevant Screen Page) are necessary to ensure the proper operation of such Successor Rate, Alternative Reference Rate and/or Adjustment Spread (such amendments, the "**Benchmark Amendments**"); and (2) the terms of the Benchmark Amendments, then, at the direction and expense of the Issuer and the Guarantors and subject to delivery of a notice in accordance with Condition 6.2(i)(v): (x) the Issuer, the Guarantors, and the Agents shall, without a requirement for the consent or approval of Noteholders, vary these Conditions and the Agency Agreement to give effect to such Benchmark Amendments with effect from the date specified in such notice, provided that no Agent shall be required to effect any such Benchmark Amendments if the same would impose, in its opinion, more onerous obligations upon it or expose it to any liability against which it is not adequately indemnified and/or secured and/or prefunded to its satisfaction or impose any additional duties, responsibilities or liabilities or reduce or amend its rights and/or the protective provisions afforded to it. Prior to any such Benchmark Amendments taking effect:
 - (A) the Issuer shall provide a certificate signed by a director or a duly authorised signatory of the Issuer to the Fiscal Agent; and
 - (B) each Guarantor shall provide a certificate signed by a duly authorised signatory of each Guarantor to the Issuer and the Fiscal Agent.

certifying that such Benchmark Amendments are: (x) in the Issuer's and the Guarantors (as the case may be) reasonable opinion (following consultation with the Independent Adviser), necessary to give effect to any application of this Condition 6.2 (*Interest on Floating Rate Notes*); and (y) in each case, have been drafted solely to such effect, and the Issuer and the Fiscal Agent (as the case may be) shall be entitled to rely on such certificates without further enquiry or liability to any person. For the avoidance of doubt, no Agent shall be liable to the Noteholders or any other person for so acting or relying on such notice, irrespective of whether any such modification is or may be prejudicial to the interests of any such Noteholders or person;

- (v) the Issuer (failing whom, the Guarantors) shall promptly, following the determination of any Successor Rate or Alternative Reference Rate and or Adjustment Spread (as applicable) and the specific terms of any Benchmark Amendments, give notice to the Agents and, in accordance with Condition 15 (*Notices*), the Noteholders confirming: (1) that a Benchmark Event has occurred; (2) the Successor Rate or Alternative Reference Rate (as applicable); (3) any

applicable Adjustment Spread; and (4) the specific terms of the Benchmark Amendments (if any);

- (vi) if, following the occurrence of a Benchmark Event and in relation to the determination of the Reference Rate on the immediately following Interest Determination Date, no Successor Rate or Alternative Reference Rate (as applicable) is determined pursuant to the above provisions, then the Reference Rate shall be determined as at the last preceding Interest Determination Date or, if there has not been a first Interest Payment Date, the Reference Rate shall be determined as for the first Interest Period. For the avoidance of doubt, this Condition 6.2(i)(vi) shall apply to the relevant immediately following Interest Period only and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustment as provided in, this Condition 6.2(i); and
- (vii) the Independent Adviser appointed pursuant to this Condition 6.2(i) shall act and make all determinations pursuant to this Condition 6.2(i) in good faith and in a commercially reasonable manner and the Independent Adviser, shall act as an expert. In the absence of bad faith, wilful default or fraud, the Independent Adviser shall not have any liability whatsoever to the Noteholders in connection with any determination made by it pursuant to this Condition 6.2(i).

In this Condition, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

"Adjustment Spread" means either: (i) a spread (which may be positive, negative or zero); or (ii) a formula or methodology for calculating a spread, in each case to be applied to the Successor Rate or the Alternative Reference Rate (as the case may be), and is the spread, formula or methodology which:

- (1) in the case of a Successor Rate, is formally recommended, or formally provided as an option for parties to adopt, in relation to the replacement of the relevant Reference Rate with the Successor Rate by any Relevant Nominating Body;
- (2) (if no such recommendation has been made, or in the case of an Alternative Reference Rate) the Independent Adviser (following consultation with the Issuer and the Guarantors) determines is customarily applied to the relevant Successor Rate or the Alternative Reference Rate (as the case may be) in international debt capital markets transactions to produce an industry-accepted replacement rate for the relevant Reference Rate;
- (3) (if the Independent Adviser (following consultation with the Issuer and the Guarantors) determines that no such spread, formula or methodology is customarily applied) the Independent Adviser (following consultation with the Issuer and the Guarantors) determines is recognized or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the relevant Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Reference Rate (as the case may be); or
- (4) (if the Independent Adviser (following consultation with the Issuer and the Guarantors) determines that there is no such industry standard) the Independent Adviser (following consultation with the Issuer and the Guarantors) determines (acting in good faith and in a commercially reasonable manner) in its sole discretion to be appropriate;

"Alternative Reference Rate" means an alternative benchmark or screen rate which the Independent Adviser (following consultation with the Issuer and the Guarantors) determines, in accordance with Condition 6.2(i) (*Benchmark Replacement*), is customarily applied in international debt capital markets transactions for the purposes of determining interest rates in the same Specified Currency as the Notes and of a comparable duration to the relevant Interest Period or, if the Independent Adviser determines that there is no such

rate, such other rate as the Independent Adviser determines in its sole discretion is most comparable to the relevant Reference Rate;

"Benchmark Event" means:

- (i) the relevant Reference Rate ceasing to be published on the Relevant Screen Page as a result of such benchmark ceasing to be calculated or administered;
- (ii) a public statement by the administrator of the relevant Reference Rate that it has ceased or that it will, by a specified future date (a **"Specified Future Date"**), cease publishing the relevant Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the relevant Reference Rate);
- (iii) a public statement by the supervisor of the administrator of the relevant Reference Rate that the relevant Reference Rate has been or will, by a Specified Future Date, be permanently or indefinitely discontinued;
- (iv) a public statement by the supervisor of the administrator of the relevant Reference Rate as a consequence of which the relevant Reference Rate will, by a Specified Future Date, be prohibited from being used either generally, or in respect of the Notes;
- (v) a public statement by the supervisor of the administrator of the relevant Reference Rate that, in the view of such supervisor, such Reference Rate is no longer representative of an underlying market; or
- (vi) it has, or will by a specified date within the following six months, become unlawful for the Issuer and the Guarantors to calculate any payments due to be made to any Noteholder using the relevant Reference Rate,

provided that, where the relevant Benchmark Event is a public statement within paragraphs (ii), (iii) or (iv) above and the Specified Future Date in the public statement is more than six months after the date of that public statement, the Benchmark Event shall not be deemed to occur until the date falling six months prior to such Specified Future Date;

"Financial Stability Board" means the organisation established by the Group of Twenty (G20) in April 2009;

"Relevant Nominating Body" means, in respect of a Reference Rate: (i) the central bank for the currency to which the Reference Rate relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the Reference Rate; or (ii) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of: (A) the central bank for the currency to which the Reference Rate relates; (B) any central bank or other supervisory authority which is responsible for supervising the administrator of the Reference Rate; (C) a group of the aforementioned central banks or other supervisory authorities; or (D) the Financial Stability Board or any part thereof; and

"Successor Rate" means the rate that the Independent Adviser (in consultation with the Issuer and the Guarantors) determines is a successor to or replacement of the relevant Reference Rate which is formally recommended by any Relevant Nominating Body.

6.3 **Interest on Partly Paid Notes**

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid up nominal amount of such Notes and otherwise as specified in the applicable Final Terms.

6.4 **Accrual of interest**

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (a) the date on which all amounts due in respect of such Note have been paid; and
- (b) as provided in the Trust Deed.

7. **PAYMENTS**

7.1 **Method of payment**

Subject as provided below:

- (a) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively);
- (b) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque; and
- (c) payments in Renminbi will be made by transfer to a Renminbi account maintained by or on behalf of the Noteholder with a bank in Hong Kong.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 9.

7.2 **Presentation of definitive Bearer Notes, Receipts and Coupons**

Payments of principal in respect of definitive Bearer Notes will (subject as provided below) be made in the manner provided in Condition 7.1 above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Bearer Notes, and payments of interest in respect of definitive Bearer Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Payments of instalments of principal (if any) in respect of definitive Bearer Notes, other than the final instalment, will (subject as provided below) be made in the manner provided in Condition 7.1 above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Receipt in accordance with the preceding paragraph. Payment of the final instalment will be made in the manner provided in Condition 7.1 above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Bearer Note in accordance with the preceding paragraph. Each Receipt must be presented for payment of the relevant instalment together with the definitive Bearer Note to which it appertains. Receipts presented without the definitive Bearer Note to which they appertain do not constitute valid obligations of the Issuer. Upon the date on which any definitive Bearer Note

becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Fixed Rate Notes in definitive bearer form (other than Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 9) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 10) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive bearer form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note or Long Maturity Note in definitive bearer form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A "**Long Maturity Note**" is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon **provided that** such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Bearer Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Bearer Note.

7.3 **Payments in respect of Bearer Global Notes**

Payments of principal and interest (if any) in respect of Notes represented by any Global Note in bearer form will (subject as provided below) be made in the manner specified above in relation to definitive Bearer Notes or otherwise in the manner specified in the relevant Global Note against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent outside the United States. A record of each payment made against presentation or surrender of any Global Note in bearer form, distinguishing between any payment of principal and any payment of interest, will be made on such Global Note by the Paying Agent to which it was presented and such record shall be *prima facie* evidence that the payment in question has been made.

7.4 **Payments in respect of Registered Notes**

Payments of principal (other than instalments of principal prior to the final instalment) in respect of each Registered Note (whether or not in global form) will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Registered Note at the specified office of the Registrar or any of the Paying Agents. Such payments will be made by transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Registered Note appearing in the register of holders of the Registered Notes maintained by the Registrar (the "**Register**") (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the third business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date. Notwithstanding the previous sentence, if (a) a holder does not have a Designated Account or (b) the principal amount of the Notes held by a holder is less than U.S.\$250,000 (or its approximate equivalent in any other Specified Currency), payment (in the case of a Specified Currency other

than Renminbi) will instead be made by a cheque in the Specified Currency drawn on a Designated Bank (as defined below). For these purposes, "**Designated Account**" means the account (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account and, in the case of a payment in Renminbi, means the Renminbi account maintained by or on behalf of the Noteholder with a bank in Hong Kong, details of which appear on the Register at the close of business on the fifth business day before the due date for payment) maintained by a holder with a Designated Bank and identified as such in the Register and "**Designated Bank**" means (in the case of payment in a Specified Currency other than euro or Renminbi) a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively) and (in the case of a payment in euro) any bank which processes payments in euro and (in the case of payment in Renminbi) a bank of Hong Kong.

Payments of interest and payments of instalments of principal (other than the final instalment) in respect of each Registered Note (whether or not in global form) will be made by a cheque in the Specified Currency drawn on a Designated Bank and mailed by uninsured mail on the business day in the city where the specified office of the Registrar is located immediately preceding the relevant due date to the holder (or the first named of joint holders) of the Registered Note appearing in the Register (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the fifth day (in the case of Renminbi) and the fifteenth day (in the case of a Specified Currency other than Renminbi, whether or not such fifteenth day is a business day) before the relevant due date (the "**Record Date**") at his address shown in the Register on the Record Date and at his risk. Payments of interest and payments of principal (other than the final instalment) in Renminbi shall be made by transfer to the registered account of the Noteholder. Upon application of the holder to the specified office of the Registrar not less than three business days in the city where the specified office of the Registrar is located before the due date for any payment of interest in respect of a Registered Note, the payment may be made by transfer on the due date in the manner provided in the preceding paragraph. Any such application for transfer shall be deemed to relate to all future payments of interest (other than interest due on redemption) and instalments of principal (other than the final instalment) in respect of the Registered Notes which become payable to the holder who has made the initial application until such time as the Registrar is notified in writing to the contrary by such holder. Payment of the interest due in respect of each Registered Note on redemption and the final instalment of principal will be made in the same manner as payment of the principal amount of such Registered Note.

Holders of Registered Notes will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Registered Note as a result of a cheque posted in accordance with this Condition 7.4 arriving after the due date for payment or being lost in the post. No commissions or expenses shall be charged to such holders by the Registrar in respect of any payments of principal or interest in respect of the Registered Notes.

All amounts payable to DTC or its nominee as registered holder of a Registered Global Note in respect of Notes denominated in a Specified Currency other than U.S. dollars shall be paid by transfer by the Registrar to an account in the relevant Specified Currency of the Exchange Agent on behalf of DTC or its nominee for conversion into and payment in U.S. dollars in accordance with the provisions of the Agency Agreement.

None of the Issuer, the Guarantors, the Trustee or the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

7.5 General provisions applicable to payments

The holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer or, as the case may be, each Guarantor will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg or DTC as the beneficial holder of a particular nominal amount of Notes represented by such Global

Note must look solely to Euroclear, Clearstream, Luxembourg or DTC, as the case may be, for his share of each payment so made by the Issuer or, as the case may be, each Guarantor to, or to the order of, the holder of such Global Note.

Notwithstanding the foregoing provisions of this Condition 7, if any amount of principal and/or interest in respect of Bearer Notes is payable in U.S. dollars, such U.S. dollar payment of principal and/or interest in respect of such Notes will be made at the specified office of a Paying Agent in the United States if:

- (a) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Bearer Notes in the manner provided above when due;
- (b) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (c) such payment is then permitted under United States law without involving, in the opinion of the Issuer and each Guarantor, adverse tax consequences to the Issuer or either Guarantor.

All payments made pursuant to this Condition 7 are subject in all cases to any applicable fiscal laws and regulations in the place of payment, but without prejudice to the provisions of Condition 9 and any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or an intergovernmental agreement between the United States and another jurisdiction facilitating the implementation thereof or any law in any jurisdiction implementing such an intergovernmental agreement. No commissions or expenses will be charged to the Noteholders in respect of such payments.

7.6 **Payment Day**

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, "**Payment Day**" means any day which (subject to Condition 10) is:

- (a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (i) in the case of Notes in definitive form only, the relevant place of presentation;
 - (ii) each Additional Financial Centre specified in the applicable Final Terms;
- (b) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland, respectively), (2) in relation to any sum payable in euro, a day on which the TARGET 2 System is open or (3) in relation to any sum payable in Renminbi, a day on which banks and foreign exchange markets are open for business and settlement of Renminbi payments in Hong Kong; and
- (c) in the case of any payment in respect of a Registered Global Note denominated in a Specified Currency other than U.S. dollars and registered in the name of DTC or its nominee and in respect of which an accountholder of DTC (with an interest in such Registered Global Note) has elected to receive any part of such payment in U.S. dollars, a

day on which commercial banks are not authorised or required by law or regulation to be closed in New York City.

7.7 Interpretation of principal and interest

Any reference in the Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (a) any additional amounts which may be payable with respect to principal under Condition 9 or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Trust Deed;
- (b) the Final Redemption Amount of the Notes;
- (c) the Early Redemption Amount of the Notes;
- (d) the Optional Redemption Amount(s) (if any) of the Notes;
- (e) in relation to Notes redeemable in instalments, the Instalment Amounts;

Any reference in the Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 9 or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Trust Deed.

7.8 RMB account

All payments in respect of any Note, Receipt or Coupon in RMB will be made solely by credit to a registered RMB account maintained by or on behalf of the payee at a bank in Hong Kong in accordance with applicable laws, rules, regulations and guidelines issued from time to time (including all applicable laws and regulations with respect to the settlement of RMB in Hong Kong).

7.9 RMB Currency Event

If the Specified Currency of the Notes is RMB and an RMB Currency Event, as determined by the Issuer acting in good faith, exists on a date for payment of any principal or interest (in whole or in part) in respect of any Note, Receipt or Coupon, the Issuer's obligation to make a payment in RMB under the terms of the Notes may be replaced by an obligation to pay such amount (in whole or in part) in the Relevant Currency and converted using the Spot Rate for the relevant Determination Date as promptly notified to the Issuer and the Paying Agents.

Upon the occurrence of an RMB Currency Event, the Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 15 stating the occurrence of the RMB Currency Event, giving details thereof and the action proposed to be taken in relation thereto.

In such event, any payment of U.S. dollars will be made by transfer to a U.S. dollar denominated account maintained by the payee with, or by a U.S. dollar denominated cheque drawn on, a bank in New York City; and the definition of "Payment Day" in Condition 7.6 shall mean any day which (subject to Condition 10) is a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in: (A) in the case of Notes in definitive form only, the relevant place of presentation; and (B) London and New York City.

For the purpose of this Condition 7:

"Determination Business Day" means a day (other than a Saturday or Sunday) on which commercial banks are open for general business (including dealings in foreign exchange) in Hong Kong, London and New York City;

"Determination Date" means the day which is two Determination Business Days before the due date of the relevant payment under the Notes, other than where the Issuer properly determines that a RMB Currency Event has occurred at any time during the period from and including 10:01 a.m. (Hong Kong time) on the second Determination Business Day preceding the original due date to and including 11:59 p.m. (Hong Kong time) on the original due date, in which case the **"Determination Date"** will be the Determination Business Day immediately following the date on which the determination of the occurrence of a RMB Currency Event has been made;

"Governmental Authority" means any *de facto* or *de jure* government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) of Hong Kong;

"Relevant Currency" means United States dollars;

"RMB Currency Events" means any one of RMB Illiquidity, RMB Non-Transferability and RMB Inconvertibility;

"RMB Illiquidity" means the general RMB exchange market in Hong Kong becomes illiquid as a result of which the Issuer cannot obtain sufficient RMB in order to satisfy its obligation to pay interest or principal (in whole or in part) in respect of the Notes, as determined by the Issuer acting in good faith and in a commercially reasonable manner following consultation with two independent foreign exchange dealers of international repute active in the RMB exchange market in Hong Kong;

"RMB Inconvertibility" means the occurrence of any event that makes it impossible for the Issuer to convert any amount due in respect of the Notes into RMB on any payment date in the general RMB exchange market in Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date of the first Tranche of the relevant Series and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation);

"RMB Non-Transferability" means the occurrence of any event that makes it impossible for the Issuer to deliver RMB between accounts inside Hong Kong or from an account inside Hong Kong to an account outside Hong Kong (including where the RMB clearing and settlement system for participating banks in Hong Kong is disrupted or suspended), other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date of the first Tranche of the relevant Series and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation); and

"Spot Rate" means the spot CNY/U.S.\$ exchange rate for the purchase of U.S. dollars with Renminbi in the over-the-counter Renminbi exchange market in Hong Kong for settlement in two Determination Business Days, as determined by the Calculation Agent at or around 11:00 a.m. (Hong Kong time) on the Determination Date, on a deliverable basis by reference to Reuters Screen Page TRADCNY3, or if no such rate is available, on a non-deliverable basis by reference to Reuters Screen Page TRADNDF. If neither rate is available, the Calculation Agent shall determine the Spot Rate at or around 11:00 a.m. (Hong Kong time) on the Determination Date as the most recently available CNY/U.S. dollar official fixing rate for settlement in two Determination Business Days reported by the State Administration of Foreign Exchange of the PRC, which is reported on the Reuters Screen Page CNY=SAEC. Reference to a page on the Reuters Screen means the display page so designated on the Reuter Monitor Money Rates Service (or any successor service) or such other page as may replace that page for the purpose of displaying a comparable currency exchange rate.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 7.9 by the Calculation Agent, will (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Agents and all CNY Noteholders.

8. REDEMPTION AND PURCHASE

8.1 Redemption at maturity

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date, subject as provided in Condition 7.

8.2 Redemption for tax reasons

The Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Note is not a Floating Rate Note) or on any Interest Payment Date (if this Note is a Floating Rate Note), on giving not less than 30 nor more than 60 days' notice to the Trustee and the Principal Paying Agent and, in accordance with Condition 15, the Noteholders (which notice shall be irrevocable), if the Issuer satisfies the Trustee immediately before the giving of such notice that:

- (a) on the occasion of the next payment due under the Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 9 or either Guarantor would be unable for reasons outside its control to procure payment by the Issuer and in making payment itself would be required to pay such additional amounts, in each case as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 9) or any change in the application or official interpretation of such laws or regulations (including a holding by a court of competent jurisdiction), which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Notes; and
- (b) such obligation cannot be avoided by the Issuer or, as the case may be, the relevant Guarantor taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer or, as the case may be, the relevant Guarantor would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Trustee a certificate signed by two Directors of the Issuer or, as the case may be, two Authorised Signatories (as defined in the Trust Deed) of the relevant Guarantor stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred, and an opinion of independent legal advisers of recognised standing to the effect that the Issuer or, as the case may be, the relevant Guarantor has or will become obliged to pay such additional amounts as a result of such change or amendment and the Trustee shall be entitled to accept the certificate and opinion as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event they shall be conclusive and binding on the Noteholders, the Receiptholders and the Couponholders.

Notes redeemed pursuant to this Condition 8.2 will be redeemed at their Early Redemption Amount referred to in Condition 8.5 below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

Upon the expiry of any such notice as is referred to in this Condition 8.2, the Issuer shall be bound to redeem the Notes in accordance with this Condition 8.2.

8.3 Redemption at the option of the Issuer (Issuer Call)

If Issuer Call is specified in the applicable Final Terms, the Issuer may, having given:

- (a) not less than 15 nor more than 30 days' notice to the Noteholders in accordance with Condition 15; and
- (b) not less than 15 days before the giving of the notice referred to in (a) above, notice to the Trustee and the Principal Paying Agent and, in the case of a redemption of Registered Notes, the Registrar;

(which notices shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount in each case as may be specified in the applicable Final Terms. In the case of a partial redemption of Notes, the Notes to be redeemed ("**Redeemed Notes**") will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg and/or DTC, in the case of Redeemed Notes represented by a Global Note, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the "**Selection Date**", in each case, subject to compliance with applicable law, the rules of each competent authority, stock exchange and/or quotation system (if any) by which the Notes have been admitted to listing, trading and/or quotation). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 15 not less than 15 days prior to the date fixed for redemption. No exchange of the relevant Global Note will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to this Condition 8.3 and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 15 at least five days prior to the Selection Date.

8.4 Redemption at the option of the Noteholders (Investor Put)

- (a) If Investor Put is specified in the applicable Final Terms, upon the holder of any Note giving to the Issuer in accordance with Condition 15 not less than 15 nor more than 30 days' notice the Issuer will, upon the expiry of such notice, redeem, or, at the Issuer's option, purchase (or procure the purchase of), subject to, and in accordance with, the terms specified in the applicable Final Terms, such Note on the Optional Redemption Date and at the Optional Redemption Amount together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date. Registered Notes may be redeemed or, as the case may be, purchased under this Condition 8.4 in any multiple of their lowest Specified Denomination. It may be that before an Investor Put can be exercised, certain conditions and/or circumstances will need to be satisfied. Where relevant, the provisions will be set out in the applicable Final Terms.
- (b) If Change of Control Put is specified in the applicable Final Terms and if a Change of Control Event occurs, the Issuer will, upon the holder of any Note giving notice within the Change of Control Put Period to the Issuer in accordance with Condition 15 (unless prior to the giving of the relevant Change of Control Notice (as defined below) the Issuer has given notice of redemption under Condition 8.2 or Condition 8.3), redeem or, at the Issuer's option, purchase (or procure the purchase of) such Note on the Change of Control Put Date at the Change of Control Redemption Amount together (if applicable) with interest accrued to but excluding the Change of Control Put Date.

Promptly upon the Issuer or Majid Al Futtaim Holding becoming aware that a Change of Control Event has occurred, the Issuer shall give notice (a "**Change of Control Notice**") to the Noteholders in accordance with Condition 15 to that effect.

If 75 per cent. or more in nominal amount of the Notes then outstanding have been redeemed or, as the case may be, purchased, pursuant to this Condition 8.4(b), the Issuer

may, on giving not less than 30 nor more than 60 days' notice to the Noteholders in accordance with Condition 15 (such notice to be given within 30 days of the Change of Control Put Date), redeem or, at the Issuer's option, purchase (or procure the purchase of) all but not some only of the remaining outstanding Notes at their Change of Control Redemption Amount together (if applicable) with interest accrued to but excluding the date fixed for redemption or purchase, as the case may be.

- (c) To exercise the right to require redemption of this Note the holder of this Note must, if this Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg, deliver, at the specified office of any Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) at any time during normal business hours of such Paying Agent or, as the case may be, the Registrar falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent or, as the case may be, the Registrar (a "**Put Notice**") and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition 8.4 and, in the case of Registered Notes, the nominal amount thereof to be redeemed and, if less than the full nominal amount of the Registered Notes so surrendered is to be redeemed, an address to which a new Registered Note in respect of the balance of such Registered Notes is to be sent subject to and in accordance with the provisions of Condition 2.2. If this Note is in definitive bearer form, the Put Notice must be accompanied by this Note or evidence satisfactory to the Paying Agent concerned that this Note will, following delivery of the Put Notice, be held to its order or under its control.

If this Note is represented by a Global Note or is in definitive form and held through Euroclear, Clearstream, Luxembourg or DTC, to exercise the right to require redemption of this Note the holder of this Note must, within the notice period, give notice to the Principal Paying Agent of such exercise in accordance with the standard procedures of Euroclear, Clearstream, Luxembourg and DTC (which may include notice being given on such Noteholder's instruction by Euroclear, Clearstream, Luxembourg, DTC or any depositary for them to the Principal Paying Agent by electronic means) in a form acceptable to Euroclear, Clearstream, Luxembourg and DTC from time to time and if this Note is represented by a Global Note, at the same time present or procure the presentation of the relevant Global Note to the Principal Paying Agent for notation accordingly.

Any Put Notice or other notice given in accordance with the standard procedures of Euroclear, Clearstream, Luxembourg and DTC given by a holder of any Note pursuant to this Condition 8.4 shall be irrevocable except where, prior to the due date of redemption, an Event of Default has occurred and the Trustee has declared the Notes to be due and payable pursuant to Condition 11, in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this Condition 8.4.

- (d) For the purpose of these Conditions:

a "**Change of Control Event**" shall occur each time Majid Al Futtain Capital LLC ceases to be the ultimate owner (either directly or indirectly) of more than 50 per cent. of the share capital of Majid Al Futtain Holding;

"**Change of Control Redemption Amount**" shall mean, in relation to each Note to be redeemed or purchased pursuant to Condition 8.4(b), an amount equal to the nominal amount of such Note or such other amount as may be specified in the applicable Final Terms;

"**Change of Control Put Date**" shall be the tenth day after the expiry of the Change of Control Put Period **provided that**, if such day is not a day on which banks are open for general business in both London and the principal financial centre of the Specified Currency, the Change of Control Put Date shall be the next following day on which banks are open for general business in both London and the principal financial centre of the Specified Currency; and

"Change of Control Put Period" shall be the period of 30 days commencing on the date that a Change of Control Notice is given.

8.5 **Early Redemption Amounts**

For the purpose of Condition 8.2 above and Condition 11, each Note will be redeemed at its Early Redemption Amount calculated as follows:

- (a) in the case of a Note with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof;
- (b) in the case of a Note (other than a Zero Coupon Note but including an Instalment Note and a Partly Paid Note) with a Final Redemption Amount which is or may be less or greater than the Issue Price at the amount specified in the applicable Final Terms or, if no such amount or manner is so specified in the applicable Final Terms, at its nominal amount; or
- (c) in the case of a Zero Coupon Note, at an amount (the **"Amortised Face Amount"**) calculated in accordance with the following formula:

$$\text{Early Redemption Amount} = \text{RP} \times (1 + \text{AY})^y$$

where:

"RP" means the Reference Price;

"AY" means the Accrual Yield expressed as a decimal; and

"Y" is a fraction the numerator of which is equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator of which is 360,

or on such other calculation basis as may be specified in the applicable Final Terms.

8.6 **Instalments**

Instalment Notes will be redeemed in the Instalment Amounts and on the Instalment Dates. In the case of early redemption, the Early Redemption Amount will be determined pursuant to Condition 8.5 above.

8.7 **Partly Paid Notes**

Partly Paid Notes will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the applicable Final Terms.

8.8 **Purchases**

The Issuer, each Guarantor or any Subsidiary of a Guarantor may at any time purchase Notes (**provided that**, in the case of definitive Bearer Notes, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. Such Notes may be held, reissued, resold or, at the option of the Issuer or the relevant Guarantor, surrendered to any Paying Agent and/or the Registrar for cancellation.

8.9 **Cancellation**

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Receipts, Coupons and Talons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and any Notes purchased and cancelled pursuant to Condition 8.8 above (together with all unmatured Receipts, Coupons and Talons cancelled therewith) shall be forwarded to the Principal Paying Agent and cannot be reissued or resold.

8.10 **Late payment on Zero Coupon Notes**

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to Conditions 8.1, 8.2, 8.3 or 8.4 above or upon its becoming due and repayable as provided in Condition 11 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in Condition 8.5(c) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (a) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (b) five days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Notes has been received by the Principal Paying Agent or the Registrar or the Trustee and notice to that effect has been given to the Noteholders in accordance with Condition 15.

9. **TAXATION**

All payments of principal and interest in respect of the Notes, Receipts and Coupons by the Issuer or either Guarantor will be made free and clear of and without withholding or deduction for or on account of any present or future taxes, duties, assessments and governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of any Tax Jurisdiction unless such withholding or deduction is required by law. In such event, the Issuer or, as the case may be, each Guarantor will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes, Receipts or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, Receipts or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon:

- (a) the holder of which is liable for such taxes, duties, assessments and governmental charges in respect of such Note, Receipt or Coupon by reason of his having some connection with a Tax Jurisdiction other than the mere holding of such Note, Receipt or Coupon; or
- (b) presented or surrendered for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting or surrendering the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition 7.6); or
- (c) for or on account of any withholding or deduction arising under or in connection with any agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof or an intergovernmental agreement between the United States and another jurisdiction facilitating the implementation thereof or any law in any jurisdiction implementing such an intergovernmental agreement.

As used herein:

- (i) **"Tax Jurisdiction"** means the Cayman Islands or any political subdivision or any authority thereof or therein having power to tax (in the case of payments by the Issuer) or the United Arab Emirates or any Emirate therein or any political subdivision or any authority thereof or therein having power to tax (in the case of payments by either Guarantor); and

10. **PRESCRIPTION**

The Notes (whether in bearer or registered form), Receipts and Coupons will become void unless claims in respect of principal and/or interest are made within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 9) therefor.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition 10 or Condition 7.2 or any Talon which would be void pursuant to Condition 7.2.

11. **EVENTS OF DEFAULT AND ENFORCEMENT**

11.1 **Events of Default**

The Trustee at its discretion may, and if so requested in writing by the holders of at least one-fifth in aggregate nominal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution shall (subject in each case to being indemnified and/or pre-funded and/or secured to its satisfaction), (but in the case of the happening of any of the events described in paragraphs (b) or (d) (other than the winding up or dissolution of the Issuer or either Guarantor) or (e) to (h) inclusive below (other than the happening of any such event in relation to the Issuer or either Guarantor), only if the Trustee shall have certified in writing to the Issuer and the Guarantors that such event is, in its opinion, materially prejudicial to the interests of the Noteholders), give notice in writing to the Issuer that each Note is, and each Note shall thereupon immediately become, due and repayable at its Early Redemption Amount together with accrued interest as provided in the Trust Deed if any of the following events (each an "**Event of Default**") shall occur:

- (c) if the holders of any Indebtedness or Sukuk Obligation of the Issuer, either Guarantor or any Principal Subsidiary accelerate such Indebtedness or Sukuk Obligation or declare such Indebtedness or Sukuk Obligation to be due and payable or required to be prepaid (other than by a regularly scheduled required prepayment or pursuant to an option granted to the holders by the terms of such Indebtedness or Sukuk Obligation), prior to the stated maturity thereof or (ii) the Issuer, either Guarantor or any Principal Subsidiary fails to pay in full any principal of, or interest or profit, as the case may be, on, any of its Indebtedness or Sukuk Obligations when due (after expiration of any applicable grace period) or any guarantee of any Indebtedness or Sukuk Obligation of others given by the Issuer, either Guarantor or any Principal Subsidiary shall not be honoured when due and called upon; **provided that** the aggregate amount of the relevant Indebtedness, Sukuk Obligation or guarantee in respect of which one or more of the events mentioned above in this paragraph (c) shall have occurred equals or exceeds U.S.\$40,000,000 (or its equivalent in any other currency or currencies; or

- (g) if the Issuer, either Guarantor or any Principal Subsidiary initiates or consents to judicial proceedings relating to itself under any applicable liquidation, insolvency, composition, reorganisation or other similar laws (including the obtaining of a moratorium) or makes a conveyance or assignment for the benefit of, or enters into any composition or other arrangement with, its creditors generally (or any class of its creditors) or any meeting is convened to consider a proposal for an arrangement or composition with its creditors generally (or any class of its creditors) save, in all cases, in connection with a Permitted Reorganisation; or
- (h) if any event occurs which under the laws of the Cayman Islands (in the case of the Issuer) or the United Arab Emirates or any Emirate therein (in the case of the Guarantors) has an analogous effect to any of the events referred to in paragraphs (d) to (g) (inclusive) above, or any event occurs which under the laws of the jurisdiction under which the relevant Principal Subsidiary is incorporated or constituted has an analogous effect to any of the events referred to in paragraphs (d) to (g) (inclusive) above; or
- (i) if any Security Interest, present or future, created or assumed by the Issuer, either Guarantor or any Principal Subsidiary and securing an amount which equals or exceeds U.S.\$40,000,000 (or its equivalent in any other currency or currencies) becomes enforceable and any step is taken to enforce the Security Interest (including the taking of possession or the appointment of a receiver, manager or other similar person, but excluding the issue of any notification to the Issuer, either Guarantor or any Principal Subsidiary, as the case may be, that such Security Interest has become enforceable) unless the full amount of the debt which is secured by the relevant Security Interest is discharged within 60 days of the later of the first date on which: (a) a step is taken to enforce the relevant Security Interest; or (b) the Issuer, either Guarantor or the relevant Principal Subsidiary, as the case may be, is notified that a step has been taken to enforce the relevant Security Interest; or
- (j) if the Guarantee ceases to be, or is claimed by the Issuer or by either Guarantor not to be, in full force and effect.

11.2 Enforcement

No Noteholder, Receiptholder or Couponholder shall be entitled to proceed directly against the Issuer or either Guarantor unless the Trustee, having become bound so to proceed, fails so to do within a reasonable period, or is unable for any reason so to do, and the failure or inability shall be continuing.

Should any Note, Receipt, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Principal Paying Agent (in the case of Bearer Notes, Receipts or Coupons) or the Registrar (in the case of Registered Notes) (and, if the Notes are then admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent or Transfer Agent in any particular place, the Paying Agent or Transfer Agent having its specified office in the place required by such competent authority, stock exchange and/or quotation system), subject to all applicable laws and competent authority, stock exchange and/or quotation system requirements, upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

13. **AGENTS**

The names of the initial Agents and their initial specified offices are set out below.

The Issuer is entitled, with the prior written approval of the Trustee, to vary or terminate the appointment of any Agent and/or appoint additional or other Agents and/or approve any change in the specified office through which any Agent acts, **provided that**:

- (a) there will at all times be a Principal Paying Agent and a Registrar;
- (b) so long as the Notes are listed on any stock exchange or admitted to trading and/or quotation by any other relevant authority, there will at all times be a Paying Agent (in the case of Bearer Notes) and a Transfer Agent (in the case of Registered Notes) with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange or other relevant authority; and
- (c) so long as any of the Registered Global Notes payable in a Specified Currency other than U.S. dollars are held through DTC or its nominee, there will at all times be an Exchange Agent with a specified office in New York City.

In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in Condition 7.5. Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 nor more than 45 days' prior notice thereof shall have been given to the Noteholders in accordance with Condition 15.

In acting under the Agency Agreement, the Agents act solely as agents of the Issuer and the Guarantors and, in certain circumstances specified therein, of the Trustee and do not assume any obligation to, or relationship of agency or trust with, any Noteholder, Receiptholder or Couponholder. The Agency Agreement contains provisions permitting any entity into which any Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor agent.

14. **EXCHANGE OF TALONS**

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of any Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 10.

15. **NOTICES**

All notices regarding the Bearer Notes will be deemed to be validly given if published in a leading English language daily newspaper of general circulation in London. It is expected that any such publication in a newspaper will be made in the *Financial Times* in London. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules of any stock exchange or other relevant authority on which the Bearer Notes are for the time being listed or by which they have been admitted to trading. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers. If publication as provided above is not practicable, a notice will be given in such other manner, and will be deemed to have been given on such date, as the Trustee shall approve.

All notices regarding the Registered Notes will be deemed to be validly given if sent by first class mail or (if posted to an address overseas) by airmail to the holders (or the first named of joint holders) at their respective addresses recorded in the Register and will be deemed to have been given on the fourth day after mailing and, in addition, for so long as any Registered Notes are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice will be published in a daily newspaper of general circulation in the place or places required by those rules.

Until such time as any definitive Notes are issued, there may, so long as any Global Notes representing the Notes are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg and/or DTC, be substituted for such publication in such newspaper(s) the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg and/or DTC for communication by them to the holders of the Notes and, in addition, for so long as any Notes are listed on a stock exchange or are admitted to trading and/or quotation by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice will be published in a daily newspaper of general circulation in the place or places required by those rules. Any such notice shall be deemed to have been given to the holders of the Notes on the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg and/or DTC.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative Note or Notes, with the Principal Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes). Whilst any of the Notes are represented by a Global Note, such notice may be given by any holder of a Note to the Principal Paying Agent or the Registrar through Euroclear and/or Clearstream, Luxembourg and/or DTC, as the case may be, in such manner as the Principal Paying Agent, the Registrar and Euroclear and/or Clearstream, Luxembourg and/or DTC, as the case may be, may approve for this purpose.

16. **MEETINGS OF NOTEHOLDERS, MODIFICATION, WAIVER AND SUBSTITUTION**

The Trust Deed contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Notes, the Receipts, the Coupons or any of the provisions of the Trust Deed. Such a meeting may be convened by the Issuer, either Guarantor or the Trustee and shall be convened by the Issuer if required in writing by Noteholders holding not less than one-twentieth in nominal amount of the Notes for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing a clear majority in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes, the Receipts or the Coupons or the Trust Deed (including modifying the date of maturity of the Notes or any date for payment of interest thereon, reducing or cancelling the amount of principal or the Rate of Interest payable in respect of the Notes, altering the currency of payment of the Notes, the Receipts or the Coupons or amending the Guarantee in certain respects), the quorum shall be one or more persons holding or representing not less than two-thirds in nominal amount of the Notes for the time being outstanding, or at any adjourned such meeting one or more persons holding or representing not less than one-third in nominal amount of the Notes for the time being outstanding. An Extraordinary Resolution passed

at any meeting of the Noteholders shall be binding on all the Noteholders, whether or not they are present at the meeting, and on all Receiptholders and Couponholders. The expression "**Extraordinary Resolution**" is defined in the Trust Deed to mean either (i) a resolution passed at a meeting duly convened and held by a majority consisting of not less than three-fourths of the votes cast or (ii) a resolution in writing signed by or on behalf of the holders of not less than three-fourths in nominal amount of the Notes.

The Trustee may agree, without the consent of the Noteholders, Receiptholders or Couponholders, to any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Notes or the Trust Deed, or determine, without any such consent as aforesaid, that any Event of Default or potential Event of Default shall not be treated as such, where, in any such case, it is not, in the opinion of the Trustee, materially prejudicial to the interests of the Noteholders so to do or may agree, without any such consent as aforesaid, to any modification, waiver, authorisation or determination which is of a formal, minor or technical nature or to correct a manifest error. Any such modification, waiver, authorisation or determination shall be binding on the Noteholders, the Receiptholders and the Couponholders and any such modification, waiver, authorisation or determination shall be notified by the Issuer to the Noteholders in accordance with Condition 15 as soon as practicable thereafter.

In connection with the exercise by it of any of its trusts, powers, authorities and discretions (including, without limitation, any modification, waiver, authorisation or determination under these Conditions and the Trust Deed), the Trustee shall have regard to the general interests of the Noteholders as a class (but shall not have regard to any interests arising from circumstances particular to individual Noteholders, Receiptholders or Couponholders whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise for individual Noteholders, Receiptholders or Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Trustee shall not be entitled to require, nor shall any Noteholder, Receiptholder or Couponholder be entitled to claim, from the Issuer, the Guarantors, the Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Noteholders, Receiptholders or Couponholders except to the extent already provided for in Condition 9 and/or any undertaking or covenant given in addition to, or in substitution for, Condition 9 pursuant to the Trust Deed.

The Trustee may, without the consent of the Noteholders, agree with the Issuer to the substitution in place of the Issuer (or of any previous substitute under this Condition) as the principal debtor under the Notes, the Receipts, the Coupons and the Trust Deed of another company, being a Subsidiary of either Guarantor, subject to (i) the Notes being unconditionally and irrevocably guaranteed, on a joint and several basis, by the Guarantors, (ii) the Trustee being satisfied that the interests of the Noteholders will not be materially prejudiced by the substitution and (iii) certain other conditions set out in the Trust Deed being complied with.

17. **INDEMNIFICATION OF THE TRUSTEE AND TRUSTEE CONTRACTING WITH THE ISSUER AND/OR THE GUARANTORS**

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility, including provisions relieving it from taking action unless indemnified and/or prefunded and/or secured to its satisfaction, as well as provisions entitling the Trustee to be paid its costs and expenses in priority to the claims of the Noteholders.

The Trust Deed also contains provisions pursuant to which the Trustee is entitled, *inter alia*, (a) to enter into business transactions with the Issuer, the Guarantors and/or any of their respective Subsidiaries and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuer, the Guarantors and/or any of their respective Subsidiaries, (b) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, the Noteholders, Receiptholders or Couponholders and (c) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

18. **FURTHER ISSUES**

The Issuer shall be at liberty from time to time without the consent of the Noteholders, the Receiptholders or the Couponholders, and in accordance with the Trust Deed, to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon and so that the same shall be consolidated and form a single Series with the outstanding Notes.

19. **CURRENCY INDEMNITY**

The Specified Currency is the sole currency of account and payment for all sums payable by the Issuer under or in connection with the Notes, the Receipts and the Coupons, including damages. Any amount received or recovered in a currency other than the Specified Currency (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction or otherwise) by any Noteholder, Receiptholder or Couponholder, as the case may be, in respect of any sum expressed to be due to it from the Issuer shall only constitute a discharge to the Issuer to the extent of the amount of the Specified Currency which the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If that amount of Specified Currency is less than the amount of Specified Currency expressed to be due to the recipient under any Note, Receipt or Coupon, the Issuer shall indemnify it against any loss sustained by it as a result. In any event, the Issuer shall indemnify the recipient against the cost of making any such purchase. For the purposes of this Condition, it will be sufficient for the Noteholder, Receiptholder or Couponholder, as the case may be, to demonstrate that it would have suffered a loss had an actual purchase been made. These indemnities constitute a separate and independent obligation from the Issuer's other obligations, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by any Noteholder, Receiptholder or Couponholder and shall continue in full force and effect despite any other judgment, order, claim or proof for a liquidated amount in respect of any sum due under any Note, Receipt or Coupon, as the case may be, or any other judgment or order.

20. **CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999**

No person shall have any right to enforce any term or condition of this Note under the Contracts (Rights of Third Parties) Act 1999, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

21. **GOVERNING LAW AND SUBMISSION TO JURISDICTION**

21.1 **Governing Law**

The Trust Deed, the Agency Agreement, the Notes, the Receipts and the Coupons and any non-contractual obligations arising out of or in connection with the Trust Deed, the Agency Agreement, the Notes, the Receipts and the Coupons (including the remaining provisions of this Condition 21), are and shall be governed by, and construed in accordance with, English law.

21.2 **Agreement to arbitrate**

Subject to Condition 21.3, any dispute, claim, difference or controversy arising out of, relating to or having any connection with the Notes (including any dispute as to their existence, validity, interpretation, performance, breach or termination or the consequences of their nullity and any dispute relating to any non-contractual obligations arising out of or in connection with them) (a "**Dispute**") shall be referred to and finally resolved by arbitration under the LCIA Arbitration Rules (the "**Rules**"), which Rules (as amended from time to time) are incorporated by reference into this Condition. For these purposes:

- (a) the seat of arbitration shall be London;
- (b) there shall be three arbitrators, each of whom shall be disinterested in the arbitration, shall have no connection with any party thereto and shall be an attorney experienced in international securities transactions. The parties to the Dispute shall each nominate one arbitrator and both arbitrators in turn shall appoint a further arbitrator who shall be the

chairman of the tribunal. In cases where there are multiple claimants and/or multiple respondents, the class of claimants jointly, and the class of respondents jointly shall each nominate one arbitrator. If one party or both fails to nominate an arbitrator within the time limits specified by the Rules, such arbitrator(s) shall be appointed by the LCIA. If the party nominated arbitrators fail to nominate the third arbitrator within 15 days of the appointment of the second arbitrator, such arbitrator shall be appointed by the LCIA; and

- (c) the language of the arbitration shall be English.

21.3 Option to litigate

Notwithstanding Condition 21.2 above, the Trustee (or, but only where it is permitted to take action in accordance with the Trust Deed, any Noteholder) may, in the alternative, and at its sole discretion, by notice in writing to the Issuer:

- (a) within 28 days of service of a Request for Arbitration (as defined in the Rules); or
- (b) in the event no arbitration is commenced, require that a Dispute be heard by a court of law. If the Trustee (or, but only where it is permitted to take action in accordance with the Trust Deed, any Noteholder) gives such notice, the Dispute to which such notice refers shall be determined in accordance with Condition 21.4 and, subject as provided below, any arbitration commenced under Condition 21.2 in respect of that Dispute will be terminated. Each person who gives such notice and the recipient of that notice will bear its own costs in relation to the terminated arbitration.

If any notice to terminate is given after service of any Request for Arbitration in respect of any Dispute, the Trustee (or, but only where it is permitted to take action in accordance with the Trust Deed, the relevant Noteholder) must also promptly give notice to the LCIA Court and to any Tribunal (each as defined in the Rules) already appointed in relation to the Dispute that such Dispute will be settled by the courts. Upon receipt of such notice by the LCIA Court, the arbitration and any appointment of any arbitrator in relation to such Dispute will immediately terminate. Any such arbitrator will be deemed to be *functus officio*. The termination is without prejudice to:

- (i) the validity of any act done or order made by that arbitrator or by the court in support of that arbitration before his appointment is terminated;
- (ii) his entitlement to be paid his proper fees and disbursements; and
- (iii) the date when any claim or defence was raised for the purpose of applying any limitation bar or any similar rule or provision.

21.4 Effect of exercise of an option to litigate

In the event that a notice pursuant to Condition 21.3 is issued, the following provisions shall apply:

- (a) subject to paragraph (c) below, the courts of England shall have exclusive jurisdiction to settle any Dispute and the Issuer submits to the exclusive jurisdiction of such courts;
- (b) the Issuer agrees that the courts of England are the most appropriate and convenient courts to settle any Dispute and, accordingly, that it will not argue to the contrary; and
- (c) this Condition 21.4 is for the benefit of the Trustee, the Noteholders, the Receiptholders and the Couponholders only. As a result, and notwithstanding paragraph (a) above, the Trustee (or, but only where it is permitted to take action in accordance with the Trust Deed, any Noteholder) may take proceedings relating to a Dispute ("**Proceedings**") in any other courts with jurisdiction. To the extent allowed by law, the Trustee (or, but only where it is permitted to take action in accordance with the Trust Deed, any Noteholder) may take concurrent Proceedings in any number of jurisdictions.

21.5 Appointment of Process Agent

Each of the Issuer and each Guarantor appoints Maples and Calder at its registered office at 11th Floor, 200 Aldersgate Street, London, EC1A 4HD, United Kingdom as its agent for service of process, and undertakes that, in the event of Maples and Calder ceasing so to act or ceasing to be registered in England, it will appoint another person approved by the Trustee as its agent for service of process in England in respect of any Proceedings or Disputes. Nothing herein shall affect the right to serve proceedings in any other manner permitted by law.

21.6 Waiver of immunity

The Issuer and each of the Guarantors hereby irrevocably and unconditionally waives with respect to the Notes, the Receipts and the Coupons any right to claim sovereign or other immunity from jurisdiction or execution and any similar defence and irrevocably and unconditionally consents to the giving of any relief or the issue of any process, including without limitation, the making, enforcement or execution against any property whatsoever (irrespective of its use or intended use) of any order or judgment made or given in connection with any Proceedings or Disputes.

21.7 Other documents and the Guarantors

The Issuer and the Guarantors have in the Trust Deed and the Agency Agreement, made provision for arbitration and appointed an agent for service of process in terms substantially similar to those set out above. The Issuer and the Guarantors have in the Trust Deed and the Agency Agreement irrevocably and unconditionally waived with respect to those documents any right to claim sovereign or other immunity from jurisdiction or execution and any similar defence and irrevocably and unconditionally consent to the giving of any relief or the issue of any process, including without limitation, the making, enforcement or execution against any property whatsoever (irrespective of its use or intended use) of any order or judgment made or given in connection with any Proceedings or Disputes.

USE OF PROCEEDS

The net proceeds from each issue of Notes will be lent by the Issuer to one or both of the Guarantors or any other company controlled by the Guarantors and will be applied by the relevant Guarantor or such Group company for: (a) its general corporate purposes (which include making a profit); (b) to fund or refinance, in whole or in part, a portfolio of Eligible Projects within Eligible Categories as set out in the Group's Green Finance Framework (see "*Description of the Group – Green Finance Framework*"); or (c) as otherwise described in the applicable Final Terms.

GROUP FINANCIAL REVIEW

The following review of the Group's financial position and results of operations is based upon and should be read in conjunction with the Group Financial Statements, which have been incorporated by reference into this Base Prospectus.

This discussion contains forward-looking statements that involve risks and uncertainties (see further "*Cautionary Statement Regarding Forward-Looking Statements*"). Actual results for the Group could differ materially from those indicated in any forward-looking statements as a result of various factors, including those discussed below and in "*Risk Factors*".

OVERVIEW

Based on the Group's own internal research, the Group is one of the largest developers and operators of shopping malls and hypermarkets in the MENA region. Founded in Dubai in 1992 to bring the first regional shopping mall to the Middle East, the Group's activities have since grown to include hotel development and the provision of synergistic leisure and entertainment products and services. As at 31 December 2020, the Group had operations in 16 countries predominantly in the MENA region.

Prior to 1 January 2021, the Group's operations were carried out by three complementary operating companies, Majid Al Futtaim Properties, Majid Al Futtaim Retail and Majid Al Futtaim Ventures, in each of which Majid Al Futtaim Holding held a 99 per cent. ownership interest. With effect from 1 January 2021, Majid Al Futtaim Ventures was restructured and its operations were segregated under two operational segments – Majid Al Futtaim LEC and Majid Al Futtaim Lifestyle. As at the date of this Base Prospectus, Majid Al Futtaim Ventures still operates as a separate legal entity within the Group while Majid Al Futtaim LEC and Majid Al Futtaim Lifestyle have not been established as separate legal entities. The Group is in the process of reflecting this segmental restructuring into its legal organisational structure and intends for Majid Al Futtaim Holding to ultimately hold a 99 per cent. ownership interest in Majid Al Futtaim LEC and Majid Al Futtaim Lifestyle, once incorporated as separate legal entities (with the remaining 1 per cent. ownership interest to be held by another wholly-owned Group entity).

Majid Al Futtaim Properties develops and manages shopping malls, which is the Group's core business. As at 31 December 2020, Majid Al Futtaim Properties owned and operated 27 shopping malls in Bahrain, Egypt, Lebanon, Oman and the UAE and had an additional three developments and one re-development or expansion project at various stages of planning, design or construction. The new projects, including new malls in Oman, Saudi Arabia and the UAE, represent an additional 583,000 square metres of gross leasable area ("**GLA**"). Majid Al Futtaim Properties also develops hotels adjacent to or in close proximity to shopping mall destinations and, on a selective basis, undertakes mixed-use developments, in each case where this adds value to its core mall development business. As at 31 December 2020, Majid Al Futtaim Properties owned 13 hotels, of which 11 were located in the UAE and two were located in Bahrain. Majid Al Futtaim Properties operates through its four business units: the Shopping Malls Business Unit ("**SMBU**"), the Shopping Malls Development Business Unit ("**SMDBU**"), the Hotels Business Unit and the Communities Business Unit. For the year ended 31 December 2020, Majid Al Futtaim Properties' revenue decreased by 24.4 per cent. to AED 3,489 million compared to AED 4,613 million for the year ended 31 December 2019 whereas its EBITDA decreased by 21.3 per cent. to AED 2,342 million compared to AED 2,974 million for the year ended 31 December 2019.

Majid Al Futtaim Retail first introduced the hypermarket model to the Middle East in 1995 through Majid Al Futtaim Hypermarkets, originally established as a joint venture company with Carrefour in which Majid Al Futtaim Retail had a 75 per cent. interest. Since June 2013, Majid Al Futtaim Hypermarkets has been a wholly-owned subsidiary of the Group, managed by Majid Al Futtaim Retail in which Majid Al Futtaim Retail has a 99.9 per cent. interest and Majid Al Futtaim Holding has a 0.1 per cent. interest. For further detail on the history of Majid Al Futtaim Hypermarkets, please see "*Description of the Group – Majid Al Futtaim Retail*". Carrefour stores are a key anchor tenant in each of the Group's shopping malls and the Group has also opened Carrefour stores outside its shopping malls. Majid Al Futtaim Retail has expanded the Carrefour concept across the UAE and into Armenia, Bahrain, Egypt, Georgia, Iraq, Jordan, Kenya, Kuwait, Lebanon, Oman, Pakistan, Qatar, Saudi Arabia, Uganda and Uzbekistan. As at 31 December 2020, Majid Al Futtaim Retail operated 126 Carrefour hypermarkets and 228 Carrefour supermarkets as well as an online store (principally selling light and heavy household goods and grocery for delivery within Armenia, Bahrain, Egypt, Georgia, Iraq, Jordan, Kenya, Kuwait, Lebanon, Oman, Pakistan, Qatar, Saudi Arabia, the UAE and Uganda). For the year ended 31 December 2020, Majid Al Futtaim Retail's revenue

decreased by 0.6 per cent. to AED 27,979 million compared to AED 28,137 million for the year ended 31 December 2019 whereas its EBITDA increased by 13.6 per cent. to AED 1,631 million compared to AED 1,436 million for the year ended 31 December 2019.

Prior to 1 January 2021, Majid Al Futtaim Ventures operated the Group's leisure and entertainment services, including a unique leisure offering in three of its super-regional shopping malls (for example Ski Dubai and Ski Egypt which are located in Mall of the Emirates (the Group's flagship mall) and Mall of Egypt). As at 31 December 2020, Majid Al Futtaim Ventures operated 33 Magic Planet entertainment centres located in all of the shopping malls owned by Majid Al Futtaim Properties and elsewhere and 53 cinemas located in 16 shopping malls owned by Majid Al Futtaim Properties and elsewhere. With effect from 1 January 2021, following the segmental restructuring of Majid Al Futtaim Ventures, the Group's leisure and entertainment operations were moved to Majid Al Futtaim LEC. Prior to 1 January 2021, Majid Al Futtaim Ventures also operated a fashion retail business operating as a licensee of a number of international brands via Majid Al Futtaim Fashion, offered Najm Visa credit cards via its Majid Al Futtaim Finance consumer finance business and had a small portfolio of other investments in the mobile payments and facilities management sectors. With effect from 1 January 2021, following the segmental restructuring of Majid Al Futtaim Ventures, the Group's fashion retail business and its portfolio of other investments were moved to Majid Al Futtaim Lifestyle. As at the date of this Base Prospectus: (a) the Group intends to restructure Majid Al Futtaim Fashion as a direct wholly-owned subsidiary of Majid Al Futtaim Holding and re-brand it as Majid Al Futtaim Lifestyle; and (b) Majid Al Futtaim Finance is held for sale since the Group intends to transfer the credit card portfolio to a third party, wind-down and exit the Majid Al Futtaim Finance business (see further Note 24 to the 2020 Group Financial Statements). For the year ended 31 December 2020, Majid Al Futtaim Ventures' revenue decreased by 48.9 per cent. to AED 1,427 million compared to AED 2,795 million for the year ended 31 December 2019 whereas its EBITDA decreased to negative AED 92 million compared to AED 416 million for the year ended 31 December 2019.

SIGNIFICANT ACCOUNTING POLICIES AND CRITICAL ACCOUNTING JUDGMENTS

The preparation of the Group Financial Statements requires management to make certain estimates and judgments, some of which are subjective and complex, often as a result of the need to make estimations of future events. The Group's significant accounting policies are set out in Note 6 to the 2020 Group Financial Statements and a summary of the critical accounting estimates and judgments that are made in preparing the consolidated financial statements is set out in Note 4 to the 2020 Group Financial Statements.

Impact of COVID-19

On March 11 2020, the World Health Organisation declared the novel coronavirus disease, COVID-19, a global pandemic and recommended containment and mitigation measures worldwide. The COVID-19 pandemic had a significant impact on economic and market conditions around the world during 2020 and continues to adversely impact economic activity. The Group's businesses were also impacted by COVID-19 and measures taken by governments and authorities to contain its spread (see further "*Risk Factors – Risks Relating to the Group – All of the Group's businesses have been adversely affected in 2020 by the COVID-19 pandemic*"). The Group has assessed the impact of COVID-19 on its businesses and how it is reflected in its consolidated financial position and performance, which involved significant judgements, estimates and assumptions that were subject to a lesser degree of certainty as compared to those made in 2019. See Note 3 to the 2020 Group Financial Statements in respect of the Group's assessment of the impact of COVID-19 on its business.

REPORTING SEGMENTS

As at and for the year ended 31 December 2020, the Group had the following financial reporting segments:

- **Properties:** which principally corresponds to Majid Al Futtaim Properties and its consolidated companies;
- **Retail:** which principally corresponds to Majid Al Futtaim Retail and its consolidated companies;
- **Ventures:** which principally corresponds to Majid Al Futtaim Ventures and its consolidated companies; and

- **Head Office:** which principally corresponds to the activities carried out in Majid Al Futtaim Holding.

Note 8.2 to the 2020 Group Financial Statements presents certain financial information for each segment. In revenue terms, Majid Al Futtaim Retail is the most significant segment, accounting for 85.9 per cent. of the Group's revenue in 2020. In terms of assets, Majid Al Futtaim Properties is the most significant segment, accounting for 68.2 per cent. of the Group's assets (prior to eliminations and adjustments) as at 31 December 2020.

With effect from 1 January 2021, Majid Al Futtaim Ventures was restructured and its operations were segregated under two operational segments – Majid Al Futtaim LEC and Majid Al Futtaim Lifestyle. Unless otherwise stated, the following discussion is based upon the Group Financial Statements and, therefore, does not extend to the period after 31 December 2020. Accordingly, the following discussion refers to Majid Al Futtaim Ventures as the relevant operating segment in respect of the Group's leisure and entertainment services.

RESULTS OF OPERATIONS FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020 AND THE FINANCIAL YEAR ENDED 31 DECEMBER 2019

Revenue

The Group's principal source of revenue is the sales that it makes in its Carrefour stores. In addition, the Group earns rental income (principally from the tenants in its shopping malls), fees and commissions (from a range of sources), leisure and entertainment revenue (from its leisure and entertainment facilities, including its cinemas, Magic Planet entertainment centres and Ski Dubai and Ski Egypt among others), hospitality revenue (from its hotels) and fashion goods revenue (from its fashion outlets owned by Majid Al Futtaim Ventures).

The table below shows a breakdown of the Group's revenue for the financial year ended 31 December 2020 and the financial year ended 31 December 2019, respectively.

	Year ended 31 December			
	2020		2019	
	(AED millions)	(%)	(AED millions)	(%)
Revenue from contracts with customers:				
Sale of goods.....	25,881	79.5	26,071	74.2
Service income and commissions.....	2,406	7.4	2,454	7.0
Leisure and entertainment	881	2.7	2,183	6.2
Hospitality revenue	236	0.7	614	1.7
Others.....	109	0.3	105	0.3
Other revenue:				
Rental income	2,837	8.7	3,418	9.7
Financial services revenue.....	225	0.7	311	0.9
Total revenue	32,575	100.0	35,156	100.0

The Group's total revenue decreased by AED 2,581 million, or 7.3 per cent., in 2020 (from AED 35,156 million in 2019 to AED 32,575 million in 2020). This decrease was principally attributable to asset closures during the year resulting in decline in rental income from shopping malls, revenue from leisure and entertainment and cinemas and hotels.

In geographical terms, in 2020, 47.6 per cent. of the Group's revenue was derived from the UAE, 10.4 per cent. was derived from Saudi Arabia, 9.9 per cent. was derived from Egypt, 8.3 per cent. was derived from Qatar, 4.9 per cent. was derived from Oman and the remaining 18.9 per cent. was derived from other countries.

A more detailed analysis of the Group's three principal sources of revenue is set out below. Together, these revenue streams comprised 95.6 per cent. and 90.9 per cent. of the Group's total revenue in 2020 and 2019, respectively.

Sale of goods

The Group's revenue from the sale of goods decreased by AED 190 million, or 0.7 per cent., in 2020 (from AED 26,071 million in 2019 to AED 25,881 million in 2020). This decrease was principally attributable to reduced operating hours, boycott of French products due to political tensions between France and the Middle East and depressed footfall across the region.

Rental income

The Group's rental income decreased by AED 581 million, or 17.0 per cent., in 2020 (from AED 3,418 million in 2019 to AED 2,837 million in 2020). This decrease was principally attributable to temporary closure of shopping malls during the government mandated lockdowns along with tenant rent relief packages covering the closure period. See "*Description of the Group – Majid Al Futtaim Properties – Shopping Malls Business Units (SMBU and SMDBU) – Lease arrangements*" for further details regarding the process for charging rent.

Service income and commissions

The Group earns service income and commissions from: (a) listing fees, which are fees paid by suppliers of new items in the Carrefour range; (b) fees paid by the producers of goods sold in the Group's Carrefour stores to display their goods on the prominent shelves at the end of aisles (known as gondola-ends); and (c) commissions paid to the Group in respect of sales where it acts as an agent in the transaction. Accordingly, the Group's service income and commissions is related to the number of its Carrefour stores.

The Group's fees and commissions decreased by AED 48 million, or 2.0 per cent., in 2020 (from AED 2,454 million in 2019 to AED 2,406 million in 2020). This decrease was principally attributable to lower sales volumes.

Cost of sales

The Group's cost of sales almost entirely consists of the cost of it acquiring the goods sold by its Carrefour stores. Cost of sales is presented net of any rebates which the Group is able to secure from its suppliers. The Group's cost of sales decreased by AED 799 million, or 3.4 per cent., in 2020 (from AED 23,658 million in 2019 to AED 22,859 million in 2020). The Group's sales margin was 29.8 per cent. in 2020 (compared to 32.7 per cent. in 2019).

The table below shows the Group's operating expenses for the financial year ended 31 December 2020 and the financial year ended 31 December 2019, respectively.

The Group's total operating expenses decreased by AED 998 million, or 12.1 per cent., in 2020 (from AED 8,218 million in 2019 to AED 7,220 million in 2020). This decrease was principally attributable to reduction in discretionary spending and temporary suspension of certain staff allowances and bonuses.

A more detailed analysis of the Group's two principal operating expenses is set out below. Together, these operating expenses comprised 72.7 per cent. and 69.9 per cent. of the Group's total operating expenses in 2020 and 2019, respectively.

Staff costs

The Group's staff costs (which exclude staff costs capitalised as part of projects under construction) decreased by AED 509 million, or 14.3 per cent., in 2020 (from AED 3,563 million in 2019 to AED 3,054 million in 2020), principally reflecting temporary suspension of certain allowances and bonuses during 2020. The number of employees decreased by 5.0 per cent. in 2020 (from 42,735 at the start of the year to 40,622 at the end of 2020).

Depreciation and amortisation

The Group's depreciation and amortisation charge increased by AED 12 million, or 0.6 per cent., in 2020 (from AED 2,181 million in 2019 to AED 2,193 million in 2020).

The Group's net finance cost charged to profit and loss decreased by AED 119 million, or 15.4 per cent., in 2020 (from AED 772 million in 2019 to AED 653 million in 2020). This decrease was principally attributable to a decline in interest rates.

Other income/(expenses) – net

The Group's other income and expenses comprise any net foreign exchange gain or loss, fixed assets or project costs written-off, development expenses written-off, any gain or loss on transfer of an investment in an associate to a related party or in a joint venture, any gain or loss on the disposal of non-current assets and other income. The Group's other income in 2020 was AED 42 million compared to other expenses of AED 106 million in 2019.

Impairment loss – net

The Group believes that its policy for taking impairments is conservative. The Group recognised a net impairment loss of AED 1,389 million in 2020, compared to AED 1,191 million in 2019, on non-financial assets. This net impairment loss on non-financial assets was primarily attributable to shopping malls under construction.

In addition, the Group also recognised a net impairment loss of AED 185 million in 2020, compared to AED 196 million in 2019, on financial assets. This net impairment loss on financial assets was primarily attributable to tenant receivables.

Share of profit in equity accounted investees – net

A list of the Group's material associates and joint ventures is set out in Notes 18.3.2 and 18.4.2, respectively, to the 2020 Group Financial Statements. Associates and joint ventures are accounted for using the equity method and, as a result, the Group's proportionate share of the profit or loss made by each associate or joint venture is included under this line item.

The table below shows the Group's share of the profit or loss of its associates and joint ventures for the financial year ended 31 December 2020 and the financial year ended 31 December 2019, respectively.

	Year ended 31 December	
	2020	2019
	<i>(AED millions)</i>	
Share of profit accounted through profit or loss (associates).....	30	36
Share of profit accounted through profit or loss (joint ventures).....	18	13
Total	48	49

The Group's share of the net profit in associates and joint ventures decreased by AED 1 million, or 2.0 per cent., in 2020 (from AED 49 million in 2019 to AED 48 million in 2020).

Net valuation loss on land and buildings

Developed properties classified as property, plant and equipment in accordance with IAS 16 are revalued on each reporting date.

Any increase arising on the revaluation of developed properties is credited to the revaluation reserve in equity, except to the extent that it reverses a revaluation decrease for the same property previously recognised in profit or loss, in which case the increase is credited to profit or loss to the extent of the decrease previously charged.

Any decrease in carrying amount arising on the revaluation of developed properties is charged to profit or loss except to the extent that it reverses a revaluation gain previously recognised in reserve in respect of the asset concerned, in which case it is debited to the revaluation reserve in equity.

Investment properties are properties held either to earn rental income, for capital appreciation or both, but not for sale in the ordinary course of business, use in the production or supply of goods or services or for administrative purposes. Following initial recognition at cost, investment property, principally comprising land with undetermined use, certain shopping malls and properties being construed for future use as investment property, is stated at fair value at each reporting date.

The net valuation change on land and buildings comprises the sum of: (a) any losses incurred on the revaluation of developed properties classified as property, plant and equipment; (b) any increases arising on the revaluation of developed properties classified as property, plant and equipment to the extent they reverse losses previously charged to profit and loss; and (c) the fair value gains or losses on investment property.

In 2020, the Group recorded AED 3,454 million fair value loss on the revaluation of certain property, plant and equipment and investment property. Of this, AED 500 million loss was recognised in the revaluation reserve within equity and AED 2,954 million valuation loss was recognised through profit or loss (principally comprising valuation loss of City Centre Mirdif, Mall of the Emirates, City Centre Deira, City Centre Beirut, City Centre Muscat and City Centre Sharjah). The fair value loss on revaluation of certain property, plant and equipment and investment property described above is primarily attributable to the negative impact on mall as well as hotel revenues from challenging market conditions and the relative strength of the U.S. dollar.

Loss before tax

Reflecting the above factors, the Group's loss before tax was AED 2,595 million in 2020, compared to AED 1,723 million in 2019.

Income tax expense – net

The Group is subject to tax on the income earned by it in certain jurisdictions in which it operates. The Group's operations in these jurisdictions gave rise to a net income tax expense of AED 114 million in 2020, compared to AED 200 million in 2019. In 2020, a deferred tax credit of AED 14 million was credited, compared to a deferred tax charge of AED 71 million in 2019.

Loss for the year

Reflecting the above factors, the Group's loss for the year was AED 2,709 million in 2020, compared to a loss of AED 1,923 million in 2019.

Other comprehensive income

In 2020, the Group's other comprehensive income decreased by AED 1,216 million, or 1,066.7 per cent. (from negative AED 114 million in 2019 to negative AED 1,330 million in 2020). This decrease was principally attributable to higher revaluation loss in equity and currency translation loss from Lebanon operations.

Total comprehensive income

Reflecting the Group's loss for the year and its other comprehensive income, the Group's total comprehensive income for the year was negative AED 4,039 million in 2020, compared to a total comprehensive income of negative AED 2,037 million in 2019.

The Group's short-term and loan-term debt borrowed and repaid during 2019 was predominantly set-off and the net cash used in financing activities was principally comprised of the repayment of term loan to Majid Al Futtaim Capital LLC (the Group's parent company), payments in respect of the Group's finance lease liabilities, costs of financing paid to lenders and coupon paid on the Group's hybrid notes.

LIQUIDITY AND BORROWINGS

The Group's long-term financing needs are established based on five-year plans from each operating subsidiary. The Group targets available liquidity (defined as cash in hand and committed facilities available for drawing) sufficient to cover at least 18 months of financing requirements. As at 31 December 2020, the Group had undrawn facilities of AED 8,223 million as well as cash in hand and at bank of AED 3,699 million. This is sufficient to cover the Group's liquidity needs for a period of at least 18 months. In addition, as a matter of practice, the Group ensures it is flexible in its capital expenditure plans.

The table below summarises the Group's borrowings as at 31 December 2020 and 31 December 2019, respectively.

	As at 31 December	
	2020	2019

Total borrowings	16,002	14,086

Details of the Group's outstanding long-term loans as at 31 December 2020 are set out in Note 31 to the 2020 Group Financial Statements. Long-term loans from banks have maturity dates extending to March 2029 while the Group's senior unsecured debt capital securities have scheduled maturity dates extending to February 2030. All of the Group's outstanding borrowings as at 31 December 2020 were denominated in non-AED currencies (see further "*Group Financial Review – Financial Risk Management – Market risk – Foreign currency risk*"). The Group's floating rate loans carried margins ranging from 1.0 per cent. to 1.35 per cent. per annum over the base lending rate, whilst its senior unsecured debt capital securities had returns ranging from 3.15 per cent. to 4.75 per cent. per annum. As at 31 December 2020, the Group did not have any secured loans (see Note 31.1 to the 2020 Group Financial Statements).

The Group's borrowings comprise long-term loans from commercial banks and overdraft facilities. The Group has to date incurred debt at three levels:

- project financing, typically through special purpose vehicles on a non-recourse or limited recourse to other Group companies basis;
- senior secured or unsecured debt where Majid Al Futtaim Properties or one of its subsidiaries is the borrower; and
- senior unsecured debt where Majid Al Futtaim Holding is the borrower and Majid Al Futtaim Properties guarantee is given.

The table below shows the Group's borrowings (excluding bank overdrafts) as at 31 December 2020 by debtor.

Revaluation reserve

The revaluation reserve principally reflects changes in the fair value of land and buildings classified as property, plant and equipment as required by IAS 16.

Any increase in value arising on the revaluation of properties is credited to the revaluation reserve in equity, except to the extent that it reverses a revaluation decrease for the same property previously recognised in profit or loss, in which case the increase is credited to profit or loss to the extent of the decrease previously charged.

Any decrease in carrying amount arising on the revaluation of properties is charged to profit or loss except to the extent that it reverses a revaluation gain previously recognised in reserve in respect of the asset concerned, in which case it is debited to the revaluation reserve in equity.

Other reserves

Group companies maintain a statutory reserve as required by applicable law. Typically a percentage of profit of the relevant company is transferred to the statutory reserve each year until the reserve equals the limit prescribed by applicable law. Under UAE law, a company is required to set aside 10 per cent. of its net profit to maintain this statutory reserve until the reserve reaches half of the company's capital. In addition, the Group maintains fair value reserves in respect of hedging instruments as well as a currency translation reserve in respect of foreign currency differences arising from the translation of the financial statements of Group companies whose functional currency is other than the UAE dirham.

RELATED PARTY TRANSACTIONS

The Group's related party transactions are described in Note 28 to the 2020 Group Financial Statements and principally comprise transactions with other Group companies, Majid Al Futtaim Holding's parent company and its shareholders, companies under common control with Majid Al Futtaim Holding and key management personnel and/or their close family members.

OFF-BALANCE SHEET LIABILITIES

The Group has significant off-balance sheet liabilities (as described in Note 37 to the 2020 Group Financial Statements) in the form of capital commitments, letters of credit granted by banks in the normal course of business and guarantees given by Group companies. The table below shows the Group's off-balance sheet liabilities as at 31 December 2020 and 31 December 2019, respectively.

FINANCIAL RISK MANAGEMENT

Note 36 to the 2020 Group Financial Statements describes the principal financial risks faced by the Group and the principal procedures used by the Group to manage these risks. The principal financial risks faced by the Group are credit risk, liquidity risk and interest rate risk as further described below.

Credit risk

Credit risk is the risk of financial loss to the Group if a customer or a counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Group's receivables. Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. The majority of the Group's income is by way of cash and advance receipts and is supported by a deposit equivalent to one month's advance rental. Credit evaluations are performed on all customers requiring credit over a certain amount and there is no concentration of credit risk. Cash is placed with a diversified portfolio of reputable banks and the risk of default is considered remote. As at 31 December 2020, the Group's management assessed the recoverability of its trade receivables and considers them to be recoverable. As at 31 December 2020, amounts due from related parties were considered by the Group's management to be fully recoverable. As at 31 December 2020, all non-current receivables were due within five years of 31 December 2020 and the fair values of trade and other receivables were approximately equal to the carrying value.

Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group's approach to managing liquidity is to ensure that it will always have sufficient liquidity to meet its liabilities when they become due without incurring unacceptable losses or risking damage to the Group's reputation. The Group manages liquidity risk through the use of bank overdrafts, bank loans and credit facilities (see "*Group Financial Review – Liquidity and Borrowings*").

Market risk

Market risk is the risk of changes in market prices, such as foreign exchange rates, interest rates and equity prices, which will affect the Group's income or the value of its holdings of financial instruments. The Group seeks to apply hedge accounting to manage volatility in its profit or loss in relation to its exposure to interest rate risk.

Foreign currency risk

The Group is exposed to foreign currency risk on its net investments in foreign subsidiaries and operations. The Group is also exposed to foreign currency risk on purchases denominated in foreign currencies.

The Group hedges the risk by obtaining foreign exchange forward contracts on all material foreign currency purchases. As at 31 December 2020, all of the forward exchange contracts had maturities of less than five years after 31 December 2020. Where necessary, foreign exchange contracts are rolled over at maturity.

Interest rate risk

Interest rate risk is managed within the framework of the Group's interest rate risk management policy. The Group adopts a policy of maintaining target duration on its liability portfolio of about half a year to three and a half years. This is achieved through cash and/or by using derivative financial instruments which are eligible for hedge accounting.

Capital management

The Group uses, amongst other metrics, the net debt to equity ratio to monitor its capital. See "*Presentation of Financial Information – Use of Alternative Performance Measures*" for a further description of this APM (including reconciliation to the Group Financial Statements) and "*Summary of Group Financial Information – EBITDA and Other Ratios*" for the Group's net debt to equity ratio as at 31 December 2020.

Majid Al Futtaim Finance, in which Majid Al Futtaim Ventures owned 99 per cent. of the share capital, was involved in credit card operations and was required by the UAE Central Bank to maintain its capital at a minimum of 15 per cent. of its total available funds. As at the date of this Base Prospectus, Majid Al Futtaim Finance is held for sale since the Group intends to transfer the credit card portfolio to a third party, wind-down and exit the Majid Al Futtaim Finance business (see further Note 24 to the 2020 Group Financial Statements).

The Group has various borrowing arrangements which require it to comply with net worth, interest cover and debt/equity ratios. The Group was in compliance with all such requirements as at 31 December 2020 and remains in compliance with all such requirements as at the date of this Base Prospectus.

DIVIDEND POLICY

Majid Al Futtaim Holding is the only company within the Group to have a set dividend policy, the conditions for which are as follows:

- (a) Majid Al Futtaim Holding intends to distribute approximately 10 per cent. of its annual consolidated net income to its shareholders (the "**distribution**"), which distribution shall be made no later than six months after the end of the financial year to which the distribution relates or at such other intervals as the Board may determine from time to time;
- (b) the terms of any distribution (including the final amount and timing of such distribution) will at all times remain at the sole and absolute discretion of the Board, who will be required to approve every distribution by separate resolution in advance of declaring such distribution. Final payment

of any declared distribution will be subject to the final approval by the company's shareholders; and

- (c) the Majid Al Futtaim Holding Board shall take into consideration a number of factors before declaring or making such distribution, including (without limitation):
 - (i) general economic and business conditions, Majid Al Futtaim Holding's and the Group's strategic plans, Majid Al Futtaim Holding's financial results and conditions, its cash requirements and the benefits of investing any future earnings in the development and growth of the Group's business;
 - (ii) any legal requirements and any contractual obligations or limitations, whether currently applicable or which may become relevant in the future, which affect, or may affect, the ability of Majid Al Futtaim Holding to approve or make such distribution;
 - (iii) the requirements of any future financing agreements to which Majid Al Futtaim Holding may be a party; and
 - (iv) any other factors which the Board may deem relevant in respect of the distribution in question.

SIGNIFICANT ACCOUNTING POLICIES AND CRITICAL ACCOUNTING JUDGMENTS

Impact of COVID-19

On March 11 2020, the World Health Organisation declared the novel coronavirus disease, COVID-19, a global pandemic and recommended containment and mitigation measures worldwide. The COVID-19 pandemic had a significant impact on economic and market conditions around the world during 2020 and continues to adversely impact economic activity. Majid Al Futtai Properties' businesses were also impacted by COVID-19 and measures taken by governments and authorities to contain its spread (see further "*Risk Factors – Risks Relating to the Group – All of the Group's businesses have been adversely affected in 2020 by the COVID-19 pandemic*"). Majid Al Futtai Properties has assessed the impact of COVID-19 on its businesses and how it is reflected in its consolidated financial position and performance, which involved significant judgements, estimates and assumptions that were subject to a lesser degree of certainty as compared to those made in 2019. See Note 3 to the 2020 Majid Al Futtai Properties' Financial Statements in respect of Majid Al Futtai Properties' assessment of the impact of COVID-19 on its business.

In geographical terms, in 2020, 72.8 per cent. of Majid Al Futtaim Properties' revenue was derived from the UAE, 11.9 per cent. was derived from Egypt, 8.6 per cent. was derived from Bahrain, 5.0 per cent. was derived from Oman and 1.7 per cent. was derived from Lebanon.

Rental income

Majid Al Futtaim Properties derives almost all of its rental income from renting units in its shopping malls and a very small proportion from renting offices in three office buildings (of which, one is partially occupied by Group companies).

Majid Al Futtaim Properties' rental income decreased by AED 639 million, or 19.9 per cent., in 2020 (from AED 3,215 million in 2019 to AED 2,576 million in 2020). This decrease was principally attributable to temporary closure of shopping malls during the government mandated lockdowns along with tenant rent relief packages covering the closure period.

Revenue from hospitality

Majid Al Futtaim Properties earns hotel revenue from the rooms, food and beverages and other services provided at its hotels. All hotel revenue is stated gross, with the fees paid to the hotel management companies and the costs incurred by Majid Al Futtaim Properties in providing services at its hotels being included in operating expenses.

Majid Al Futtaim Properties' hotel revenue decreased by AED 378 million, or 61.6 per cent., in 2020 (from AED 614 million in 2019 to AED 236 million in 2020). This decrease was principally attributable to temporary asset closures and impact of movement restrictions.

Revenue from leisure and entertainment

Leisure and entertainment revenue decreased by AED 115 million, or 55.6 per cent., in 2020 (from AED 207 million in 2019 to AED 92 million in 2020). This decrease was principally attributable to temporary asset closures and government imposed capacity restrictions.

This decrease was principally attributable to a reduction in discretionary spending and temporary suspension of certain staff allowances and bonuses.

Majid Al Futtaim Properties' principal operating expenses are depreciation and employee benefits, which together comprised 53.3 per cent. and 53.0 per cent. of its total operating expenses in 2020 and 2019, respectively. Each of these items is analysed in more detail below.

Depreciation

Majid Al Futtaim Properties' depreciation charge decreased by AED 53 million, or 11.2 per cent., in 2020 (from AED 472 million in 2019 to AED 419 million in 2020) principally attributable to the Hotels Business Units' furniture, fixtures and equipment that are now fully depreciated (particularly in the Kempinski Mall of Emirates and the Sheraton Mall of Emirates) and the re-categorisation of assets, with varying useful life, in Aloft City Centre Deira.

Employee benefits

Majid Al Futtaim Properties' employee benefits (which exclude staff costs capitalised as part of projects under construction) decreased by AED 227 million, or 36.0 per cent., in 2020 (from AED 631 million in 2019 to AED 404 million in 2020). This decrease was principally attributable to temporary suspension of certain allowances and bonuses during 2020.

Finance costs – net

The table below shows Majid Al Futtaim Properties' net finance cost recognised in profit or loss for the financial year ended 31 December 2020 and the financial year ended 31 December 2019, respectively.

	Year ended 31 December	
	2020	2019
	(AED millions)

Total finance costs	(348)	(416)
Total finance income	6	11
Finance costs – net.....	(342)	(405)

Majid Al Futtaim Properties' net finance cost charged to profit and loss decreased by AED 63 million, or 15.6 per cent., in 2020 (from AED 405 million in 2019 to AED 342 million in 2020). This decrease was principally attributable to the full settlement of a term loan obtained by a subsidiary in Lebanon during the year and a decrease in interest rates.

Share of results of equity accounted investees – net of tax

A list of Majid Al Futtaim Properties' material joint ventures is set out in Note 9.1.2 to the 2020 Majid Al Futtaim Properties Financial Statements. Associates and joint ventures are accounted for using the equity method, which means that Majid Al Futtaim Properties' proportionate share of the profit or loss made by each associate or joint venture is included under this line item.

The table below shows Majid Al Futtaim Properties' share of the profit or loss of its associates and joint ventures for the financial year ended 31 December 2020 and the financial year ended 31 December 2019, respectively.

	Year ended 31 December	
	2020	2019
	(AED millions)	
Share of results of equity accounted investees – net of tax.....	18	13
Total	18	13

Majid Al Futtaim Properties' share of profit in associates and joint ventures increased by AED 5 million, or 38.5 per cent., in 2020 (from AED 13 million in 2019 to AED 18 million in 2020). This increase was principally attributable to the increase in sales of Waterfront City (see further "*Description of the Group – Majid Al Futtaim Properties – Communities Business Unit – Waterfront City, Beirut, Lebanon*").

Impairment charges

Majid Al Futtaim Properties recognised an impairment loss of AED 1,273 million in 2020, compared to AED 1,104 million in 2019, on non-financial assets. This impairment loss on non-financial assets was primarily attributable to shopping malls under construction.

In addition, the Group also recognised an impairment loss charge of AED 100 million in 2020, compared to AED 63 million in 2019, on financial assets. This impairment loss on financial assets was primarily attributable to specific provisions against major tenant groups and additional impairment loss on lease receivables due to additional overlays using revised macroeconomic factors in order to capture the current market conditions.

Other income/(expenses) – net

Majid Al Futtaim Properties' other income and expenses comprise project costs provided for or written-off once the Group determines not to proceed with a particular project, development expenses written-off that cannot be capitalised to a project per IFRS, service charges levied on related parties, any net foreign exchange gain or loss and other income. Majid Al Futtaim Properties' other income was AED 144 million in 2020, compared to an other expense of AED 8 million in 2019. This change was principally attributable to favourable impact of lesser project costs written-off (compared to previous year) and foreign exchange gain as a result of the full settlement of a bank loan in Lebanon using a favourable exchange rate.

Net valuation loss on land and buildings

Developed properties classified as property, plant and equipment in accordance with IAS 16 are revalued on each reporting date. Any increase arising on the revaluation of developed properties is credited to the revaluation reserve in equity, except to the extent that it reverses a revaluation decrease for the same property previously recognised in profit or loss, in which case the increase is credited to profit or loss to the extent of the decrease previously charged. A decrease in carrying amount arising from the revaluation of properties is charged to profit and loss, except to the extent that it reverses a previously recognised revaluation gain on the property in which case it is debited to revaluation reserve in equity.

Investment properties are properties held either to earn rental income, for capital appreciation or for both, but not for sale in the ordinary course of business, use in the production or supply of goods or services or for administrative purposes. Following initial recognition at cost, investment property, principally comprising land with undetermined use, certain shopping malls and property being constructed for future use as investment property, is stated at fair value at the reporting date.

The net valuation change on land and buildings comprises the sum of: (a) any losses incurred on the revaluation of properties classified as property, plant and equipment; (b) any increases arising on the revaluation of properties classified as property, plant and equipment to the extent they reverse losses previously charged to the profit and loss; and (c) the fair value gains or losses on investment property.

In 2020, Majid Al Futtaim Properties recognised a net valuation loss of AED 482 million on property, plant and equipment. Of this, a valuation loss of AED 400 million (mainly for the Kempinski Mall of Emirates, the Sheraton Mall of Emirates, Hilton Garden Inn Mall of Emirates and Pullman City Centre Hotel and Residences) was charged to other comprehensive income and a valuation loss of AED 82 million was charged to the profit and loss account. The valuation loss of AED 82 million was mainly on account of Aloft City Centre Deira and the Westin City Centre in Bahrain. A loss on valuation of investment property of AED 3,129 million was also charged to the profit and loss account in 2020. This valuation loss reflects fair value losses across a large number of properties (particularly in City Centre Mirdif, Mall of the Emirates, City Centre Deira, City Centre Bahrain, City Centre Ajman, City Centre Sharjah, shopping malls in Oman, City Centre Shindagha, City Centre Me'Aisem and My City Centre Masdar). Furthermore, City Centre Beirut recorded a loss as a result of currency devaluation. However, valuation gain was recorded in the malls in Egypt reflecting strong lease renewal performance and the success and ramp-up of City Centre Almaza.

Loss before tax

Reflecting the above factors, Majid Al Futtaim Properties' loss before tax was AED 2,819 million in 2020, compared to AED 2,078 million in 2019.

Income tax expense

Majid Al Futtaim Properties is subject to tax on the income earned by it in certain jurisdictions in which it operates. Majid Al Futtaim Properties' operations in these jurisdictions gave rise to an income tax charge of AED 20 million in 2020 and an income tax charge of AED 147 million in 2019. In 2020, Majid Al Futtaim Properties recognised a deferred tax charge of AED 5 million, compared to AED 98 million in 2019. Majid Al Futtaim Properties recognises deferred tax on the temporary differences arising between the tax base and asset base on fair valuation of properties in Egypt, Lebanon and Oman.

Net loss after tax

Reflecting the above factors, Majid Al Futtaim Properties' loss after tax was AED 2,839 million in 2020, compared to AED 2,225 million in 2019.

Other comprehensive income for the year – net of tax

In 2020, Majid Al Futtaim Properties' other comprehensive income was negative AED 1,113 million compared to other comprehensive income of AED 37 million in 2019. This change was principally attributable to the currency devaluation in Lebanon and loss on revaluation of property, plant and equipment.

Total comprehensive income for the year

Reflecting Majid Al Futtaim Properties' loss after tax for the year and its other comprehensive income, Majid Al Futtaim Properties' total comprehensive income for the year was negative AED 3,952 million in 2020, compared to a total comprehensive income of negative AED 2,188 million in 2019.

LAND AND BUILDINGS

Majid Al Futtaim Properties' land and buildings are categorised either as investment property or as property, plant and equipment. Investment properties are properties held either to earn rental income, for capital appreciation or both, but not for sale in the ordinary course of business, use in the production or supply of goods and services or for administrative purposes.

Certain of Majid Al Futtaim Properties' properties include a portion that is held to generate rental income or capital appreciation and another portion that is held for own use in the supply of services or for administrative purposes. These properties may be split between the two categories where applicable law provides that separate title could be granted to each portion.

The fair value of the investment properties and land and buildings included within property, plant and equipment is determined twice a year at the reporting date (i.e. 31 December and 30 June) by independent external RICS Chartered Surveyors and Valuers having sufficient current local and national knowledge of the respective property markets. The valuation has been prepared in accordance with the RICS Valuation Global Standards-2017 including the International Valuations Standards and the RICS Professional Standards (revised April 2015) (the Red Book). For the valuation of shopping malls the discounted cash flows ("DCF") approach is used to determine the present value of the estimated future net cash flows, generally for a period of 10 years, for each property adopting an asset specific discount rate. An exit yield that reflects the specific risks inherent in the asset is then applied to the final cash flow to arrive at the property valuation. The fair value derived using DCF for shopping malls is benchmarked against the net initial yield methodology. Properties Under Construction ("PUC") are measured at fair value once the valuer determines that a substantial part of the project's uncertainty has been eliminated, such that a reliable value can be determined. PUC are valued by estimating the fair value of the completed property using the income capitalisation approach and deducting the estimated costs to complete the construction. When the value is deemed not to be reliably determinable, the PUC is carried at cost of the land plus work in progress less impairment until the earlier of the date that construction is completed or the date at which fair value becomes reliably measurable. For valuation of hotels, the fair value is derived using DCF and is benchmarked against capital value per key and net initial yield. For valuation of offices, the fair value is derived by applying an asset specific capitalisation rate on the net operating income of the property benchmarked to market rates. Properties held for future development (land bank) are valued using

comparable methodology, which involves analysing other relevant market transactions. Comparable methodology can involve a parcelisation approach where it is assumed a larger plot is subdivided and sold in smaller lot sizes over a period of time.

The table below shows the value of Majid Al Futtaim Properties' land and buildings as at 31 December 2020 and 31 December 2019, respectively.

Share capital

As at 31 December 2020, Majid Al Futtaim Properties' share capital comprised 3,500,000 shares of AED 1,000 each, all of which are fully paid and owned by Majid Al Futtaim Holding.

Shareholder contribution

In 2009, Majid Al Futtaim Properties issued subordinated capital loan instruments of AED 2,500 million in five loan instruments of AED 500 million each. In 2010, an additional loan instrument of AED 250 million was issued by Majid Al Futtaim Properties. These instruments (collectively referred to as the "**hybrid instruments**") are fully subscribed to by Majid Al Futtaim Holding in accordance with the terms of a master capital loan agreement and a separate capital loan agreement for each loan, in each case, dated 5 October 2009. During 2020, the agreement with Majid Al Futtaim Holding was amended resulting in a change in the coupon payment rate to a fixed rate of 6.375 per cent. (compared to 8 per cent. as at 31 December 2019) per annum payable semi-annually in arrear. The hybrid instruments do not have a final maturity date. The coupon is non-cumulative in nature and can be deferred indefinitely at Majid Al Futtaim Properties' discretion without constituting a default. In case of Majid Al Futtaim Holding ceasing to hold control of Majid Al Futtaim Properties, the prevailing coupon rate on the hybrid instruments will be permanently increased by 5 per cent. and such coupons will become cumulative. Based on the terms of the hybrid instruments, these are accounted for as equity instruments. The hybrid instruments were subscribed to through a debt to equity swap transaction.

In 2012, Majid Al Futtaim Properties novated all of its rights and obligations under two bank facilities agreement, which cumulatively amounted to U.S.\$900 million of term loans, to Majid Al Futtaim Holding and converted external facilities to related party funding. However, Majid Al Futtaim Properties continues to use these facilities under an inter-company funding agreement signed with Majid Al Futtaim Holding. These derivative instruments, which were hedged by way of interest rate collar and interest rate swap, had a negative fair value of AED 188 million at the time of novation. Majid Al Futtaim Holding waived its contractual obligation of recovering the liability from Majid Al Futtaim Properties and accordingly this balance was classified within shareholder contribution.

Revaluation reserve

The revaluation reserve principally reflects changes in the fair value of Majid Al Futtaim Properties' land and buildings classified as property, plant and equipment as required by IAS 16. Any increase in value arising on each revaluation of such assets is credited to the revaluation reserve unless and to the extent it reverses a decrease in the value of the same asset previously recognised in profit and loss, in which case the increase in value is recognised in profit and loss instead. Any decrease in value arising on each revaluation of such assets is debited from the revaluation reserve to the extent that the revaluation reserve contains a credit balance in respect of the asset concerned. If and to the extent there is no such credit balance, the decrease is charged to profit and loss.

Other reserves

Majid Al Futtaim Properties and its subsidiaries maintain a statutory reserve as required by applicable law. Typically a percentage of profit of the relevant company is transferred to the statutory reserve each year until the reserve equals the limit prescribed by applicable law. In addition, Majid Al Futtaim Properties maintains a currency translation reserve in respect of foreign currency differences arising from the translation of the financial statements of Majid Al Futtaim Properties' group companies whose functional currency is not the dirham.

RELATED PARTY TRANSACTIONS

Majid Al Futtaim Properties' related party transactions are described in Note 31 to the 2020 Majid Al Futtaim Properties Financial Statements and principally comprise transactions with other Group companies and key management personnel and/or their close family members. The shareholder contributions described under "*Majid Al Futtaim Properties Financial Review – Shareholders' Equity – Shareholder contribution*", the guarantees given by and to Majid Al Futtaim Properties in respect of borrowings by it and other Group companies as referred to under "*Group Financial Review – Liquidity and Borrowings*" and the additional transactions described in Note 31 to the 2020 Majid Al Futtaim Properties Financial Statements comprise

the principal related party transactions for the year ended 31 December 2020 and the year ended 31 December 2019.

Prior to 1 January 2021, the Group's operations were carried out by three complementary operating companies, Majid Al Futtaim Properties, Majid Al Futtaim Retail and Majid Al Futtaim Ventures, in each of which Majid Al Futtaim Holding held a 99 per cent. ownership interest. With effect from 1 January 2021, Majid Al Futtaim Ventures was restructured and its operations were segregated under two operational segments – Majid Al Futtaim LEC and Majid Al Futtaim Lifestyle. As at the date of this Base Prospectus, Majid Al Futtaim Ventures still operates as a separate legal entity within the Group while Majid Al Futtaim

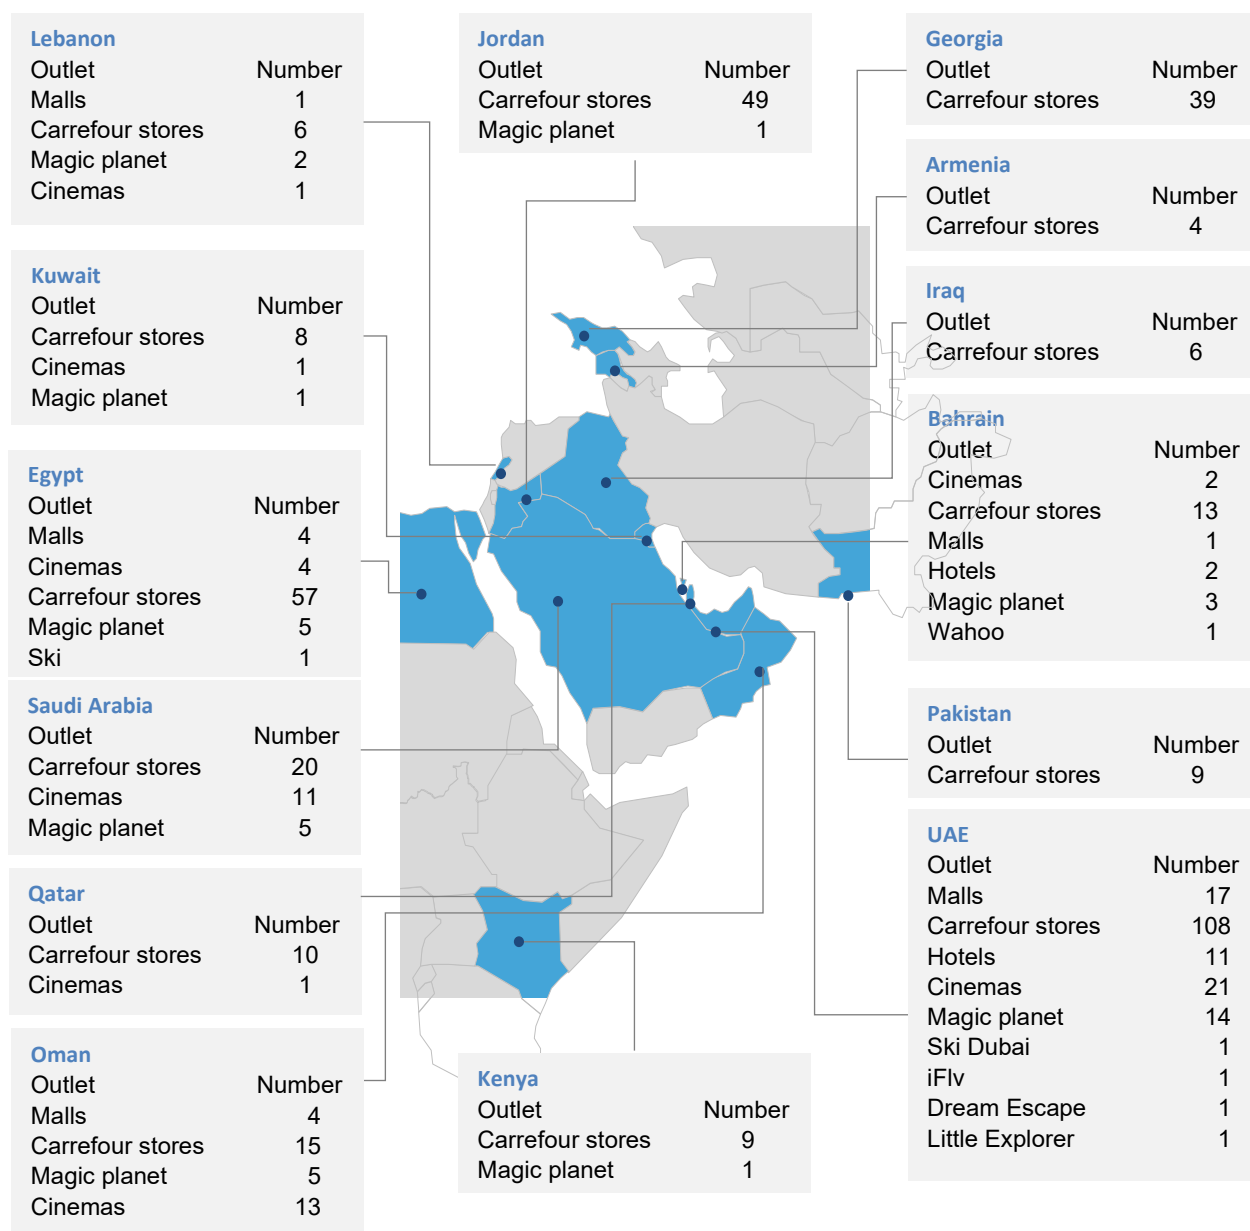

LEC and Majid Al Futtaim Lifestyle have not been established as separate legal entities. The Group is in the process of reflecting this segmental restructuring into its legal organisational structure and intends for Majid Al Futtaim Holding to ultimately hold a 99 per cent. ownership interest in Majid Al Futtaim LEC and Majid Al Futtaim Lifestyle, once incorporated as separate legal entities (with the remaining 1 per cent. ownership interest to be held by another wholly-owned Group entity).

Majid Al Futtaim Properties develops and manages shopping malls, which is the Group's core business. As at 31 December 2020, Majid Al Futtaim Properties owned and operated 27 shopping malls in Bahrain, Egypt, Lebanon, Oman and the UAE and had an additional three developments and one re-development or expansion project at various stages of planning, design or construction. The new projects, including new malls in Oman, Saudi Arabia and the UAE, represent an additional GLA of 583,000 square metres. Majid Al Futtaim Properties also develops hotels adjacent to or in close proximity to shopping mall destinations and, on a selective basis, undertakes mixed-use developments, in each case where this adds value to its core mall development business. As at 31 December 2020, Majid Al Futtaim Properties owned 13 hotels, of which 11 were located in the UAE and two were located in Bahrain. Majid Al Futtaim Properties operates through its four business units: SMBU, SMDBU, the Hotels Business Unit and the Communities Business Unit. Majid Al Futtaim Retail first introduced the hypermarket model to the Middle East in 1995 through Majid Al Futtaim Hypermarkets, originally established as a joint venture company with Carrefour in which Majid Al Futtaim Retail had a 75 per cent. interest. Since June 2013, Majid Al Futtaim Hypermarkets has been a wholly-owned subsidiary of the Group, managed by Majid Al Futtaim Retail in which Majid Al Futtaim Retail has a 99.9 per cent. interest and Majid Al Futtaim Holding has a 0.1 per cent. interest. For further detail on the history of Majid Al Futtaim Hypermarkets, please see "*Description of the Group – Majid Al Futtaim Retail*". Carrefour stores are a key anchor tenant in each of the Group's shopping malls and the Group has also opened Carrefour stores outside its shopping malls. Majid Al Futtaim Retail has expanded the Carrefour concept across the UAE and into Armenia, Bahrain, Egypt, Georgia, Iraq, Jordan, Kenya, Kuwait, Lebanon, Oman, Pakistan, Qatar, Saudi Arabia, Uganda and Uzbekistan. As at 31 December 2020, Majid Al Futtaim Retail operated 126 Carrefour hypermarkets and 228 Carrefour supermarkets as well as an online store (principally selling light and heavy household goods and grocery for delivery within Armenia, Bahrain, Egypt, Georgia, Iraq, Jordan, Kenya, Kuwait, Lebanon, Oman, Pakistan, Qatar, Saudi Arabia, the UAE and Uganda). For the year ended 31 December 2020, Majid Al Futtaim Retail's revenue decreased by 0.6 per cent. to AED 27,979 million compared to AED 28,137 million for the year ended 31 December 2019 whereas its EBITDA increased by 13.6 per cent. to AED 1,631 million compared to AED 1,436 million for the year ended 31 December 2019.

Prior to 1 January 2021, Majid Al Futtaim Ventures operated the Group's leisure and entertainment services, including a unique leisure offering in three of its super-regional shopping malls (for example Ski Dubai and Ski Egypt which are located in Mall of the Emirates (the Group's flagship mall) and Mall of Egypt). As at 31 December 2020, Majid Al Futtaim Ventures operated 33 Magic Planet entertainment centres located in all of the shopping malls owned by Majid Al Futtaim Properties and elsewhere and 53 cinemas located in 16 shopping malls owned by Majid Al Futtaim Properties and elsewhere. With effect from 1 January 2021, following the segmental restructuring of Majid Al Futtaim Ventures, the Group's leisure and entertainment operations were moved to Majid Al Futtaim LEC. Prior to 1 January 2021, Majid Al Futtaim Ventures also operated a fashion retail business operating as a licensee of a number of international brands via Majid Al Futtaim Fashion, offered Najm Visa credit cards via its Majid Al Futtaim Finance consumer finance business and had a small portfolio of other investments in the mobile payments and facilities management sectors. With effect from 1 January 2021, following the segmental restructuring of Majid Al Futtaim Ventures, the Group's fashion retail business and its portfolio of other investments were moved to Majid Al Futtaim Lifestyle. As at the date of this Base Prospectus: (a) the Group intends to restructure Majid Al Futtaim Fashion as a direct wholly-owned subsidiary of Majid Al Futtaim Holding and re-brand it as Majid Al Futtaim Lifestyle; and (b) Majid Al Futtaim Finance is held for sale since the Group intends to transfer the credit card portfolio to a third party, wind-down and exit the Majid Al Futtaim Finance business (see further Note 24 to the 2020 Group Financial Statements). For the year ended 31 December 2020, Majid Al Futtaim Ventures' revenue decreased by 48.9 per cent. to AED 1,427 million compared to AED 2,795 million for the year ended 31 December 2019 whereas its EBITDA decreased to negative AED 92 million compared to AED 416 million for the year ended 31 December 2019.

The following map sets out details of the Group's principal operations in each of the countries in which it operated as at 31 December 2020:

In addition to the above, the Group had one Carrefour store in each of Uganda and Uzbekistan as at 31 December 2020. In geographical terms, during the year ended 31 December 2020, 47.6 per cent. of the Group's revenue was derived from the UAE, 10.4 per cent. was derived from Saudi Arabia, 9.9 per cent. was derived from Egypt, 8.3 per cent. was derived from Qatar and the remaining 23.8 per cent. was derived from other countries predominantly in the MENA region.

HISTORY

Founded in 1992 in Dubai, the Group operated solely in Dubai until 1999. During that period, the joint venture with Carrefour was established, and the Group operated shopping malls, hypermarkets, hotels and cinemas. Between 1999 and 2001, the Group expanded across the UAE and into Oman. Between 2001 and 2003, the Group expanded into Egypt. Between 2003 and 2005, the Group expanded into Saudi Arabia. Between 2005 and 2008, the Group expanded into Kuwait, Bahrain, Jordan and Qatar and invested in a mixed-use development in Oman. Between 2008 and 2010, the Group expanded into Pakistan. The Group's geographic expansion has principally been driven by its retail business, with five Carrefour hypermarkets

operating by the end of 2000, 18 by the end of 2005, 48 by the end of 2012, 108 by the end of 2018 and 126 by the end of 2020.

As at the date of this Base Prospectus, the franchise agreement between Majid Al Futtaim Hypermarkets and Carrefour covers over 30 countries in the Middle East, Africa and Asia regions.

STRENGTHS

Management believes that the Group's credit strength is bolstered by the following factors:

- **low volatility in operating income:** reflecting the fact that a significant majority of its revenue is derived from food retailing (which is relatively unaffected by economic cycles) and, to a lesser extent, from rental income from tenants in its shopping malls (which is also generally a stable source of income), the Group experiences low levels of volatility in its operating income (revenue minus cost of sales). The Group's operating income in each of 2020 and 2019 was AED 9,716 million and AED 11,498 million, respectively (for a description of this APM (including reconciliation to the Group Financial Statements), please see "*Presentation of Financial Information – Use of Alternative Performance Measures*");
- **leadership in markets where the Group competes:** the Group's principal market is the UAE and Dubai in particular (which is generally considered as a mature global leading retail and brand destination). The Group believes that it has a leading position as a shopping mall developer in Dubai as it owns three of the leading shopping malls currently operating in Dubai. The Group also believes that it has a leading position as a shopping mall developer in the MENA region as no other company operating in the region has a geographic spread of shopping malls to match the Group's and that its experience of operating in a wide range of markets within the MENA region will help the Group as it seeks to expand into new markets;
- **steady cash flows and balanced financial profile:** the Group benefits both from a sound asset base in Majid Al Futtaim Properties, which accounted for 68.2 per cent. and 71.7 per cent. of the Group's assets (prior to eliminations and adjustments) as at 31 December 2020 and 31 December 2019, respectively, and also from a stable source of operating cash flow from: (a) the retailing business carried on by Majid Al Futtaim Retail, which accounted for 85.9 per cent. and 80.0 per cent. of the Group's revenue in the years ended 31 December 2020 and 31 December 2019, respectively; and (b) its shopping malls and certain other properties. The Group believes that this combination of sound asset base and stable cash flow is a significant differentiator from other property development companies in the region;
- **complementary businesses:** the Group has a focused strategy aimed to ensure that it delivers outstanding shopping destinations, in significant part, through creating and exploiting a range of synergies in its businesses. For example, having Carrefour as an anchor tenant helps to drive significant footfall in the Group's shopping malls which makes the malls more attractive to prospective tenants. In addition, the Group's hotels and leisure businesses help to differentiate its shopping malls and provide additional attractions to shoppers, particularly tourist shoppers in Dubai and Bahrain. Management of Majid Al Futtaim Holding believes that these synergies were a major factor in insulating the Group against the worst effects of the financial impact of the COVID-19 pandemic during 2020;
- **strong corporate governance:** management of Majid Al Futtaim Holding believes that the Group has robust corporate governance procedures in place. In particular, the Group has voluntarily adopted the principles of the Combined Code on Corporate Governance for listed companies in the United Kingdom across all areas of its business and has established principles of corporate governance and defined their application across each of the Group's operating companies. In addition, the Group has established strong operating company board structures reporting to the Board of Majid Al Futtaim Holding, has segregated shareholdings in and management of the Group's operating companies and ensures that all applicable laws and regulations in the countries in which it operates are complied with. Although the Chief Executive Officer ("CEO") and Chairman of Majid Al Futtaim Holding are in regular contact with Mr. Majid Al Futtaim, the Majid Al Futtaim family does not actively participate in the day-to-day operations of the Group;

- **presence in locations with strong business potential:** when considering a new shopping mall or standalone Carrefour store project, the Group conducts extensive due diligence and market research in order to identify the best sites. In particular, factors such as current and anticipated population, catchment areas, accessibility to the proposed shopping mall or store, potential rate of urbanisation and known or planned competing facilities are all considered and, in the case of additional shopping malls or stores in a single city, enhanced market research is conducted into relevant catchment areas to ensure that competition between the Group's facilities is minimised. The Group believes that it has been able to secure prime locations for many of its assets. In addition, particularly in Dubai (where it has seven shopping malls) and Bahrain, the Group is not solely reliant on the local population and benefits from significant tourist footfall in its shopping malls. In all of the countries in which the Group operates, it also benefits from factors such as the generally high temperatures which encourage indoor shopping and the fact that shopping malls are perceived as family-friendly places to socialise and engage in wider activities other than just shopping;
- **low leverage:** the Group's net debt to EBITDA ratios in each of 2020, 2019 and 2018 were 3.3, 2.7 and 2.7, respectively (for a description of this APM (including reconciliation to the Group Financial Statements), please see "*Presentation of Financial Information – Use of Alternative Performance Measures*");
- **operating in markets with long-term macroeconomic potential:** the Group's principal market is the UAE but other markets which are significant to the Group are Bahrain, Egypt, Oman, Qatar and Saudi Arabia. Historically, each of these markets has experienced significant increases in nominal GDP, population growth and growth in private consumption, enabling strong retail sales performance within Majid Al Futtaim Retail; and
- **prudent financial management and track record:** the Group believes that it has implemented strong risk management policies, particularly as regards managing its liquidity and credit risks (see "*Group Financial Review – Financial Risk Management*"). The Group has experienced steady revenue and EBITDA growth. Although the Group's revenue decreased by 7.3 per cent. and its EBITDA decreased by 18.8 per cent. in 2020 (principally due to the impact of COVID-19 on the Group's operations, see further "*Risk Factors – Risks Relating to the Group – All of the Group's businesses have been adversely affected in 2020 by the COVID-19 pandemic*"), the Group's revenue increased by 1.4 per cent. in 2019 and 7 per cent. in 2018 whilst its EBITDA increased by 0.6 per cent. in 2019 and 9 per cent. in 2018. In addition, the Group follows a conservative investment capital expenditure policy, typically entering new markets with lower cost hypermarket developments before committing to capital intensive shopping mall developments, adhering to a defined and rigorous process for making investment decisions, seeking to pre-fund its capital expenditure, entering into joint ventures where appropriate and by retaining the flexibility to scale back its developments in adverse market conditions.

STRATEGY

The Group's long-term strategy is to become a regionally-focused lifestyle conglomerate with a stellar reputation. The Group intends to focus on core sectors and markets where it has existing market leadership or where it sees an opportunity to establish itself as a leader in an under-developed market and to continue to create and exploit the synergies between its different businesses. In particular, the Group intends to:

- **enhance and grow its shopping destination business:** the Group intends to continue to undertake shopping mall developments on a regional basis both within and outside the UAE in markets which it believes are currently under-developed and offer a combination of increasing consumer spending power, increasing openness to international markets and low levels of international competitiveness. The Group intends, over time, to continue to diversify away from Dubai, where its revenues are currently concentrated. This strategy is in line with general regional trends. In addition, as a result of the general economic environment, assets are in the process of being repriced across the MENA region giving rise to many opportunities;
- **control and grow its retail businesses:** the Group expects to continue to develop its Carrefour hypermarket and supermarket business, both as anchor tenants for its new shopping mall developments and also on a standalone basis. In particular, the Group expects to continue to expand its portfolio of Carrefour supermarkets to meet customer preferences for more convenient food retail

outlets and to exploit other synergies within its business (see "*Description of the Group – Majid Al Futtaim Retail – Development pipeline*");

- **strengthen its core capabilities to compete in the future:** the Group intends to strengthen certain aspects of its individual businesses to further support its retail-focused corporate strategy. One of the Group's core capabilities is its ability to identify retail potential in specific catchment areas within a city, which is critical to the decision regarding location of a new shopping mall, Carrefour store or other relevant asset. To this end, the Group continues to invest in proprietary research methods based on primary ground research and its accumulated experience gained in relation to the Carrefour stores and shopping malls which are already operational. In 2012, Carrefour developed a personalised loyalty programme in the UAE which allows Carrefour to capture data in relation to individual shoppers while, in 2019, the Group launched its first company-wide loyalty programme, SHARE, allowing customers to earn and spend reward points across the Majid Al Futtaim ecosystem. The Group continues to focus on end-to-end customer experience and aims to develop a seamless and integrated omnichannel offering, including through further enhancement of its digital capabilities. In 2017, the Group established its Advanced Analytics Centre to further strengthen its core capability in accumulation and integration of customer data which allows the Group to better serve the needs of its final consumers. The Group is therefore well-positioned to respond in an agile manner to shifting consumer behaviour. For instance, in 2020, the Group launched a number of new e-commerce channels which offer a virtual shopping experience to customers, with direct delivery to customers' homes. The Group also continues to invest further in the training of its employees (training is currently offered through the Majid Al Futtaim Leadership Institute), to ensure that its responsible leadership model and values pervade throughout the organisation; and
- **sustainable economic development:** the Group's sustainability strategy, "Dare Today, Change Tomorrow", brings together all of the Group's businesses under one overarching sustainability vision. The Group aims to provide for a positive future and is committed to an ambitious set of sustainability targets across three focus areas of "Transforming Lives", "Rethinking Resources" and "Empowering Our People". To support this strategy, the Group has implemented a suite of policies and procedures in line with global best practice. These policies and procedures are reviewed and updated on an annual basis and support the translation of the Group's sustainability strategy into achievable and measurable actions. These measures, and the Group's progress in meeting its targets, places it track to meet its 2022 Sustainable Business Commitments and meaningfully contribute towards 10 of the United Nations Sustainable Development Goals. In 2021, the Group joined more than 60 leading global organisations in agreeing to report on stakeholder capitalism metrics. These environmental, social and governance metrics and disclosures (released by the World Economic Forum and its International Business Council in September 2020) measure the long-term enterprise value creation for all stakeholders. In becoming a signatory, the Group joined a community of companies dedicated to supporting the effort to provide concise, consistent and comparable metrics and disclosures for the shared value creation of all stakeholders.

GREEN FINANCE FRAMEWORK

From time to time and pursuant to the Programme, the Issuer intends to issue securities ("**green notes**") whose net proceeds would be used to fund or refinance, in whole or in part, a portfolio of eligible projects ("**Eligible Projects**") within eligible categories ("**Eligible Categories**") as set out in the Group's green finance framework (the "**Green Finance Framework**"). On an annual basis, the Group will publish an allocation report and an impact report in respect of its green Eligible Projects portfolio. For the avoidance of doubt, finance provided to any business or project that is not eligible under the criteria set out in the Green Finance Framework will not be considered as the use of proceeds of a green note issued under this framework.

The Group has broadly defined the Eligible Categories in accordance with the "Green Bond Principles" promulgated by the International Capital Market Association. Eligible Categories include:

- renewable energy;
- energy efficiency;
- sustainable water management; and

- green buildings.

Up to 100 per cent. of the proceeds of any green notes issue may be applied to refinance existing Eligible Projects within the Eligible Categories listed above. Where any portion of the proceeds of a green notes issue has not been applied to finance Eligible Projects within Eligible Categories, proceeds may be deployed according to the Group's funding requirements. The proceeds of any green notes issue may be applied globally without geographical restriction.

The Group intends to publish the Green Finance Framework on its website. Further, the Group has appointed Sustainalytics to provide an external review of the Group's Green Finance Framework, which will also be published on the Group's website at the following address:

<https://majidalfuttaim.com/en/investor-relations/bond-and-credit-rating>.

For the avoidance of doubt, the information contained on the websites referred to in this paragraph is not incorporated by reference into, or otherwise included in, this Base Prospectus.

MAJID AL FUTTAIM PROPERTIES

Overview

Majid Al Futtaim Properties' vision is to be recognised as the market leader in the development, ownership and management of shopping malls in the MENA region. Majid Al Futtaim Properties' goal is to create long-term sustainable wealth for the Group through:

- the entrepreneurial development and management of a diversified portfolio of shopping centres; and
- the development of hotels and, on a selective basis, mixed-use projects where they add synergistic value to its shopping centres.

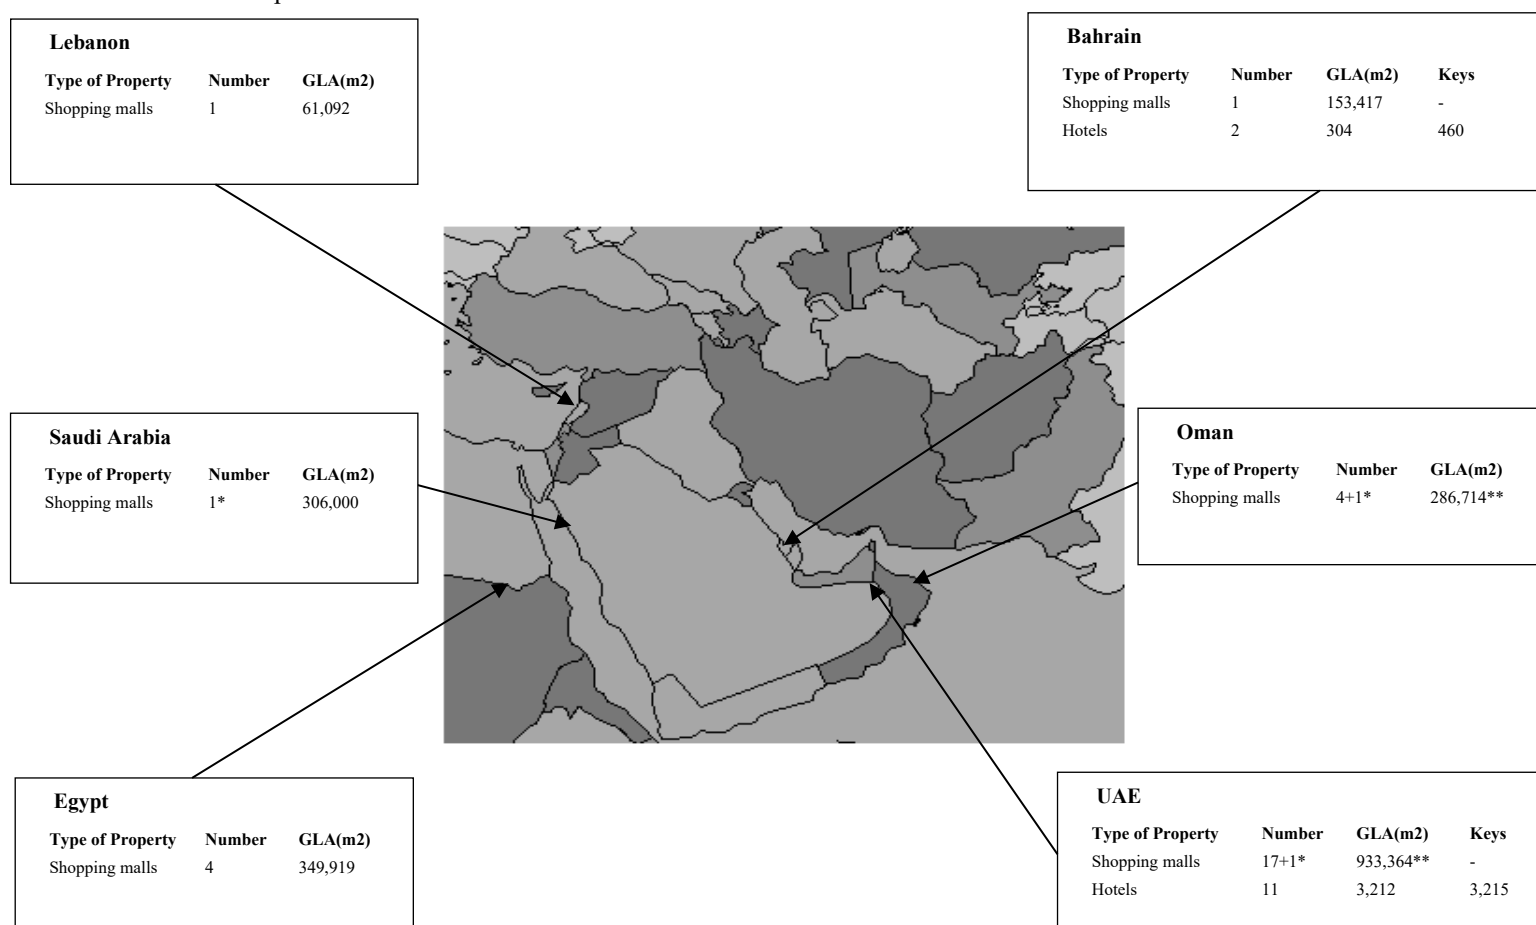

Majid Al Futtaim Properties operates through three independent business units as follows:

- **Shopping malls:** with effect from 1 January 2020, the shopping malls business is managed by the SMBU (which is responsible for the management of shopping malls operations) and the newly constituted SMDBU (which is responsible for the delivery of future malls and retail development). As at 31 December 2020, the SMBU owned and operated 27 shopping malls with a GLA of approximately 1,507,506 square metres, including five neighbourhood community malls held in joint ventures. In 2020, the SMDBU completed one community mall (Matajer Al Musalla (5,459 square metres)) and two re-development projects (City Centre Deira (2,400 square metres food hall and 28,000 square metres related to re-merchandising works) and City Centre Alexandria (14,330 square metres)). Combined, the portfolio of malls attracted 140 million visitors in 2020. As at 31 December 2020, the SMDBU had an additional three developments and one re-development or expansion project at various stages of planning, design or construction. Along with new developments and expansions, Majid Al Futtaim Properties also undertakes enhancement and upgrades of existing assets on a continuous basis. The new projects, including new malls in Oman, Saudi Arabia and the UAE, represent an additional 583,000 square metres of GLA. With revenues of AED 3,197 million and EBITDA of AED 2,363 million for the year ended 31 December 2020 and assets of AED 34,991 million as at 31 December 2020, the SMBU and the SMDBU together represented 91.6 per cent., 100.9 per cent. and 83.0 per cent., respectively, of Majid Al Futtaim Properties' revenue, EBITDA and assets as at and for the financial year ended 31 December 2020. - **Hotels:** the Hotels Business Unit primarily focuses on developing hotels adjacent to, or in close proximity to, Majid Al Futtaim Properties' shopping malls. The Hotels Business Unit currently owns 13 hotels, 11 of which are in the UAE and two are in Bahrain. The operating hotels offered a total of 3,675 keys as at 31 December 2020. With revenues of AED 236 million (and revenues including

leases of AED 6 million) and EBITDA of AED 22 million (and EBITDA including support costs of AED 12.2 million) for the year ended 31 December 2020 and assets of AED 3,455 million as at 31 December 2020, the Hotels Business Unit represented 6.8 per cent., 0.9 per cent. and 8.2 per cent., respectively, of Majid Al Futtaim Properties' revenue, EBITDA and assets as at and for the financial year ended 31 December 2020. Strategy

Majid Al Futtaim Properties' strategy is to focus on the development and operation of shopping malls within the MENA region. This is done as its core business through developing different product types: (a) super-regional shopping malls (malls with in excess of 100,000 square metres of GLA); (b) regional shopping malls (malls with between 60,000 and 100,000 square metres of GLA); (c) community malls (malls with between 20,000 and 60,000 square metres of GLA); and (d) neighbourhood community malls (malls with less than 20,000 square metres of GLA). Majid Al Futtaim Properties expects to continue to build a network of malls covering differing catchment areas in selected cities in which it believes it can achieve a dominant position and/or capture unique market opportunities and aims to continue to develop hotels and undertake mixed-use projects preferably where there are clear synergistic benefits to the Group's core shopping mall business. In relation to its hotel developments, Majid Al Futtaim Properties' strategy is to outsource the day-to-day operational management of the hotels to specialist hotel management companies, such as Accor, Hilton, Kempinski and Marriott.

Majid Al Futtaim Properties intends to prioritise its future capital expenditures on existing and new markets, utilising existing land owned by it, new land acquisition where practicable and through joint ventures where it can secure development and asset management agreements. It also expects to realise value through the sale of non-strategic properties within its land bank and to provide development, management and other shopping centre related services to third parties where this generates knowledge or other benefits to its existing shopping malls and provided it can ensure that reputational and conflict risks are properly controlled. Wherever possible, Majid Al Futtaim Properties intends to add value to its non-strategic land, for example through planning approvals, prior to its sale.

Competitive advantages

Majid Al Futtaim Properties believes that its competitive advantages include:

- **established track record and reputation:** Majid Al Futtaim Properties' first mall, City Centre Deira, was opened in November 1995. As at 31 December 2020, Majid Al Futtaim Properties owned and operated 27 shopping malls in Bahrain, Egypt, Lebanon, Oman and the UAE (including five neighbourhood community malls held in joint ventures), including its flagship mall, the Mall of the Emirates in Dubai, which was opened in 2005 and had an annual footfall of approximately 28.2 million in 2020. As at 31 December 2020, the average occupancy rates of Majid Al Futtaim Properties' shopping mall portfolio was around 92 per cent. Majid Al Futtaim Properties believes that this track record, along with its established reputation, give it a significant competitive advantage in attracting consumers and customers (tenants) both to its existing and future shopping malls;
- **locations:** in the countries and markets in which it operates, Majid Al Futtaim Properties' operations are located in prime locations with established and growing catchment areas. The company focuses internal resources on constantly developing and improving the relevance of its shopping malls within its target markets;
- **in-house expertise:** Majid Al Futtaim Properties benefits from having integrated development, project management, asset management and mall management teams. Majid Al Futtaim Properties outsources on-site project management and construction activities to reputable firms and construction contractors with which it has established relationships;
- **alliances and partnerships:** through its alliance with Majid Al Futtaim Retail (i.e. the Carrefour franchisee) and its established relationships with a number of regional retail franchise groups, Majid Al Futtaim Properties is able to secure a strong tenant base for each of its shopping malls (see *"Risk Factors – Risks Relating to Majid Al Futtaim Properties – Majid Al Futtaim Properties' rental revenues depend upon its ability to find tenants for its shopping malls and offices and the ability of such tenants to fulfil their lease obligations as well as on Majid Al Futtaim Properties achieving an optimal tenant mix for its shopping malls. In addition, Majid Al Futtaim Properties is exposed to tenant concentration"*); and
- **unique leisure offers:** through its collaboration with Majid Al Futtaim LEC and Majid Al Futtaim Lifestyle, Majid Al Futtaim Properties' super-regional shopping malls are each able to provide a unique leisure offering to their customers. These offerings comprise Dreamscape (located in Mall of the Emirates (Dubai)), iFly (located in City Centre Mirdif (Dubai)), Little Explorers (located in City Centre Mirdif (Dubai)), Mall of Egypt (Cairo) and Riyadh Park (Saudi Arabia)), Ski Dubai (located in Mall of the Emirates (Dubai)) and Ski Egypt (located in Mall of Egypt (Cairo)). These unique leisure offerings are owned by Majid Al Futtaim Properties, except Dreamscape (located in Mall of the Emirates (Dubai)) and Little Explorers (located in Riyadh Park (Saudi Arabia)), which are owned by Majid Al Futtaim Leisure and Entertainment. Majid Al Futtaim Properties' regional and community shopping malls benefit from other leisure and entertainment facilities such as cinemas and 'Family Entertainment Centres' ("FECs"), in each case where appropriate to the shopping mall concerned.

Project development model

Majid Al Futtaim Properties has three asset creation functions, namely business development, project development and project management, which are responsible for conceptualising, sourcing, developing and delivering projects for each of the four business units (the SMBU, the SMDBU, the Hotels Business Unit and the Communities Business Unit). The business development function pursues project opportunities and assesses their feasibility prior to acquisition. The project development function is responsible for producing business plans, detailed master plans and concept designs for each project. The project management function manages project construction with the goal of delivering projects on time, in scope and within budget.

All development projects undertaken by Majid Al Futtaim Properties follow a rigorous standard operating process designed to ensure consistent oversight and that all development projects are executed in line with overall Group strategy, represent economically sound investments which add shareholder value and are

able to be funded. Majid Al Futtaim Properties' project development model is a nine-stage process which is followed for all asset classes. The expertise of Majid Al Futtaim Properties' business development and project development functions is utilised at each step of the process. The nine-stage process is set out in more detail below.

Stage 1: Sourcing, due diligence and land acquisition

The first of the nine stages principally involves potential site identification and the preparation and approval of a due diligence scope and budget for each potential development site. Target markets and geographies are identified within Majid Al Futtaim Properties' strategic priorities which are approved by senior management in line with Majid Al Futtaim Properties' strategic plan.

Stage 2: Land purchase and outline master plan

During this stage, a high level feasibility study is undertaken. This seeks to identify the potential options for the project and key success criteria. Additional due diligence is undertaken, including background market research by internal and external research providers (including current and projected population and household numbers in the catchment area, any current and potential future competitors, potential tenant interest and any environmental or other material factors affecting the site concerned), traffic assessment (including ease of accessibility) and financial criteria such as indicative land, construction and other development costs, as well as possible financing strategies. This research is updated at each later stage of the project. Exit options are also identified for any non-strategic assets and approval by both senior management and the Board of Majid Al Futtaim Properties is required before the identified land is purchased and the next stage can commence. Majid Al Futtaim Properties prefers to acquire 100 per cent. ownership of its properties and to develop its assets itself, but will enter into joint ventures where appropriate, for example as a result of legal restrictions on foreign ownership in some of the countries in which it operates. Key considerations for entering into a joint venture agreement include property location, identity of the joint venture partner and clarity of land ownership as well as control over development and operations. Although it has not done so to date, Majid Al Futtaim Properties will also consider acquiring existing companies or properties where economically attractive to do so. When constructing a new shopping mall, Majid Al Futtaim Properties seeks to purchase sufficient land to allow for future expansion projects and may also seek to plan the development in stages (see "*Risk Factors – Risks Relating to Majid Al Futtaim Properties – The success of Majid Al Futtaim Properties' business strategy and profitability depends upon its ability to locate and acquire or lease land suitable for development at attractive prices*").

Stage 3: Master plan approval and development budget

During this stage, the proposed structure of the project is identified and the high level feasibility study is developed into an indicative business and financial plan and more detailed success criteria (such as cash yield, internal rates of return, payback and net present value) are developed and analysed together with benchmarking and sensitivities, with a view to establishing a clear understanding of the financial, resourcing and risk implications of the proposed project. A financing strategy is also formulated at this stage. In the case of a new shopping mall project, the proposed merchandising mix is identified and for all new projects any necessary statutory approvals are applied for and obtained. Approval by the project control group is required for the key elements of this stage. The project control group is comprised of:

- the CEO and Head of Finance of business units;
- the head of development and project management divisions;
- the projects specific developments directors, project manager and asset manager;
- the country head and country representative; and
- the representatives of specialist functions (such as leasing, marketing and finance) (the "**Project Control Group**").

Stage 4: Concept design

During this stage, a detailed business plan is prepared. Financial assumptions (including revenues, costs, financing, taxation and discount rates as well as revenue assumptions) are clearly identified and updated at each later stage of the project. Based on the approved financing strategy (approved in the previous stage),

funding proposals are sought from third parties, a preliminary leasing (or mixed-use sales) plan is prepared and a project development brief containing all relevant data in relation to the proposed project is presented to the Project Control Group for approval.

Stage 5: Schematic design

During this stage, a scheme design and planning report is prepared with a view to achieving a high level of confidence that the proposed project can meet or exceed its objectives. The purpose of the scheme design and planning report is to allow a commitment to be made on detailed design and procurement, and to secure lease commitments from anchor tenants in the case of shopping malls. The detailed business plan is revised in the light of any new information and the financing strategy and preliminary leasing or sales plans are also finalised and approved. In the case of a new shopping mall project, commitments from anchor tenants are sought at this stage and in the case of a new hotel project, management agreements (both for technical services and hotel management) are entered into at this stage, whilst in the case of residential and office projects, off-plan sales reservations are commenced. Qualified contractors are identified and pre-qualification activity is undertaken. Approval by the Project Control Group is required for the key elements of this stage.

Stage 6: Detailed design

During this stage, a detailed design, procurement and construction report is prepared and any required funding is negotiated and secured in accordance with the approved financing strategy and further pre-leasing and off-plan sales reservations are undertaken. Typically projects are funded with a combination of debt and equity financing. Additionally the project development team seeks to ensure flexibility in the construction costs and commitments to minimise potential exit costs in the event of a significant adverse change in the feasibility of a project. Detailed designs are finalised, tenders are undertaken and any required building permits are obtained at this stage. The business plan is finalised and investment indicators are further revised in the light of any new information. Approval by the Project Control Group is required for the key elements of this stage.

Stage 7: Main construction contract award

During this stage, the business plan is finalised. A tender report is prepared summarising the outcome of the tender process and recommending proposed contractors. The main construction contractor is appointed and enabling works and any necessary site preparation commence, although, in the case of a new shopping mall project, historically this has taken place once tenants have been secured for about 50 per cent. of the GLA (or in the case of residential or office developments, a 50 per cent. off-plan sales reservation target is achieved). Approval by the Project Control Group is required for the key elements of this stage.

Stage 8: Construction

During this stage, construction is undertaken in accordance with the detailed designs prepared. The costs, time and associated construction risks are closely monitored throughout this stage with a view to achieving handover on time, within scope and budget. During this stage, in the case of a new shopping mall project the leasing process continues and space is allocated within the shopping mall to committed tenants. In the case of residential and office developments, further sales reservations are undertaken and staged payments are collected from clients under contracted agreements. Approval by the Project Control Group is required for the key elements of this stage and any adverse construction or project results such as cost overruns are referred to the Board of Majid Al Futtaim Properties.

Stage 9: Project completion

During this stage, post-completion evaluations are conducted for each project at the first and third year following delivery.

The development of a new project, from concept to completion, typically averages between four and seven years depending on asset class. In the case of shopping malls, the first three stages set out above typically take between one to two years and account for around 15 to 20 per cent. of the total project investment. Each of the fourth and fifth stages and the sixth and seventh stages described above typically takes between six months and one year to complete and accounts for around 5 per cent. of the total project investment. The final two stages typically take between two and three years to complete and account for approximately 70 to 75 per cent. of the total project investment.

Shopping Malls Business Units (SMBU and SMDBU)

As at 31 December 2020, the SMBU owned and operated 27 shopping malls with a GLA of approximately 1,507,506 square metres, including five neighbourhood community malls held in joint ventures. In 2020, the SMDBU completed one community mall (Matajer Al Musalla (5,459 square metres)) and two re-development projects (City Centre Deira (2,400 square metres food hall and 28,000 square metres related to re-merchandising works) and City Centre Alexandria (14,330 square metres)). Combined, the portfolio of malls attracted 140 million visitors in 2020. As at and for the year ended 31 December 2020, SMBU and SMDBU together generated revenues of AED 3,197 million and EBITDA of AED 2,363 million and its assets were AED 34,991 million. As at 31 December 2020, the SMDBU had an additional three developments and one re-development or expansion project at various stages of planning, design or construction. Along with new developments and expansions, Majid Al Futtaim Properties also undertakes enhancement and upgrades of existing assets on a continuous basis. The new projects, including new malls in Oman, Saudi Arabia and the UAE, represent an additional 583,000 square metres of GLA. Shopping malls are classified in terms of their size and type. Each shopping mall is designed to have large anchor stores and various leisure amenities, including entertainment facilities and food and beverage facilities (such as food courts, fast food and speciality restaurants). Where feasible, Majid Al Futtaim Properties seeks to maximise the synergies across Group businesses in new shopping mall developments (for example, Carrefour hypermarkets operated by Majid Al Futtaim Retail as the food retail anchor store, entertainment facilities such as cinemas or Magic Planet centres operated by Majid Al Futtaim LEC, and facilities management services operated by Group company Enova).

The SMDBU seeks to maintain a balanced portfolio of shopping malls, ensuring that it has the right mix of super-regional, regional, community and neighbourhood malls and that the format it chooses to develop in a particular location will be attractive to its potential customer and consumer base. The SMDBU strategically locates its shopping mall destinations close to residential areas to attract local residents with the convenience of shopping close to home. The potential customer base is expanded when, in line with the Group's overall strategy, the Hotels Business Unit and, where relevant, the Communities Business Unit develop hotels or residential properties close to the shopping malls.

The design and type of shopping malls are based on the profile of the relevant catchment area. For example, the SMDBU has to date focused on super-regional malls in growing urban communities or tourism markets such as Dubai, Bahrain, Egypt and Saudi Arabia, and plans to focus on developing community and regional malls in other markets. In addition, the mix of retail outlets is based on the SMBU's and SMDBU's understanding of the consumer preferences of local shoppers and, where appropriate, regional and international tourists within the particular area. This is done with the aim of ensuring an attractive mix of international brands, national retailers and leading local retailers. Market research is performed to evaluate trends, to segment the market and to benchmark against competitors.

The SMBU and SMDBU have strong relationships with key retail franchise groups which control a number of major brands in different countries. Depending on the size and consumer profile of a particular shopping mall, the SMBU will contract with one or more of these retail franchise groups as well as local retailers to establish a selection of retail brands within the shopping mall. In addition, the SMDBU endeavours to cater to the expansion strategies of its tenants by offering them retail space in a variety of preferred locations in a number of its developments. At the same time, the SMBU seeks to increase its footfall across the region by leveraging the increased recognition and popularity of its tenants.

Shopping malls under development

As at 31 December 2020, in addition to the SMBU's portfolio of operating shopping malls, the SMDBU had an additional three developments and one re-development or expansion project at various stages of planning, design or construction. Along with new developments and expansions, Majid Al Futtaim Properties also undertakes enhancement and upgrades of existing assets on a continuous basis. The new projects, including new malls in Oman, Saudi Arabia and the UAE, represent an additional 583,000 square metres of GLA. Key projects for new malls are as follows:

- *City Centre Al Zahia, Sharjah, UAE:* Opened in March 2021. With a GLA of approximately 136,000 square metres, this super-regional mall is located in Sharjah on Sheikh Mohamed bin Zayed Road, the main artery connecting all the Emirates. It includes a VOX cinema, an FEC (comprising a Magic Planet) and a Carrefour hypermarket.
- *Mall of Oman, Muscat, Oman:* This super-regional mall with a planned opening date in the fourth quarter of 2021 will have a GLA of approximately 141,000 square metres. The mall will be

anchored by a Carrefour hypermarket and include a snow park, VOX cinema and a Magic Planet entertainment centre. Construction of this mall commenced in March 2017.

- *Mall of Saudi, Riyadh, Saudi Arabia:* This super-regional mall in Riyadh is at the design stage with an aim to provide a best in class retail mall in the capital city of Saudi Arabia. The mall is planned to have a GLA of approximately 306,000 square metres. It will include a unique leisure offering themed around snow and ice, VOX cinemas and a Magic Planet entertainment centre, in addition to a Carrefour hypermarket. Land has been acquired for this mall.

Marketing

The SMBU and the SMDBU have a de-centralised marketing structure within the regions, as well as a cross-regional marketing hub that drives strategy, consistency, efficiency and excellence across the Group's various geographies and assets. Marketing is targeted at both retailers (as existing and potential tenants) and end-consumers. The principal marketing activities include, but are not limited to, brand building, internal and external communication, advertising, media buying, loyalty programmes, digital marketing, tactical promotions and sustainability.

The Group's shopping malls have won numerous awards, which most recently included:

- Silver Award in the Best Shopping Mall category at the 2020 Retail and Leisure International's 2020 RLI Awards (City Centre Almaza for its mall opening);
- First place the government of Bahrain's contest hosted by the Capital Governorate for the best decorated building during Bahrain National Day (City Centre Bahrain);
- Gold Award in the Traditional Marketing: Sales Promotions and Events category at the 2019 Middle East Council for Shopping Centres (MECSC) Awards (Mall of the Emirates for "*DHF: Home Away From Home*");
- Gold Award in the Traditional Marketing: Sales Promotions and Events category at the 2019 MECSC Awards (City Centre Mirdif for "*Fortnite Season 6 Event – The First Official Event in Middle East*");
- Silver Award in the Traditional Marketing: New/Emerging Technology category at the 2019 MECSC Awards (City Centre Bahrain for its spring campaign "*Fashion Robot*"); and
- Silver Award in the Traditional Marketing: Sales Promotions and Events category at the 2019 MECSC Awards (Mall of the Emirates for its spring campaign "*VISA – A Fashion Season of Rewards*").

Lease arrangements

Majid Al Futtaim Properties enters into lease agreements with its retail tenants, the duration of which varies by tenant, and typically commences negotiations regarding the renewal of lease agreements approximately six months prior to the expiration of a lease agreement. The lease terms for anchor tenants typically do not exceed 10 years (except MAF Group companies, which typically have lease terms of between 10 and 20 years), for major tenants from between five to 10 years and for line stores from between one to five years. The average lease terms across the Group's malls as at 31 December 2020 ranged from five to seven years. Maximum lease terms are 20 years. Majid Al Futtaim Properties also enters into leases of one year or less for tenants operating counters, carts, kiosks and mall media in each mall. Under the terms of the lease agreements, some major tenants have a restrictive clause preventing them from opening a competing store within a defined radius. In addition, tenants typically do not have the right to rescind their lease agreements except in limited cases and Majid Al Futtaim Properties has the right to rescind certain line tenants' lease agreements in the event they do not achieve certain sales thresholds.

The fit-out of individual stores is the responsibility of the tenant subject to approval by Majid Al Futtaim Properties. Tenants are also responsible for all repairs and maintenance to their leased area over the lease period and must vacate the premises at the end of the lease period as found prior to fit-out.

Lease rental fees contain a number of fixed elements linked to the area of floor space under lease, along with a variable rent element calculated based on the tenant's gross sales. In the event that 90 per cent. of the

variable rent is higher than the contracted rent for any given lease year, the variable rent is converted to the base rent at the start of the next lease year. Each lease is negotiated separately and there is no set formula for rents applied across all tenants.

Some jurisdictions in which Majid Al Futtaim Properties has shopping malls (notably the UAE) have passed laws which limit Majid Al Futtaim Properties' flexibility to increase the rentals paid in those jurisdictions (see "*Risk Factors – Risks Relating to the Group – The countries in which the Group operates may introduce new laws and regulations that adversely affect the way in which the Group is able to conduct its businesses*").

Competition

According to the 2020 Group Financial Statements and the publicly available financial statements of Majid Al Futtaim Properties' main competitors, Majid Al Futtaim Properties is one of the largest shopping mall destination developers in the MENA region with regards to total asset size. However, it still faces competition from a number of real estate developers in each of the markets in which it operates. The principal competitor in the UAE, the Group's main market, is the Emaar Group ("**Emaar**"), which opened its first shopping mall in Dubai (The Dubai Mall) in November 2008. As at the date of this Base Prospectus (and on the basis of publicly available information as at the date of this Base Prospectus), Emaar has launched a number of expansions to its flagship asset, The Dubai Mall. In addition, Emaar is in the process of developing a number of retail projects, including additional re-development works at The Dubai Mall. Emaar has also progressed well on the construction of the Dubai Hills Mall and the Dubai Creek Harbour project. Nakheel Properties is also expanding its portfolio in Dubai (with its latest project being the Palm Mall, which was launched in the last quarter of 2019) and is expected to open multiple mall projects in the coming years. In recent years, non-traditional competition is also emerging, primarily from the Meraas Group (specialising in lifestyle themed malls and open air, food and beverage centric centres). Other notable competitors across the region include the Mabane Group, the Al Hokair Group and the Al Futtaim Group.

Hotels Business Unit

The Hotels Business Unit focuses on maximising the value of existing hotels and the development of new hotels located on or adjacent to Majid Al Futtaim Properties' shopping malls. The Hotels Business Unit currently owns 13 hotels, 11 of which are in the UAE and two are in Bahrain.

The Hotels Business Unit's business model is to asset manage third party international hotel management companies. The Hotels Business Unit currently uses four international hotel management companies, namely Accor, Hilton, Kempinski and Marriott. The Hotels Business Unit enters into management agreements with the hotel management companies to provide each hotel with a brand, experienced international management and access to global distribution systems and customer networks.

Marketing

Pursuant to the terms of the management agreements with Accor, Hilton, Kempinski and Marriott, each relevant manager is responsible for all marketing activities related to the hotels they manage.

Competition

The hotels managed by the Hotels Business Unit face competition from a number of existing hotel operators and developers in the region as well as new market entrants. According to a report published by KPMG, hotel supply is expected to increase by 21.3 per cent. by 2021, compared to the pre-pandemic base year of 2019 (from 127,000 keys to 154,000 keys). However, a prolonged reduction in leisure and business travel

is anticipated due to the impact of the COVID-19 pandemic. Accordingly, it is expected that hotel revenues may contract by more than 50 per cent. for the 2020 financial year and it may take 18-24 months to reach pre-pandemic levels of profitability.⁵

Communities Business Unit

The Communities Business Unit was established to develop sites containing a mix of residential and commercial properties throughout the MENA region. The Communities Business Unit is also responsible for managing Majid Al Futtaim Properties' portfolio of three office buildings in Dubai. The Communities Business Unit is currently involved in developing a mixed-use joint venture in Lebanon and is the joint venture partner with the Governments of Oman and Sharjah for two further master-planned communities as described below.

Waterfront City, Beirut, Lebanon

The Group has invested in a 50/50 joint venture with a Lebanese company, Joseph G. Khoury Holdings & Fils S.A.L. The joint venture owns around 193,700 square metres of reclaimed land surrounding a marina located in Dbayyeh, 15 kilometres north of central Beirut in Lebanon. The mixed-use development, called Waterfront City, will be completed by the joint venture in a number of phases. The first phase included the development of 388 residential units along with 48 retail units, food and beverage outlets and other retail outlets directly overlooking the marina, in addition to an indoor and outdoor gym of 4,561 square metres. Phase 1 was launched in July 2011, its construction started in 2012 and handover was completed in 2018. The next phase was launched in May 2013 and consists of 282 residential units and nine retail units aimed at broadening the depth of the products on offer. Construction started in April 2015 and handover commenced in the third quarter of 2018. Phase 3 includes the development of the business park with 12 low rise buildings and a retail component, separated in two super plots each of six buildings. The business park (first six buildings out of 12) was launched in February 2014 and has achieved 68 per cent. off-plan sales to date. Construction of the business park started in December 2016 and is planned to complete in 2021. All the phases are expected to be funded by off-plan strata sales executed by a local Majid Al Futtaim team. During 2020, despite hyper-inflationary economic conditions, Waterfront City sold almost its entire inventory of residential/commercial units. The Group's strategy is to retain the retail components in Waterfront City for leasing and asset management.

Al Mouj, Muscat, Oman

Located in Muscat, the capital city of Oman, Al Mouj Muscat is a mixed-use development project occupying a total area of 2.5 million square metres along over six kilometres of natural beach. Al Mouj Muscat is being developed as a joint venture between the Oman-based Waterfront Investments, Oman National Investments Development Company, representing the Omani pension funds, and Majid Al Futtaim Properties, which holds 50 per cent. of the joint venture entity called Al Mouj Muscat SAOC ("**Al Mouj JV**"). Al Mouj JV has been established as an independent joint venture that has its own employees and operations, with Majid Al Futtaim Properties having 50 per cent. voting powers and representation on the board. Al Mouj Muscat has launched and sold 2,842 units to date out of a total of 6,516 units planned for the project. Al Mouj JV does not require funding from Majid Al Futtaim Properties and is financed independently, including through the receipt of advance cash payments for the sale of units which are currently being used to finance construction of further development work.

Al Zahia and Matajer, Sharjah Holding, UAE

Located in close proximity to Sharjah University City, Sharjah International Airport, SAIF Zone and the major road links to Dubai and the Northern Emirates, Al Zahia is an integrated mixed-use community, featuring a range of villas, apartments and commercial units. Al Zahia is being developed under Sharjah Holding, a 50/50 joint venture between the Government of Sharjah and Majid Al Futtaim Properties.

Phase 1 of the development was completed and handed over in 2014. Phase 2, comprising 197 villas, was completed in December 2016. The handover in respect of Phase 2 commenced in 2016 and was completed in the second quarter of 2017. Additionally, Phase 3, comprising 224 villas and 342 garden apartments, was

launched in the first quarter of 2015 and was completed in 2017. As at the date of this Base Prospectus, Lilac villas are in an advanced stage of construction and will be handed over in 2021.

In addition to Al Zahia, Sharjah Holding is developing a range of Matajer community shopping malls in the Emirate of Sharjah. As at 31 December 2020, Sharjah Holding owned and operated five Matajer malls with a GLA of over 24,128 square metres.

Other property

In addition to the properties described above, the Communities Business Unit is responsible for the development of land, which is designated as investment property with no immediate construction plan or planned sales to third parties. Majid Al Futtaim Properties has not yet initiated the project development phase for these properties, and therefore, appropriate Board approvals have not yet been received and financing has not yet been secured for the development of these projects.

In addition to its land bank held for development, the Communities Business Unit is responsible for managing Majid Al Futtaim Properties' portfolio of three office buildings in Dubai, which are fully or partially occupied by the Group and the remainder is leased to third parties.

MAJID AL FUTTAIM RETAIL

Overview

The Group first introduced the hypermarket model to the Middle East in 1995 under a partnership with Promodes S.A. ("**Promodes**") using the brand "Continent". A joint venture agreement with Promodes established Majid Al Futtaim Hypermarkets, a joint venture company 75 per cent. owned by the Group and 25 per cent. owned by Promodes. In 2000, Promodes merged with Carrefour and the joint venture agreement was updated and amended. Over the past 40 years, France's Carrefour group has grown to become one of the world's leading distribution groups. As the world's second-largest retailer and the largest in Europe (according to the Carrefour website), the Carrefour group currently operates four main grocery store formats: hypermarkets, supermarkets, hard discount and convenience stores. In May 2013, Majid Al Futtaim Holding entered into an agreement with Carrefour France SA whereby Majid Al Futtaim Holding acquired Carrefour France SA's 25 per cent. interest in Majid Al Futtaim Hypermarkets and further agreed to extend the franchise agreement in place between the two parties until 2025 (see "*Description of the Group – Majid Al Futtaim Retail – Agreements with Carrefour*" for more detail).

Pursuant to the franchise agreement with Carrefour, Majid Al Futtaim Hypermarkets currently has the right to establish Carrefour stores in over 30 countries predominantly in the Middle East, Africa and Asia regions. The franchise agreement was extended in June 2013 to expand Majid Al Futtaim Hypermarkets' use of the Carrefour brand into new jurisdictions and in new formats (see "*Description of the Group – Majid Al Futtaim Retail – Agreements with Carrefour*"). As at 31 December 2020, Majid Al Futtaim Retail had expanded the Carrefour concept across the UAE and into Armenia, Bahrain, Egypt, Georgia, Iraq, Jordan, Kenya, Kuwait, Lebanon, Oman, Pakistan, Qatar, Saudi Arabia, Uganda and Uzbekistan. Following the extension of the franchise agreement in June 2013, Majid Al Futtaim Retail has the ability to expand the Carrefour concept into new jurisdictions, predominantly across Africa and Asia. As at 31 December 2020, Majid Al Futtaim Retail operated 126 Carrefour hypermarkets and 228 Carrefour supermarkets as well as an online store (principally selling light and heavy household goods and grocery for delivery within Armenia, Bahrain, Egypt, Georgia, Iraq, Jordan, Kenya, Kuwait, Lebanon, Oman, Pakistan, Qatar, Saudi Arabia, the UAE and Uganda).

Majid Al Futtaim Retail initially opened Carrefour supermarkets in 2007 on a trial basis in the UAE in an attempt to take advantage of its large store network and the regional suburban demand for smaller stores allowing easier access to the local population. Majid Al Futtaim Retail has rolled out the new format in three sizes, ranging from approximately 500 square metres to 2,500 square metres, depending on factors including target product range, population density and catchment area. The Carrefour supermarkets focus mainly on food products, with food sales contributing approximately 95 per cent. of total sales per year.

Majid Al Futtaim Retail's workforce of more than 34,800 employees processed almost 224 million transactions at its Carrefour stores in 2020, resulting in sales of AED 25,357 million for the year (excluding fees and commissions which amounted to AED 2,615 million). The following map shows the location of Majid Al Futtaim Retail's Carrefour hypermarkets and supermarkets as at 31 December 2020:

With effect from 1 July 2017, Majid Al Futtaim Retail acquired Retail Arabia B.S.C. from BMA International E.C. As a result, Majid Al Futtaim Retail acquired 25 Geant hypermarkets and supermarkets in the UAE, Kuwait and Bahrain as well as four Gulfmart supermarkets in Bahrain.

Majid Al Futtaim Retail had revenue of AED 27,979 million and EBITDA of AED 1,631 million during the financial year ended 31 December 2020 as well as assets (prior to eliminations and adjustments) of AED 12,118 million as at 31 December 2020, representing 85.9 per cent., 43.4 per cent. and 19.6 per cent., respectively, of the Group's revenue, EBITDA and assets (prior to eliminations and adjustments) as at and for the financial year ended 31 December 2020.

Majid Al Futtaim Retail had revenue of AED 28,137 million and EBITDA of AED 1,436 million during the financial year ended 31 December 2019 as well as assets (prior to eliminations and adjustments) of AED 12,477 million as at 31 December 2019, representing 80.0 per cent., 31.0 per cent, and 19.0 per cent., respectively, of the Group's revenue, EBITDA and assets (prior to eliminations and adjustments) as at and for the financial year ended 31 December 2019.

The following graph shows the number of hypermarkets Majid Al Futtaim Retail has had in operation year-on-year since 1995:

Strategy

Majid Al Futtaim Retail aims to reinforce Carrefour's leading position as the retailer of choice for consumers throughout the MENA region. Majid Al Futtaim Retail also aims to provide the most competitive offerings for its customers by effectively utilising its negotiation and purchasing power to create an attractive customer shopping experience, while maintaining stable commercial margins.

Majid Al Futtaim Retail intends to continue to focus on the hypermarket format (with an average of 8,000 square metres of selling space) and smaller store formats to fill market gaps (see "*Description of the Group – Majid Al Futtaim Retail – Store Rollout and development strategy*"). Majid Al Futtaim Retail is also focused on further developing private-label products in conjunction with Carrefour and increasing the proportion of such products in its sales mix.

In order to further enhance the Group's customer experience, Majid Al Futtaim Retail has been developing the "omni-channel" solution, providing customers with online options for food and non-food categories, unlimited access to the full range of products through in-store tablets, various home delivery options and

mobile payment solutions. Majid Al Futtaim Retail's ultimate aim is to be as prominently present in the "omni-channel" market as its physical store presence across its geographies of operation.

Finally, management believes that Majid Al Futtaim Retail's growth, coupled with its strong relationship with Carrefour, will allow it to take advantage of Carrefour's reputation internationally and further improve its purchasing power from international suppliers.

Agreements with Carrefour

In 1995, the Group entered into a joint venture agreement with Promodes, now part of the Carrefour group, creating Majid Al Futtaim Hypermarkets, which was initially 75 per cent. owned by Majid Al Futtaim Retail. Pursuant to a separate franchise agreement, Majid Al Futtaim Hypermarkets initially became the exclusive franchisee of Carrefour for 15 countries in the MENA region – Bahrain, Egypt, Iran, Iraq, Jordan, Kuwait, Lebanon, Libya, Oman, Pakistan, Qatar, Saudi Arabia, Syria, UAE and Yemen. Under the terms of the franchise agreement, Carrefour provides trade signs, operating procedures and know-how (particularly in relation to hypermarket design, quality, health and safety standards and administration), assistance in supply chain management as well as access to product sourcing networks and training. In addition Carrefour is responsible for the sourcing of its private-label products, "Carrefour" and "N1".

On 31 May 2011, the management of each of Majid Al Futtaim Retail and Carrefour agreed to the extension of the franchise agreement between Majid Al Futtaim Hypermarkets and Carrefour to four countries – Armenia, Azerbaijan, Georgia and Kazakhstan. An amended franchise agreement reflecting these arrangements was entered into on 6 July 2011.

Majid Al Futtaim Holding entered into an agreement dated 22 May 2013 with Carrefour France SA (the "**Sale and Purchase Agreement**") whereby Majid Al Futtaim Holding acquired Carrefour France SA's 25 per cent. ownership interest in Majid Al Futtaim Hypermarkets for a consideration of AED 2,555 million (the "**Acquisition**"). The Acquisition became effective on 25 June 2013.

The Acquisition did not have a material impact on the financial position of the Group as Majid Al Futtaim Hypermarkets was, prior to completion of the Acquisition, a fully consolidated subsidiary of Majid Al Futtaim Holding for accounting purposes, save that, as the purchase consideration was higher than 25 per cent. of the net assets of Majid Al Futtaim Hypermarkets, the Acquisition resulted in a reduction in shareholders' equity in accordance with IFRS of approximately AED 2.1 billion on a Group consolidated basis. The impact of such reduction was substantially offset by an issuance of hybrid bonds, the proceeds of which were used to refinance the indebtedness incurred to finance the purchase price for the Acquisition and the hybrid bonds received full equity accounting treatment in accordance with IFRS.

In addition, Majid Al Futtaim Hypermarkets and Carrefour France SA have agreed to extend the franchise agreement currently in place between the two parties. The revised franchise agreement extends Majid Al Futtaim Hypermarkets' use of the Carrefour brand name until 2025 and provides Majid Al Futtaim Hypermarkets with the opportunity to expand its use of the Carrefour brand into new jurisdictions (predominantly in Africa and in certain jurisdictions within Asia) and in new formats (such as, for example, in relation to convenience stores and cash-and-carries) across the regions in which the Group currently operates.

Majid Al Futtaim Retail has agreed, for the duration of the franchise agreement, not to utilise any know-how gained in the operation of independent hypermarkets or supermarkets and is not permitted to sell the products of any of Carrefour's competitors.

Carrefour charges Majid Al Futtaim Retail a franchise fee based on sales made. Majid Al Futtaim Retail is responsible for the day-to-day operation of each store, seeking approval from Carrefour for new store openings and new country entry.

The Carrefour hypermarket in the Mall of the Emirates, which opened in 2005, is Majid Al Futtaim Retail's largest hypermarket. As at 31 December 2020, Majid Al Futtaim Retail

had 33 hypermarkets in the UAE, 12 in Oman, nine in Bahrain, five in Qatar and three in Kuwait and a total of 92 Carrefour supermarkets in the five countries.

Egypt

Majid Al Futtaim Retail opened its first Carrefour hypermarket in Egypt in 2002. The hypermarket is located in the City Centre Maadi shopping mall in Cairo, the most populous city in the Arab world. As at 31 December 2020, Majid Al Futtaim Retail had 16 Carrefour hypermarkets and 41 Carrefour supermarkets in Egypt.

Saudi Arabia

Majid Al Futtaim Retail entered Saudi Arabia in 2004 with its first Carrefour hypermarket on Khurais Road in Riyadh. As at 31 December 2020, Majid Al Futtaim Retail had 18 Carrefour hypermarkets and two Carrefour supermarkets in Saudi Arabia.

Other countries

Majid Al Futtaim Retail was the first hypermarket chain entrant into Jordan when it opened a Carrefour hypermarket within the Amman Mall in December 2006. In 2009, Majid Al Futtaim Retail opened a hypermarket in Pakistan followed by Iraq and Georgia in 2012 and Lebanon in 2013. The first hypermarket opened in Armenia during 2015, the first hypermarket in Kenya opened during 2016, the first hypermarket in Uganda opened during 2019 and the first supermarket in Uzbekistan opened during 2020. During 2017, Majid Al Futtaim Retail closed its hypermarket in Kazakhstan (which was opened in 2016). As at 31 December 2020, Majid Al Futtaim Retail has a total of 30 hypermarkets and 93 supermarkets in these 10 countries.

Development pipeline

Majid Al Futtaim Retail plans to open 14 Carrefour hypermarkets (one store each in Georgia and Iraq and two each in Egypt, Oman, Pakistan, Saudi Arabia, the UAE and Uzbekistan) and 86 Carrefour supermarkets in 2021.

Operational leases

Majid Al Futtaim Retail currently leases the properties at which it operates Carrefour stores. Properties are leased from both Majid Al Futtaim Properties and, if applicable in order to gain quicker access to a target market, third-parties, including third-party shopping mall developers. As at 31 December 2020, 19 hypermarkets and four supermarkets were leased from Majid Al Futtaim Properties, with the remaining 107 hypermarkets and 226 supermarkets leased from third parties.

It takes approximately six months for Majid Al Futtaim Retail to open a new hypermarket from the point at which the store is handed over and, in the case of hypermarkets located in shopping malls, it can take up to two and a half years to develop the mall in which the hypermarket is to be located from the point at which Majid Al Futtaim Retail commits to lease the store. In the case of supermarkets, it takes around four months to carry out refurbishment works and around two months to obtain necessary licences and approvals. Majid Al Futtaim Retail prefers to lease sites for its Carrefour stores to ensure a faster time to market and to expedite the return on its investment. However, Majid Al Futtaim Retail will consider other options, such as owning a limited number of properties or leasing land and constructing a store, where it determines that it is more commercially viable to do so.

Majid Al Futtaim Retail aims to maintain long-term lease agreements (typically with terms of approximately 20 years for hypermarkets and approximately 10 years for supermarkets). As at 31 December 2020, the average lease period for its hypermarkets was approximately 20 years and for its supermarkets was approximately 10 years. Under most of the lease agreements, Majid Al Futtaim Retail has a conditional right to renew the lease subject to agreement on lease terms and retains termination rights at certain points during the lease.

Majid Al Futtaim Retail undertakes refurbishment of its hypermarkets approximately every seven to 10 years. In addition, store managers are responsible for reviewing and analysing inventory turnover and consumer trends, in order to plan potential changes to the store layout.

Store rollout and development strategy

Majid Al Futtaim Retail has created a development team to oversee the rollout of its Carrefour store network. The development team has representatives covering the countries in which Majid Al Futtaim Retail traditionally operates. Development within the new countries is managed by the corporate office development team with local management support. These development teams identify store location opportunities and negotiate with local suppliers and are supported by Majid Al Futtaim Retail country managers who are present in all countries of the region.

When rolling out a new store, the local development teams (under the supervision and with the support of the head office development team) are responsible for sourcing suitable real estate, negotiating lease or purchase agreements, conducting tenders for construction and installation services, store design and store launch. They also co-ordinate contacts with the external parties involved in the rollout process such as real estate agents, licensing authorities, lawyers and construction companies. There is a close dialogue between the regional teams and the Majid Al Futtaim Retail corporate office, although significant responsibility is given to the regional teams to facilitate efficient decision making. However, all important decisions require the involvement of the corporate office development team and Majid Al Futtaim Retail's legal and finance departments and significant financial commitments require approval by Majid Al Futtaim Retail's CEO or Board, depending on the size of the commitment.

Majid Al Futtaim Retail Board approval is required prior to entering into a new store project and a new geographical market. When considering a new geography, the corporate office development team first seeks to identify appropriate locations and conducts all necessary diligence to estimate future sales for each proposed site. Based on the results of the diligence, the development team prepares a feasibility study which, among other matters, considers the financial criteria that are required to be met (including: (a) a positive net present value of the expected cash flows from the investment for the period of the lease; and (b) an internal rate of return and return on capital employed in excess of the country hurdle rate set by Majid Al Futtaim Retail). Majid Al Futtaim Retail evaluates potential store feasibility based on projected cash flows for the proposed lease period, which depend on factors such as current population, catchment area, customer access to the hypermarket, potential rate of urbanisation and existing and planned competing properties. The feasibility study is approved by the Investment Committee (which comprises the CEO, Head of Development, Chief Operating Officer, CFO and General Counsel) and submitted to the Majid Al Futtaim Retail Board for final approval. Projects for supermarkets involving capital expenditure of less than AED 10 million are approved by Majid Al Futtaim Retail's CEO, otherwise such projects are approved by Majid Al Futtaim Retail's Board.

Following completion of a development, an annual review process for each store is conducted. Among other matters, results to date, the latest five-year plan and a conservative projection to cover the full lease period are considered. The return and profitability key performance indicators are compared with those identified at the initial project approval stage and the results of each review are presented to the Majid Al Futtaim Retail Board.

Typically, Majid Al Futtaim Retail's Carrefour hypermarkets are the anchor tenants of choice for Majid Al Futtaim Properties' shopping mall developments. However, Carrefour hypermarkets and supermarkets are also located outside Majid Al Futtaim Properties shopping malls in order to support the expected growth of Majid Al Futtaim Retail.

Product range and quality control

Product range

Majid Al Futtaim Retail's Carrefour hypermarkets stock five categories of products: consumer goods, fresh food, light household, textile and heavy household goods. Consumer goods are all food products excluding fresh produce; fresh food goods are fresh produce; light household goods are non-food household products falling outside the heavy household category; textile goods are principally clothing and linen merchandise; and heavy household goods consist of large appliances and electronic goods. For the year ended 31 December 2020, food products and non-food products accounted for 73 per cent. and 27 per cent., respectively, of Majid Al Futtaim Retail's total sales.

Depending on the size of the individual store, Majid Al Futtaim Retail's Carrefour hypermarkets stock between 35,000 and 45,000 stock keeping units ("SKUs") per store. The SKUs stocked in a particular store

include mandatory items selected centrally by the relevant country head office sourcing team and products chosen locally by the store's management to ensure the range of products offered is adapted to suit local tastes. As a result, the range of products varies from store-to-store, depending on preferences within a local catchment area, including various ethnic groups' needs.

Majid Al Futtaim Retail's merchandise strategy is aimed at standardising its range of products and optimising its ability to satisfy customer preferences. Based on monthly analyses of results and other relevant data (including competition data, loyalty data and periodic customer feedback), it sets objectives and modifies parameters, including store layout, range and price. Individual stores are then charged with adjusting accordingly the mix of products, prices, products on promotion and the location of products within the store.

A portion of Carrefour hypermarkets' SKUs are private label brands. The private label brands developed by Carrefour include "N1", "Carrefour" and "reflects de France". Majid Al Futtaim Retail intends to increase the proportion of the private label items in its sale mix.

Majid Al Futtaim Retail develops private label brand products in partnership with Carrefour, identifying product specifications based on consumer preferences. All of the private label products must adhere to the Carrefour group's strict quality standards, and Majid Al Futtaim Retail and Carrefour work together to ensure quality control.

Quality control

Majid Al Futtaim Retail has implemented an audit control system for its market goods and private label items. The audit control system covers staff training and audits of suppliers, stores and products across all countries where Majid Al Futtaim Retail has operations. Majid Al Futtaim Retail has appointed several companies to perform audits according to targets set by its management team. As at the date of this Base Prospectus, approximately 51 per cent. of Majid Al Futtaim Retail's hypermarkets have received Hazard Analysis and Critical Control Points ("**HACCP**") certification or an equivalent ISO certification. The stores without HACCP certification are new and are in the process of gaining such certification, which is a time-consuming process. HACCP is a systematic preventive approach to food safety that addresses physical, chemical and biological hazards as a means of prevention rather than finished product inspection. HACCP is used in the food industry to identify potential food safety hazards, so that key actions can be taken to reduce or eliminate the risk of the hazards being realised. The system is used at all stages of food production and preparation processes.

Supply chain, procurement, inventory and distribution

Supply chain and procurement

Majid Al Futtaim Retail uses Carrefour's sourcing network in East Asia and Europe to source products for its Carrefour private label brands and for limited non-food items, allowing Majid Al Futtaim Retail to leverage Carrefour's own purchasing power. Majid Al Futtaim Retail uses its own logistics network in Asia and Europe to deliver from the source to the relevant countries (taking advantage of the Carrefour carriers conditions and volumes).

For all other products, Majid Al Futtaim Retail's central procurement team is responsible for producing an annual list of preferred suppliers by product category. These suppliers are ranked based on performance using benchmarking reports. In order to keep the supplier list relevant and manageable, the central procurement team considers the range required for each product type, the best possible quality for each product type and the target selling price. If a certain product line has not been selling well, the number of suppliers listed will be reduced to reflect the reduced demand or only those suppliers that offer goods at the right quality with competitive prices will be listed. Individual store managers can suggest potential new suppliers to the central sourcing and procurement department. However, the final decision on whether to add a proposed supplier to the list is taken centrally.

The majority of supplier contracts are negotiated and entered into at the country local level based on the supplier list. Negotiations and execution of supplier contracts with certain key suppliers are carried out by the central sourcing team. These suppliers tend to provide key local and imported branded products which are sold in large quantities across all regions allowing Majid Al Futtaim Retail to secure favourable terms

due to its purchasing power (see "*Description of the Group – Majid Al Futtaim Retail – Rebates and supplier benefits*").

Majid Al Futtaim Retail prefers local (country-level) producers but is also focused on increasing volumes of direct imports from the source (instead of imports through intermediaries) and aims to thereby improve the trade conditions and purchase prices. In 2013, Majid Al Futtaim Retail set up a trading company in Hong Kong, China, with the intention of targeting the private label product of the food and non-food departments.

Inventory

Inventory management is a store-managed process. Store requirements are assessed at each individual store and orders are placed directly with suppliers. Order quantities are based on a minimum order level set for each SKU and an order is raised automatically once this minimum quantity has been triggered in-store. All purchase orders are sent automatically to suppliers through the electronic system.

Physical inventory counts are performed for all stores every three to six months (depending on the country in which the store is located), with sections counted on a rotational basis in between as well. Certain high value items at greater risk of theft are counted weekly or monthly. Majid Al Futtaim Retail uses the same inventory system used by Carrefour in its hypermarkets for managing store inventory. When goods arrive, the inventory system is automatically updated and Majid Al Futtaim Retail's accounting system captures invoices upon receipt. Inventory days in Majid Al Futtaim Retail's Carrefour hypermarkets have remained relatively constant over the three years to 31 December 2020.

Distribution

Deliveries are predominantly made directly to stores and the logistical costs of transport are usually borne by the distributor, but included within the purchase cost price. A small proportion of purchases are delivered to distribution centres managed by third party logistics providers before distribution to stores. These goods tend to be centrally purchased imported goods and private label products. The third-party central warehouse facilities also provide storage space for Carrefour supermarkets due to the limited storage capacity available at each supermarket.

Rebates and supplier benefits

Due to its increased market share across each region as its store portfolio expands, Majid Al Futtaim Retail is able to increase its purchasing volumes and, as a result, secure rebates and other supplier benefits from both its local distributors and its brand suppliers. Majid Al Futtaim Retail negotiates a number of different types of rebates and other benefits with its suppliers, generally on an annual basis at a regional level, although negotiations with some of the larger branded importers are conducted centrally. Fixed rebates are obtained on a yearly basis based on an agreed fixed percentage of supplier turnover. Volume discounts are obtained on yearly purchase values by brand or supplier. Other types of benefits include fees charged to suppliers for promotional activities, displays, advertising space, new range and additional shelf space. Rebates and supplier benefits represent a significant driver of Majid Al Futtaim Retail's revenue. A portion of the rebate gains are reinvested in the business to allow Majid Al Futtaim Retail to maintain its price leadership.

Pricing policy

In line with Carrefour's pricing policy, Majid Al Futtaim Retail's business philosophy is to offer its customers the products they want at a competitive price. Management aims to keep prices below those of its competitors by leveraging its market share to achieve volume-based rebates on its supply orders.

The Majid Al Futtaim Retail corporate office sourcing team is responsible for setting prices for all items at the hypermarket and supermarket level.

To ensure its Carrefour hypermarket SKUs are priced competitively, Majid Al Futtaim Retail regularly monitors prices through third party service providers. Additional price surveys are carried out as needed by store clusters according to the competition context, for example in connection with entering a new market or the introduction of a new competitor to one of its existing markets.

Advertising and marketing

For Majid Al Futtaim Retail, customer growth is the most important aspect of sales growth and its marketing effort is, accordingly, focused towards this end. In addition to traditional newspaper, magazine, radio and television advertising, Majid Al Futtaim Retail delivers leaflets door-to-door to local households as well as extending the use of the internet, social media and mobile communication. Majid Al Futtaim Retail also conducts co-branded advertising whereby a supplier pays to promote new items or a range of products in conjunction with Majid Al Futtaim Retail.

Competition

Majid Al Futtaim Retail faces competition from international, regional and local retailers. The competition from international retailers is limited as the only major grocery retailer which has a multi-country and multi-store presence in the region where Majid Al Futtaim Retail operates is Carrefour, and the Group's contractual arrangements with Carrefour mean that it does not compete with Majid Al Futtaim Retail in the countries in which Majid Al Futtaim Retail operates.

Majid Al Futtaim Retail's main regional competitors (being those with a presence in a number of countries in which Majid Al Futtaim Retail operates) are Lulu (Emke Group), Spinneys, Panda (Savola Group) and the Sultan Centre while its main online retail competitors are Amazon and Noon. The Group believes that Majid Al Futtaim Retail faces moderate competition from these entities on a regional basis. Majid Al Futtaim Retail's local competitors vary depending on the country concerned and the level of competition from these competitors also varies in each country. Certain of the regional competitors are also local competitors, such as, Union Cooperative, Lulu and Spinneys in the UAE, Panda and Al Othaim in Saudi Arabia, Metro in Egypt, Al Meera in Qatar, Sameh Mall and the Sultan Centre in Jordan, and the Sultan Centre in Oman.

In 2010, Majid Al Futtaim Ventures acquired the 49 per cent. shareholding of its joint venture partner and became the sole owner of Majid Al Futtaim Cinemas. Majid Al Futtaim Cinemas typically serves as a Group shopping mall anchor tenant in the super-regional malls where the cinema complex is generally located in close proximity to the unique leisure offering. Majid Al Futtaim LEC's strategy in relation to Majid Al Futtaim Cinemas is to target growth through expansion outside the region in the medium term as well as to upgrade the services offered, particularly in relation to seating and food and beverage. In 2020, Majid Al Futtaim's VOX cinemas expansion saw the addition of 47 new screens across five locations in Oman and Saudi Arabia.

Majid Al Futtaim Leisure and Entertainment

Majid Al Futtaim Leisure and Entertainment's facilities include FECs and unique leisure offers ("ULO's"). Accordingly, as at 31 December 2020, Majid Al Futtaim Fashion operated 36 stores in six countries, namely Bahrain, Kuwait, Oman, Qatar, Saudi Arabia and the UAE.

Investments in Joint Ventures

Majid Al Futtaim Ventures' investments in joint ventures comprise:

ENOVA by VEOLIA

In December 2009, the joint venture agreement with Majid Al Futtaim Dalkia (now known as ENOVA by VEOLIA) was amended to reflect the contribution by Majid Al Futtaim Dalkia to the joint venture of related businesses in Bahrain and Saudi Arabia. In return, Majid Al Futtaim Ventures ceded management control of the joint venture to Majid Al Futtaim Dalkia and, whilst retaining its 51 per cent. shareholding, accounted for the joint venture as an associate.

ENOVA by VEOLIA provides solutions designed to optimise the costs involved in managing the energy infrastructure in shopping centres, offices, leisure complexes, hotels, hospitals, universities, airports and any other commercial, industrial, residential or public buildings. Approximately 65 per cent. of ENOVA by VEOLIA's revenue for the financial year ended 31 December 2020 and approximately 56 per cent. of its revenue for the financial year ended 31 December 2019 came from charges to non-Group companies.

As at the date of this Base Prospectus, the Group intends to transfer Majid Al Futtaim Ventures' ownership interest in ENOVA by VEOLIA to Majid Al Futtaim Properties during the course of 2021.

TREASURY AND INTERNAL AUDIT

The Group operates a centralised treasury with a view to benefiting from both internal and external economies of scale and core expertise as well as leveraging the Group's different business profiles.

The treasury function has a clear demarcation of responsibility between front, middle and back office functions and its performance is measured by reference to a number of defined benchmarks in terms of capital structure and allocation, liquidity management, funding and investment, financial risk management and other areas.

Each operating company has an internal audit function in order to bring the audit function closer to the business and operational needs specific to each operating company. The prevailing methodology and approach have been maintained to ensure independent oversight and the implementation of strict corporate governance practices.

The Group utilises IT solutions for a variety of business functions, including financial reporting, supply chain management, project development and human resources. Each of the Group's operating subsidiaries uses software that is tailored to its particular business needs.

The Group does not currently have a separate disaster recovery site although disaster recovery procedures are in place at its data centre and designed to recover data and applications in a disaster scenario. The Group also implements anti-virus and other data security procedures.

HEALTH, SAFETY AND SECURITY

The Group's operating subsidiaries follow comprehensive fire and health and safety policies and procedures appropriate to their respective businesses. In particular, the Group's shopping malls are constructed to international standards, most of Majid Al Futtaim Retail's stores have received HACCP certification (as further described under "*Description of the Group – Majid Al Futtaim Retail – Product range and quality control – Quality control*") and all applicable health and safety regulations applicable to the Group's business are complied with.

The Group is also bolstering contingency plans and implementing other security procedures following the civil unrest in Egypt and Bahrain which affected its properties in those countries.

LITIGATION

During 2010, a joint venture company that is 50 per cent. owned by the Group and 50 per cent. owned by a major UAE-based property development company became involved in arbitration proceedings under which the amount of AED 2,614 million is being claimed from the joint venture for non-payment of instalments of the purchase price of land which the joint venture company had agreed to purchase. This arbitration has been put on hold since the end of 2011. The Group has no indication if, and when, the arbitration will resume. If resumed, the Group does not believe that any arbitration ruling against the joint venture will result in financial liability for any other Group company. In addition to the above, Majid Al Futtaim Holding and its subsidiaries are involved from time to time in legal actions, often as the claimant, and most of which arise in the ordinary course of business.

INSURANCE

The Group has in place insurance coverage for all material aspects of its operations up to a level which management considers to be reasonable and comparable to or in excess of that of other companies operating in the sectors and markets in which the Group operates. The Group's major insurable risks are covered by insurance policies for property all risks (including business interruption), terrorism cover, cyber insurance and public liability. The Group will continue to seek to secure appropriate insurance coverage for these risks at commercially reasonable rates (see "*Risk Factors – Risks Relating to the Group – The Group may not be able to secure full insurance coverage for the risks associated with the operation of its businesses*").

MANAGEMENT AND EMPLOYEES

MANAGEMENT

Overview

The Group places considerable emphasis on governance and transparency within its operational framework and has voluntarily adopted the principles of the Combined Code on Corporate Governance for listed companies in the UK.

The Majid Al Futtaim Holding Board is responsible for: (a) determining overall strategic objectives and ensuring there are appropriate human and financial resources available to meet these objectives; (b) monitoring the performance of management against the strategic objectives and key performance indicators; (c) ensuring the establishment and operation of prudent and effective controls to assess and manage the risks associated with the operations of the business; and (d) setting and upholding the values and standards necessary to ensure that obligations to shareholders and other stakeholders including employees and, in appropriate cases, creditors are met.

Each of Majid Al Futtaim Properties, Majid Al Futtaim Retail and Majid Al Futtaim Ventures has its own Board responsible for setting strategic goals and measuring the success of the business in achieving objectives and maintaining corporate accountability.

Independent non-executive chairmen have been appointed to the Majid Al Futtaim Properties and Majid Al Futtaim Retail Boards to define and allow for the implementation of separate and distinct roles for Majid Al Futtaim Holding's Chairman and CEO. This Board structure allows Majid Al Futtaim Holding's CEO to focus on his overriding responsibility of leading the executive management of the Group, while allowing the individual Boards and their management to focus on the increasingly complex and specialised demands of their respective businesses.

Each of the Group's Boards works closely together to review, recommend and approve projects, combining the expertise of the various businesses. To further this goal, Majid Al Futtaim Holding's CEO and at least one other member of the executive committee of Majid Al Futtaim Holding attend the board meetings of each of Majid Al Futtaim Properties, Majid Al Futtaim Retail and Majid Al Futtaim Ventures to ensure that the Group's strategy is implemented consistently.

Each Board undertakes a formal review process with a view to seeking continuous improvement in the Board's performance. Each review analyses the Board and any associated committee processes and their effectiveness, the relationships between non-executive and executive directors, information flows and other relevant information.

BOOK-ENTRY CLEARANCE SYSTEMS

*The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of DTC, Euroclear or Clearstream, Luxembourg (together, the "**Clearing Systems**") currently in effect. Investors wishing to use the facilities of any of the Clearing Systems are advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System. None of the Issuer, the Guarantors, the Trustee nor any other party to the Agency Agreement will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Notes held through the facilities of any Clearing System or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.*

BOOK-ENTRY SYSTEMS

DTC

DTC has advised the Issuer that it is a limited purpose trust company organised under the New York Banking Law, a "**banking organisation**" within the meaning of the New York Banking Law, a "**clearing corporation**" within the meaning of the New York Uniform Commercial Code and a "**clearing agency**" registered pursuant to Section 17A of the Exchange Act. DTC holds securities that its participants ("**Direct Participants**") deposit with DTC. DTC also facilitates the settlement among Direct Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerised book-entry changes in Direct Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organisations. DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("**Indirect Participants**" and, together with Direct Participants, "**Participants**").

Under the rules, regulations and procedures creating and affecting DTC and its operations (the "**Rules**"), DTC makes book-entry transfers of Registered Notes among Direct Participants on whose behalf it acts with respect to Notes accepted into DTC's book-entry settlement system ("**DTC Notes**") as described below and receives and transmits distributions of principal and interest on DTC Notes. The Rules are on file with the Securities and Exchange Commission. Direct Participants and Indirect Participants with which beneficial owners of DTC Notes ("**Owners**") have accounts with respect to the DTC Notes similarly are required to make book-entry transfers and receive and transmit such payments on behalf of their respective Owners. Accordingly, although Owners who hold DTC Notes through Direct Participants or Indirect Participants will not possess Registered Notes, the Rules, by virtue of the requirements described above, provide a mechanism by which Direct Participants will receive payments and will be able to transfer their interest in respect of the DTC Notes.

Purchases of DTC Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the DTC Notes on DTC's records. The ownership interest of each actual purchaser of each DTC Note ("**Beneficial Owner**") is in turn to be recorded on the Direct Participants and Indirect Participant's records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct Participant or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the DTC Notes are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in DTC Notes, except in the event that use of the book-entry system for the DTC Notes is discontinued.

To facilitate subsequent transfers, all DTC Notes deposited by Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be registered by an authorised representative of DTC. The deposit of DTC Notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the DTC Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such DTC Notes are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the DTC Notes within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to DTC Notes, unless authorised by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the DTC Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the DTC Notes will be made to Cede & Co., or such other nominee as may be requested by an authorised representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Issuer or the relevant agent (or such other nominee as may be requested by an authorised representative of DTC) on the due date for payment in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participant and not of DTC or the Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to DTC is the responsibility of the Issuer, disbursement of such payments to Direct Participants is the responsibility of DTC, and disbursement of such payments to the Beneficial Owners is the responsibility of Direct Participants and Indirect Participants.

Under certain circumstances, including if there is an Event of Default under the Notes, DTC will exchange the DTC Notes for definitive Registered Notes, which it will distribute to its Participants in accordance with their proportionate entitlements and which, if representing interests in a Rule 144A Global Note, will be legended as set forth under "*Subscription and Sale and Transfer and Selling Restrictions*".

DTC may discontinue providing its services as depository with respect to the DTC Notes at any time by giving reasonable notice to the Issuer or the relevant agent. Under such circumstances, in the event that a successor depository is not obtained, DTC Note Certificates are required to be printed and delivered.

The Issuer may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, DTC Note Certificates will be printed and delivered to DTC.

Since DTC may only act on behalf of Direct Participants, who in turn act on behalf of Indirect Participants, any Owner desiring to pledge DTC Notes to persons or entities that do not participate in DTC, or otherwise take actions with respect to such DTC Notes, will be required to withdraw its Registered Notes from DTC as described below.

Euroclear and Clearstream, Luxembourg

Euroclear and Clearstream, Luxembourg have advised the Issuer that each holds securities for its customers and facilitates the clearance and settlement of securities transactions by electronic book-entry transfer between their respective accountholders. Euroclear and Clearstream, Luxembourg provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream, Luxembourg also deal with domestic securities markets in several countries through established depository and custodial relationships. Euroclear and Clearstream, Luxembourg have established an electronic bridge between their two systems across which their respective participants may settle trades with each other.

Euroclear and Clearstream, Luxembourg customers are world-wide financial institutions, including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to Euroclear and Clearstream, Luxembourg is available to other institutions that clear through or maintain a custodial relationship with an accountholder of either system.

BOOK-ENTRY OWNERSHIP OF AND PAYMENTS IN RESPECT OF DTC NOTES

The Issuer may apply to DTC in order to have any Tranche of Notes represented by a Registered Global Note accepted in its book-entry settlement system. Upon the issue of any such Registered Global Note, DTC or its custodian will credit, on its internal book-entry system, the respective nominal amounts of the individual beneficial interests represented by such Registered Global Note to the accounts of persons who have accounts with DTC. Such accounts initially will be designated by or on behalf of the relevant Dealer. Ownership of beneficial interests in such a Registered Global Note will be limited to Direct Participants or Indirect Participants, including, in the case of any Regulation S Global Note, the respective depositaries of Euroclear and Clearstream, Luxembourg. Ownership of beneficial interests in a Registered Global Note accepted by DTC will be shown on, and the transfer of such ownership will be effected only through, records maintained by DTC or its nominee (with respect to the interests of Direct Participants) and the records of Direct Participants (with respect to interests of Indirect Participants).

Payments in U.S. dollars of principal and interest in respect of a Registered Global Note accepted by DTC will be made to the order of DTC or its nominee as the registered holder of such Note. In the case of any payment in a currency other than U.S. dollars, payment will be made to the Exchange Agent on behalf of DTC or its nominee and the Exchange Agent will (in accordance with instructions received by it) remit all or a portion of such payment for credit directly to the beneficial holders of interests in the Registered Global Note in the currency in which such payment was made and/or cause all or a portion of such payment to be converted into U.S. dollars and credited to the applicable Participants' account.

The Issuer expects DTC to credit accounts of Direct Participants on the applicable payment date in accordance with their respective holdings as shown in the records of DTC unless DTC has reason to believe that it will not receive payment on such payment date. The Issuer also expects that payments by Participants to beneficial owners of Notes will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers, and will be the responsibility of such Participant and not the responsibility of DTC, the Principal Paying Agent, the Registrar or the Issuer. Payment of principal, premium, if any, and interest, if any, on Notes to DTC is the responsibility of the Issuer and Guarantor (if applicable).

TRANSFERS OF NOTES REPRESENTED BY REGISTERED GLOBAL NOTES

Transfers of any interests in Notes represented by a Registered Global Note within DTC, Euroclear and Clearstream, Luxembourg will be effected in accordance with the customary rules and operating procedures of the relevant clearing system. The laws in some States within the United States require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to transfer Notes represented by a Registered Global Note to such persons may depend upon the ability to exchange such Notes for Notes in definitive form. Similarly, because DTC can only act on behalf of Direct Participants in the DTC system who in turn act on behalf of Indirect Participants, the ability of a person having an interest in Notes represented by a Registered Global Note accepted by DTC to pledge such Notes to persons or entities that do not participate in the DTC system or otherwise to take action in respect of such Notes may depend upon the ability to exchange such Notes for Notes in definitive form. The ability of any holder of Notes represented by a Registered Global Note accepted by DTC to resell, pledge or otherwise transfer such Notes may be impaired if the proposed transferee of such Notes is not eligible to hold such Notes through a direct or indirect participant in the DTC system.

Subject to compliance with the transfer restrictions applicable to the Registered Notes described under "*Subscription and Sale and Transfer and Selling Restrictions*", cross-market transfers between DTC, on the one hand, and directly or indirectly through Clearstream, Luxembourg or Euroclear accountholders, on the other hand, will be effected by the relevant clearing system in accordance with its rules and through action taken by the Registrar, the Principal Paying Agent and any custodian ("**Custodian**") with whom the relevant Registered Global Notes have been deposited.

On or after the Issue Date for any Series, transfers of Notes of such Series between accountholders in Clearstream, Luxembourg and Euroclear and transfers of Notes of such Series between participants in DTC will generally have a settlement date three business days after the trade date (T+3). The customary arrangements for delivery versus payment will apply to such transfers.

Cross-market transfers between accountholders in Clearstream, Luxembourg or Euroclear and DTC participants will need to have an agreed settlement date between the parties to such transfer. Because there

is no direct link between DTC, on the one hand, and Clearstream, Luxembourg and Euroclear, on the other, transfers of interests in the relevant Registered Global Notes will be effected through the Registrar, the Principal Paying Agent and the Custodian receiving instructions (and, where appropriate, certification) from the transferor and arranging for delivery of the interests being transferred to the credit of the designated account for the transferee. In the case of cross-market transfers, settlement between Euroclear or Clearstream, Luxembourg accountholders and DTC participants cannot be made on a delivery versus payment basis. The securities will be delivered on a free delivery basis and arrangements for payment must be made separately.

DTC, Clearstream, Luxembourg and Euroclear have each published rules and operating procedures designed to facilitate transfers of beneficial interests in Registered Global Notes among participants and accountholders of DTC, Clearstream, Luxembourg and Euroclear. However, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued or changed at any time. None of the Issuer, the Guarantors, the Trustee, the Agents or any Dealer will be responsible for any performance by DTC, Clearstream, Luxembourg or Euroclear or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations and none of them will have any liability for any aspect of the records relating to or payments made on account of beneficial interests in the Notes represented by Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial interests.

THE CAYMAN ISLANDS

The following is a discussion on certain Cayman Islands income tax consequences of an investment in the Notes. The discussion is a general summary of present law, which is subject to prospective and retroactive change. It is not intended as tax advice, does not consider any investor's particular circumstances and does not consider tax consequences other than those arising under Cayman Islands law.

The Cayman Islands currently have no income, corporation or capital gains tax and no estate duty, inheritance or gift tax.

Subject as set out below, no capital or stamp duties are levied in the Cayman Islands on the issue, transfer or redemption of the Notes. An instrument transferring title to any Notes, if brought to or executed in the Cayman Islands, would be subject to Cayman Islands stamp duty. An annual registration fee is payable by the Issuer to the Cayman Islands Registrar of Companies which is calculated by reference to the nominal amount of its authorised capital. At current rates, this annual registration fee is approximately U.S.\$854. The foregoing is based on current law and practice in the Cayman Islands and this is subject to change therein.

UNITED ARAB EMIRATES

The following summary of the anticipated tax treatment in the UAE in relation to payments on the Notes is based on the taxation law in force as at the date of this Base Prospectus, and does not constitute legal or tax advice. Prospective investors should be aware that the relevant fiscal rules and practice and their interpretation may change.

There is currently in force in the legislation of certain Emirates a general corporate taxation regime (such as the Sharjah Income Tax Act of 1968 (as amended), the Fujairah Income Tax Decree of 1966 (as amended), the Abu Dhabi Income Tax Decree 1965 (as amended) and the Dubai Income Tax Decree 1969 (as amended)). The regime is, however, not enforced save in respect of companies active in the oil industry and some related service industries. It is not known whether the legislation will or will not be enforced more generally or within other industry sectors in the future. Branches of foreign banks operating in the UAE are also taxed under specific regulations at the Emirates level. Under current legislation, there is no requirement for withholding or deduction for or on account of taxation in the UAE in respect of payments made under the Guarantee. In the event of the imposition of any such withholding, the Guarantors have undertaken to gross-up any payments subject to certain limited exceptions.

The Constitution of the UAE specifically reserves to the Federal Government of the UAE the right to raise taxes on a federal basis for purposes of funding its budget. It is not known whether this right will be exercised in the future, and how any future federal tax laws will interact with the ones existing in the Emirates.

The UAE has entered into double taxation arrangements with certain other countries.

THE PROPOSED FINANCIAL TRANSACTIONS TAX

On 14 February 2013, the European Commission published a proposal (the "**Commission's proposal**") for a directive for a common financial transaction tax ("**FTT**") in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**participating Member States**"). However, Estonia has since stated that it will not participate.

The Commission's proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission's proposal, the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including: (a) by transacting with a person established in a participating Member State; or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

FATCA

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a "foreign financial institution" may be required to withhold on certain payments it makes ("**foreign passthru payments**") to persons that fail to meet certain certification, reporting, or related requirements. The Issuer may be a foreign financial institution for these purposes. A number of jurisdictions (including the United Kingdom) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA ("**IGAs**"), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to the date that is two years after the date on which final regulations defining "foreign passthru payment" are published in the U.S. Federal Register and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining "foreign passthru payments" are published generally would be "grandfathered" for purposes of FATCA withholding unless materially modified after such date. However, if additional notes (as described under "*Terms and Conditions – Further Issues*") that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisers regarding how these rules may apply to their investment in the Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

SUBSCRIPTION AND SALE AND TRANSFER AND SELLING RESTRICTIONS

The Dealers have, in an amended and restated programme agreement dated 31 March 2021 (the "**Programme Agreement**"), agreed with the Issuer and the Guarantors a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under "*Form of the Notes*" and "*Terms and Conditions of the Notes*". In the Programme Agreement, the Issuer (failing which, each Guarantor) has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment and any future update of the Programme and the issue of Notes under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith.

In order to facilitate the offering of any Tranche of the Notes, certain persons participating in the offering of the Tranche may engage in transactions that stabilise, maintain or otherwise affect the market price of the relevant Notes during and after the offering of the Tranche. Specifically such persons may over-allot or create a short position in the Notes for their own account by selling more Notes than have been sold to them by the Issuer. Such persons may also elect to cover any such short position by purchasing Notes in the open market. In addition, such persons may stabilise or maintain the price of the Notes by bidding for or purchasing Notes in the open market and may impose penalty bids, under which selling concessions allowed to syndicate members or other broker-dealers participating in the offering of the Notes are reclaimed if Notes previously distributed in the offering are repurchased in connection with stabilisation transactions or otherwise. The effect of these transactions may be to stabilise or maintain the market price of the Notes at a level above that which might otherwise prevail in the open market. The imposition of a penalty bid may also affect the price of the Notes to the extent that it discourages resales thereof. No representation is made as to the magnitude or effect of any such stabilising or other transactions. Such transactions, if commenced, may be discontinued at any time. Under United Kingdom laws and regulations stabilising activities may only be carried on by the Stabilisation Manager(s) named in the relevant subscription agreement (or persons acting on behalf of any Stabilisation Manager(s)) and only for a limited period following the Issue Date of the relevant Tranche of Notes.

TRANSFER RESTRICTIONS

As a result of the following restrictions, purchasers of Notes who are in the United States or who are U.S. persons (as defined in Regulation S) are advised to consult legal counsel prior to making any purchase, offer, sale, resale or other transfer of such Notes.

Each purchaser of Registered Notes (other than a person purchasing an interest in a Registered Global Note with a view to holding it in the form of an interest in the same Global Note) or person wishing to transfer an interest from one Registered Global Note to another or from global to definitive form or *vice versa*, will be required to acknowledge, represent and agree, and each person purchasing an interest in a Registered Global Note with a view to holding it in the form of an interest in the same Global Note will be deemed to have acknowledged, represented and agreed, as follows (terms used in this paragraph that are defined in Rule 144A or in Regulation S are used herein as defined therein):

- (a) that either: (i) it is a QIB, purchasing (or holding) the Notes for its own account or for the account of one or more QIBs and it is aware that any sale to it is being made in reliance on Rule 144A or (ii) it is an Institutional Accredited Investor which has delivered an IAI Investment Letter or (iii) it is outside the United States and is not a U.S. person;

- (d) that, unless it holds an interest in a Regulation S Global Note and either is a person located outside the United States or is not a U.S. person, if in the future it decides to resell, pledge or otherwise transfer the Notes or any beneficial interests in the Notes, it will do so, prior to the expiration of the applicable required holding period determined pursuant to Rule 144 of the Securities Act from

the later of the last Issue Date for the Series and the last date on which the Issuer or an affiliate of the Issuer was the owner of such Notes, only (i) to the Issuer or any affiliate thereof, (ii) inside the United States to a person whom the seller reasonably believes is a QIB purchasing for its own account or for the account of a QIB in a transaction meeting the requirements of Rule 144A, (iii) outside the United States in compliance with Rule 903 or Rule 904 under the Securities Act, (iv) pursuant to the exemption from registration provided by Rule 144 under the Securities Act (if available) or (v) pursuant to an effective registration statement under the Securities Act, in each case in accordance with all applicable U.S. State securities laws;

- (g) that the Notes in registered form, other than the Regulation S Global Notes, will bear a legend to the following effect unless otherwise agreed to by the Issuer:

"NEITHER THIS SECURITY NOR THE GUARANTEE THEREOF HAS BEEN OR WILL BE REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**"), OR ANY OTHER APPLICABLE U.S. STATE SECURITIES LAWS AND, ACCORDINGLY, THIS SECURITY MAY NOT BE OFFERED OR SOLD WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS EXCEPT AS SET FORTH IN THE FOLLOWING SENTENCE. BY ITS ACQUISITION HEREOF, THE HOLDER (A) REPRESENTS THAT (1) IT IS A "QUALIFIED INSTITUTIONAL BUYER" (AS DEFINED IN RULE 144A UNDER THE SECURITIES ACT) PURCHASING THE SECURITIES FOR ITS OWN ACCOUNT OR FOR THE ACCOUNT OF ONE OR MORE QUALIFIED INSTITUTIONAL BUYERS IN A MINIMUM PRINCIPAL AMOUNT OF U.S.\$200,000 (OR THE EQUIVALENT AMOUNT IN A FOREIGN CURRENCY) OR (2) IT IS AN INSTITUTIONAL "ACCREDITED INVESTOR" (AS DEFINED IN RULE 501(A)(1), (2), (3) OR (7) UNDER THE SECURITIES ACT) (AN "**INSTITUTIONAL ACCREDITED INVESTOR**"); (B) AGREES THAT IT WILL NOT RESELL OR OTHERWISE TRANSFER THE SECURITIES EXCEPT IN ACCORDANCE WITH THE AGENCY AGREEMENT AND, PRIOR TO THE DATE WHICH IS ONE YEAR AFTER THE LATER OF THE LAST ISSUE DATE FOR THE SERIES AND THE LAST DATE ON WHICH THE ISSUER OR AN AFFILIATE OF THE ISSUER WAS THE OWNER OF SUCH SECURITIES OTHER THAN (1) TO THE ISSUER OR ANY AFFILIATE THEREOF, (2) INSIDE THE UNITED STATES TO A PERSON WHOM THE SELLER REASONABLY BELIEVES IS A QUALIFIED INSTITUTIONAL BUYER WITHIN THE MEANING OF RULE 144A UNDER THE SECURITIES ACT PURCHASING FOR ITS OWN ACCOUNT OR FOR THE ACCOUNT OF A QUALIFIED INSTITUTIONAL BUYER IN A TRANSACTION MEETING THE REQUIREMENTS OF RULE 144A, (3) OUTSIDE THE UNITED STATES IN COMPLIANCE WITH RULE 903 OR RULE 904 UNDER THE SECURITIES ACT, (4) PURSUANT TO THE EXEMPTION FROM REGISTRATION PROVIDED BY RULE 144 UNDER THE SECURITIES ACT (IF AVAILABLE) OR (5) PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER THE SECURITIES ACT, IN EACH CASE IN ACCORDANCE WITH ALL APPLICABLE SECURITIES LAWS OF THE STATES OF THE UNITED STATES AND ANY OTHER JURISDICTION; AND (C) IT AGREES THAT IT WILL DELIVER TO EACH PERSON TO WHOM THIS SECURITY IS TRANSFERRED A NOTICE SUBSTANTIALLY TO THE EFFECT OF THIS LEGEND. NO REPRESENTATION CAN BE MADE AS TO THE AVAILABILITY OF THE EXEMPTION PROVIDED BY RULE 144A FOR RESALES OF THE SECURITY.

THIS SECURITY AND RELATED DOCUMENTATION (INCLUDING, WITHOUT LIMITATION, THE AGENCY AGREEMENT REFERRED TO HEREIN) MAY BE AMENDED OR SUPPLEMENTED FROM TIME TO TIME, WITHOUT THE CONSENT OF, BUT UPON NOTICE TO, THE HOLDERS OF SUCH SECURITIES SENT TO THEIR REGISTERED ADDRESSES, TO MODIFY THE RESTRICTIONS ON AND PROCEDURES FOR REALES AND OTHER TRANSFERS OF THIS SECURITY TO REFLECT ANY

CHANGE IN APPLICABLE LAW OR REGULATION (OR THE INTERPRETATION THEREOF) OR IN PRACTICES RELATING TO REALES OR OTHER TRANSFERS OF RESTRICTED SECURITIES GENERALLY. THE HOLDER OF THIS SECURITY SHALL BE DEEMED, BY ITS ACCEPTANCE OR PURCHASE HEREOF, TO HAVE AGREED TO ANY SUCH AMENDMENT OR SUPPLEMENT (EACH OF WHICH SHALL BE CONCLUSIVE AND BINDING ON THE HOLDER HEREOF AND ALL FUTURE HOLDERS OF THIS SECURITY AND ANY SECURITIES ISSUED IN EXCHANGE OR SUBSTITUTION THEREFOR, WHETHER OR NOT ANY NOTATION THEREOF IS MADE HEREON).";

- (h) that the Notes in registered form which are registered in the name of a nominee of DTC will bear an additional legend to the following effect unless otherwise agreed to be the Issuer:

"UNLESS THIS GLOBAL SECURITY IS PRESENTED BY AN AUTHORISED REPRESENTATIVE OF THE DEPOSITORY TRUST COMPANY, A NEW YORK CORPORATION, ("DTC"), TO THE ISSUER OR ITS AGENT FOR REGISTRATION OF TRANSFER, EXCHANGE OR PAYMENT, AND ANY REGISTERED SECURITY ISSUED IN EXCHANGE FOR THIS GLOBAL SECURITY OR ANY PORTION HEREOF IS REGISTERED IN THE NAME OF CEDE & CO. THIS GLOBAL SECURITY MAY NOT BE EXCHANGED, IN WHOLE OR IN PART, FOR A SECURITY REGISTERED IN THE NAME OF ANY PERSON OTHER THAN DTC OR A NOMINEE THEREOF EXCEPT IN THE LIMITED CIRCUMSTANCES SET FORTH IN THIS GLOBAL SECURITY, AND MAY NOT BE TRANSFERRED, IN WHOLE OR IN PART, EXCEPT IN ACCORDANCE WITH THE RESTRICTIONS SET FORTH IN THIS LEGEND. BENEFICIAL INTERESTS IN THIS GLOBAL SECURITY MAY NOT BE TRANSFERRED EXCEPT IN ACCORDANCE WITH THIS LEGEND."

- (i) if it is outside the United States and is not a U.S. person, that if it should resell or otherwise transfer the Notes prior to the expiration of the distribution compliance period (defined as 40 days after the later of the commencement of the offering and the closing date with respect to the original issuance of each Tranche of the Notes), it will do so only (i)(A) outside the United States in compliance with Rule 903 or 904 under the Securities Act or (B) to a QIB in compliance with Rule 144A and (ii) in accordance with all applicable U.S. State securities laws; and it acknowledges that the Regulation S Global Notes will bear a legend to the following effect unless otherwise agreed to by the Issuer:

"THIS SECURITY AND ANY GUARANTEE HEREOF HAS NOT BEEN AND WILL NOT BE REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**"), OR ANY OTHER APPLICABLE U.S. STATE SECURITIES LAWS AND, ACCORDINGLY, MAY NOT BE OFFERED OR SOLD WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS EXCEPT IN ACCORDANCE WITH THE AGENCY AGREEMENT AND PURSUANT TO AN EXEMPTION FROM REGISTRATION UNDER THE SECURITIES ACT OR PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER THE SECURITIES ACT. THIS LEGEND SHALL CEASE TO APPLY UPON THE EXPIRY OF THE PERIOD OF 40 DAYS AFTER THE COMPLETION OF THE DISTRIBUTION OF ALL THE NOTES OF THE TRANCHE OF WHICH THIS NOTE FORMS PART."; and

- (j) that the Issuer and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements and agrees that if any of such acknowledgements, representations or agreements made by it are no longer accurate, it shall promptly notify the Issuer; and if it is acquiring any Notes as a fiduciary or agent for one or more accounts it represents that it has sole investment discretion with respect to each such account and that it has full power to make the foregoing acknowledgements, representations and agreements on behalf of each such account.

Institutional Accredited Investors who purchase Registered Notes in definitive form offered and sold in the United States in reliance upon the exemption from registration provided by the Securities Act are required to execute and deliver to the Registrar an IAI Investment Letter. Upon execution and delivery of an IAI Investment Letter by an Institutional Accredited Investor, Notes will be issued in definitive registered form, see "*Form of the Notes*".

The IAI Investment Letter will state, among other things, the following:

- (a) that the Institutional Accredited Investor has received a copy of the Base Prospectus and such other information as it deems necessary in order to make its investment decision;
- (b) that the Institutional Accredited Investor understands that the Notes are being offered and sold in a transaction not involving a public offering in the United States within the meaning of the Securities Act, and that the Notes have not been and will not be registered under the Securities Act or any other applicable U.S. State securities laws and that any subsequent transfer of the Notes is subject to certain restrictions and conditions set forth in the Base Prospectus and the Notes (including those set out above) and that it agrees to be bound by, and not to resell, pledge or otherwise transfer the Notes except in compliance with, such restrictions and conditions and the Securities Act;
- (c) that, in the normal course of its business, the Institutional Accredited Investor invests in or purchases securities similar to the Notes;
- (d) that the Institutional Accredited Investor is an "accredited investor" within the meaning of Rule 501(a)(1), (2), (3) or (7) of Regulation D under the Securities Act that is an institution and has such knowledge and experience in financial and business matters as to be capable of evaluating the merits and risks of its investment in the Notes, and it and any accounts for which it is acting are each able to bear the economic risk of its or any such accounts' investment for an indefinite period of time;
- (e) that the Institutional Accredited Investor is acquiring the Notes purchased by it for its own account or for one or more accounts (each of which is an Institutional Accredited Investor) as to each of which it exercises sole investment discretion and not with a view to any distribution of the Notes, subject, nevertheless, to the understanding that the disposition of its property shall at all times be and remain within its control; and
- (f) that, in the event that the Institutional Accredited Investor purchases Notes, it will acquire Notes having a minimum purchase price of at least U.S.\$500,000 (or the approximate equivalent in another Specified Currency).

No sale of Legended Notes in the United States to any one purchaser will be for less than U.S.\$200,000 (or its foreign currency equivalent) principal amount or, in the case of sales to Institutional Accredited Investors, U.S.\$500,000 (or its foreign currency equivalent) principal amount and no Legended Note will be issued in connection with such a sale in a smaller principal amount. If the purchaser is a non-bank fiduciary acting on behalf of others, each person for whom it is acting must purchase at least U.S.\$200,000 (or its foreign currency equivalent) or, in the case of sales to Institutional Accredited Investors, U.S.\$500,000 (or its foreign currency equivalent) principal amount of Registered Notes.

SELLING RESTRICTIONS

United States

Neither the Notes nor the Guarantee have been nor will be registered under the U.S. Securities Act of 1933 as amended (the "**Securities Act**"), and the Notes may not be offered or sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined by Regulation S under the Securities Act ("**Regulation S**")) except in accordance with Regulation S or pursuant to an exemption from the registration requirement of the Securities Act. Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree that, except as permitted by the Programme Agreement, it will not offer, sell or deliver any Notes (a) as part of their distribution at any time or (b) otherwise until 40 days after the completion of the distribution of all Notes of the Tranche of which such Notes are a part, within the United States, or for the account or benefit of, U.S. persons, other than pursuant to Regulation S, and such Dealer will have sent to each dealer to which it sells Notes during

the distribution compliance period relating thereto, a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Each Dealer who purchases Notes (or in the case of a sale of Notes issued to or through more than one Dealer, each of such Dealers as to the Notes to be purchased by or through it, or, in the syndicated issue, the relevant lead manager) shall determine and certify to the Principal Paying Agent the completion of the distribution of such Notes. On the basis of such notification or notifications, the Principal Paying Agent has agreed to notify such Dealer/lead manager of the end of the distribution compliance period with respect to such Notes.

Terms used in the paragraph above have the meaning given to them by Regulation S.

In addition, until 40 days after the commencement of the offering of Notes comprising any Tranche, any offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Bearer Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and regulations thereunder.

In respect of Bearer Notes where TEFRA D is specified in the applicable Final Terms each Dealer will be required to represent, undertake and agree (and each additional Dealer appointed under the Programme will be required to represent, undertake and agree) that:

- (a) except to the extent permitted under U.S. Treasury Regulations Section 1.163-5(c)(2)(i)(D) (or any substantially identical successor U.S. Treasury Regulation section, including, without limitation, substantially identical successor regulations issued in accordance with Internal Revenue Service Notice 2012-20 or otherwise in connection with the United States Hiring Incentive to Restore Employment Act of 2010) (the "**D Rules**"), (i) that it has not offered or sold, and during the restricted period it will not offer or sell, Bearer Notes to a person who is within the United States or its possessions or to a United States person, and (ii) that it has not delivered and it will not deliver within the United States or its possessions definitive Bearer Notes that are sold during the restricted period;
- (b) it has and throughout the restricted period it will have in effect procedures reasonably designed to ensure that its employees or agents who are directly engaged in selling Bearer Notes are aware that such Notes may not be offered or sold during the restricted period to a person who is within the United States or its possessions or to a United States person, except as permitted by the D Rules;
- (c) if it is a United States person, it is acquiring Bearer Notes for purposes of resale in connection with their original issuance and if it retains Bearer Notes for its own account, it will only do so in accordance with the requirements of U.S. Treasury Regulation Section 1.163-5(c)(2)(i)(D)(6) (or any substantially identical successor U.S. Treasury Regulation section, including, without limitation, regulations issued in accordance with Internal Revenue Service Notice 2012-20 or otherwise in connection with the United States Hiring Incentive to Restore Employment Act of 2010);
- (d) with respect to each affiliate that acquires Bearer Notes from a Dealer for the purpose of offering or selling such Notes during the restricted period, such Dealer repeats and confirms the representations and agreements contained in subparagraphs (a), (b) and (c) on such affiliate's behalf; and
- (e) it will obtain from any distributor (within the meaning of U.S. Treasury Regulation Section 1.163-5(c)(2)(i)(D)(4)(ii)) (or any substantially identical successor U.S. Treasury Regulation section, including, without limitation, substantially identical successor regulations issued in accordance with Internal Revenue Service Notice 2012-20 or otherwise in connection with the United States Hiring Incentive to Restore Employment Act of 2010) that purchases any Bearer Notes from it pursuant to a written contract with such Dealer (except a distributor that is one of its affiliates or is another Dealer), for the benefit of the Issuer and each other Dealer, the representations contained in, and such distributor's agreement to comply with, the provisions of subparagraphs (a), (b), (c)

and (d) of this paragraph insofar as they relate to the D Rules, as if such distributor were a Dealer hereunder.

Terms used in this paragraph have the meanings given to them by the Code and Treasury regulations thereunder, including the D Rules.

In respect of Bearer Notes where TEFRA C is specified in the applicable Final Terms, the relevant Dealer will be required to represent and agree that:

- (a) it has not offered, sold or delivered, and will not offer, sell or deliver, directly or indirectly, any Notes within the United States or its possessions in connection with the original issuance of the Bearer Notes; and
- (b) in connection with the original issuance of the Bearer Notes it has not communicated, and will not communicate, directly or indirectly, with a prospective purchaser if such prospective purchaser is within the United States or its possessions and will not otherwise involve the United States office of such Dealer in the offer and sale of the Bearer Notes.

Dealers may arrange for the resale of Notes to QIBs pursuant to Rule 144A and each such purchaser of Notes is hereby notified that the Dealers may be relying on the exemption from the registration requirements of the Securities Act provided by Rule 144A. The minimum aggregate principal amount of Notes which may be purchased by a QIB pursuant to Rule 144A is U.S.\$200,000 (or the approximate equivalent thereof in any other currency). To permit compliance with Rule 144A in connection with any resales or other transfers of Notes that are "restricted securities" within the meaning of the Securities Act, the Issuer and each the Guarantors have undertaken in the Trust Deed to furnish, upon the request of a holder of such Notes or any beneficial interest therein, to such holder or to a prospective purchaser designated by him, the information required to be delivered under Rule 144A(d)(4) under the Securities Act if, at the time of the request, any of the Notes remain outstanding as "restricted securities" within the meaning of Rule 144(a)(3) of the Securities Act and none of the Issuer or the Guarantors is a reporting company under Section 13 or 15(d) of the Exchange Act or exempt from reporting pursuant to Rule 12g3-2(b) thereunder.

relevant Dealer or Dealers nominated by the Issuer and the Guarantors (if applicable) for any such offer; or

- (c) at any time in any other circumstances falling within section 86 of the FSMA,

provided that no such offer of Notes referred to above shall require the Issuer and the Guarantors or any Dealer to publish a prospectus pursuant to Section 85 of the FSMA or supplement a prospectus pursuant to Article 23 of the UK Prospectus Regulation.

For the purposes of this provision, the expression "**an offer of Notes to the public**" in relation to any Notes means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for Notes and the expression "**UK Prospectus Regulation**" for the purposes of this paragraph means Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of EUWA.

Kingdom of Saudi Arabia

No action has been or will be taken in the Kingdom of Saudi Arabia that would permit a public offering of the Notes. Any investor in the Kingdom of Saudi Arabia or who is a Saudi person (a "**Saudi Investor**") who acquires any Notes pursuant to an offering should note that the offer of Notes is a private placement under Article 9 or Article 10 of the "Rules on the Offer of Securities and Continuing Obligations" as issued by the Board of the Capital Market Authority (the "**CMA**") resolution number 3-123-2017 dated 27 December 2017, as amended (the "**KSA Regulations**"), made through an authorised person licenced to carry out arranging activities by the CMA and following a notification to the CMA under Article 11 of the KSA Regulations.

The Notes may thus not be advertised, offered or sold to any person in the Kingdom of Saudi Arabia other than to sophisticated investors under Article 9 of the KSA Regulations or by way of a limited offer under Article 10 of the KSA Regulations. Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree, that any offer of Notes to a Saudi Investor will be made in compliance with Article 11 and either 9 or Article 10 of the KSA Regulations.

Each offer of Notes shall not therefore constitute a "public offer", an "exempt offer" or a "parallel market offer" pursuant to the KSA Regulations, but is subject to the restrictions on secondary market activity under Article 15 of the KSA Regulations. Any Saudi Investor who has acquired Notes pursuant to a private placement under Article 9 or Article 10 of the KSA Regulations may not offer or sell those Notes to any person unless the offer or sale is made through an authorised person appropriately licenced by the CMA and: (a) the Notes are offered or sold to a Sophisticated Investor (as defined in Article 9 of the KSA Regulations); (b) the price to be paid for the Notes in any one transaction is equal to or exceeds Saudi Riyals 1 million or an equivalent amount; or (c) the offer of sale is otherwise in compliance with Article 15 of the KSA Regulations.
